

to \$55 and common to medium at \$25 to \$35 each. Veal calves have been on the market in liberal supply though prices kept up well. On Thursday calves sold at \$35 to \$50.00 with a few picked lots going at \$6 to \$5.50 a cwt. At Buffalo veals are quoted at \$4 to \$5.25 a cwt.

Owing to the larger run sheep sold a little lower at the end of the week. On Thursday heavy carns sold at \$5 to \$6.00 light ewes at \$4 to \$4.50; rams at \$3 to \$3.50 a cwt. Spring lambs hold steady in price at \$5 to \$6.00 and \$5 to \$6.50 a cwt. Should heavy receipts come in this week a further decline is expected.

The hog market was somewhat higher than at some advance in price. At the city market on Thursday quotations were \$7.00 to \$7.65 a cwt for cars at country points and \$7.50 fed and watered on the market here. A year ago hogs fed and watered sold at \$6.50 a cwt. Prices at Buffalo were sold at \$6.25 a cwt. Prices at Buffalo were sold in Toronto. Quotations on Thursday were: Heavy hogs, \$8.10 to \$8.25; mixed, \$8.10 to \$8.25; Yorkers, \$7.50 to \$8.25; and dairies at \$7.50 to \$8.15 a cwt. The market here is firm, and the indications are that at least present prices will rule this week.

The Trade Bulletin's London cable quotes bacon as follows: "The market is weak and declining. Canadian bacon 65¢ to 70¢."

ONION STOCK YARDS PRICES
Toronto, Monday, June 23.—Receipts of live stock at the Yards Street market this morning comprised 54 cars, consisting of 1153 cattle, 5 hogs, 175 sheep and lambs and 12 cwt. of cheese. The market for cattle generally was good, especially for exporters. Trade was quiet. Small fed cattle from York, \$1.30 to \$1.40; heavy cattle, \$1.50 to \$1.60; export bullocks, \$1.55 to \$1.85; export cows, \$5 to \$5.30. Prime pickled hams of butters, \$7.25 to \$8.25; good butchers, \$4.50 to \$5.75 to \$6; to \$6.50; common, \$4.75 to \$5.15; butts, \$4 to \$5.50 each. Very few were of good quality. Calves, \$3 to \$3.50 a cwt.; heavy fat butts, \$5 to \$6; light export ewes, \$4 to \$4.50; rams, \$3 to \$3.50; spring lambs sold at \$4 to \$4.50 a cwt. The hog market was firm, \$7.50 to \$7.65 a cwt. and watered on the market to drovers at country points. The outlook is for lower prices for grass fed cattle.

PETERBORO HOG MARKET
Peterboro, Monday, June 21.—Danish hogs delivered on the English markets here, totalled 35,000. The demand for bacon in the old country was better, was two shillings lower. The George Matthews Co., quote the following prices for this week: Fat hogs, \$16.00 to \$17.00; weighed off cars, \$8.15 a cwt; delivered at abattoir, \$7.75 a cwt.

MONTREAL HOG MARKET
Montreal, Saturday, June 19th.—The demand for live hogs has been solid this week and fully equal to the supplies, which were rather light, and seem likely to continue for some time to come. The offerings this week were quickly picked up at \$2.25 to \$2.50 a cwt for selected lota weighed off cars, in occasional lot fetching a fraction more. Fat dressed hogs are firm and selling freely at \$1.25 a cwt for fresh killed abattoir stock.

EXPORT BUTTER AND CHEESE
Montreal, Saturday, June 19th.—The market for cheese has been firmly maintained at the lower level reached at the opening markets of the week in the Belleville district where the offerings were solid on

Tuesday at 11 9/16 to 11 13/16 a lb. The bulk of the cheese offered in the country this week sold at 12 1/2 to 13 1/2 cts. with a few lots fetched as high as 13 1/2 cts. There has been a good demand for export although the volume was not quite equal to that of last week, which left our market pretty bare of stock last week end. This week however, it was sufficient to absorb the increased receipts, and there is probably 20,000 boxes of cheese left here. The outlook is not at all encouraging in the face of the accumulating stocks and increasing prices, and unless there is a decided improvement in the demand for export, prices next week will probably rule even lower than this week, although they are not likely to go much below 12 1/2 cts. The British trade seems to be prepared to purchase Canadian cheese for cold storage purposes at about the same price.

The market for butter is very firm, and prices have been well maintained at the high level reached last week, and to-day's country markets report a slight further advance, the offerings at Cowanville being all sold at 23¢ a lb. at factories. Throughout the week considerable business has been done at about 23¢ for Eastern Toronto creamery, with other sections of Quebec at 22 1/2 to 23 1/2¢. Dairy butter is not plentiful and is selling at about 13¢ a lb. About 1600 packages of butter were shipped from this port this week as the result of the good demand for butter that came on last week before the advance in price had been made. Very little doing since, the trade on the advanced price makes and they seem to be in the prospect of them coming on unless there is a shortage in the supply of butter from Europe, during the month of May. If there is no further demand for export we may see prices decline again to a lower level.

Started in Business

Last year we had the pleasure of sending to Master Ray E. Wells of British Columbia, two pure bred pigs for securing clubs of new subscribers for Farm and Dairy. Ray is a bright boy about ten years of age, and an excellent success in securing new subscribers for Farm and Dairy in British Columbia. In a letter recently received from Ray's father, he writes as follows: "We must thank Farm and Dairy for the excellent plan of a large piggy which you recently published. With the excellent plan of pigs that you sent our boy last year, and a piggy such as this, we will be well set up in the pig business."—A. C. Wells, New Westminster, B.C.
