

March 15, 1917.

and she is now owned by Mr. Julius Schmidt, of Montgomery, New York. In the senior two-year class of the eight months division, she placed 2<sup>nd</sup> with 20184, whose record began 364 days from freshening in 516 lbs. milk containing 16.63 lbs. fat. If computed on the 30 per cent. basis, the equivalent but for so far claimed for O. K. L. Pearl This would amount to 19.04 lbs.

**CRESCENT RIDGE SALE.**

One of the oldest herds in western Ontario will be disposed of by public auction on Mar. 21. Many of the public animals sold will have excellent records to their credit. But if it had not been for the serious illness and death of the Leuzler, this herd doubtless would have been intact for a number of years to come. Among the prominent animals to be offered is Lydia Korndyke DeKok 2nd, with a record of 14,471 lbs. of milk and 531 lbs. of butter in a year. She is a big, strong cow, seven years old, and has a 35.40 record in the seven-day division. She is a very persistent milker and breeder. She has given over 14,000 lbs. of milk for three years and dropped three single calves in 26 months. Her record of 15,445 lbs. of milk, an average test of 2.3 per cent. fat. She is of fair size and of extra good type, and a producer of money. Samantha Hengerveld is a big, rangy cow, with a two-year-old record of 11,672 lbs. of milk and 443 lbs. of butter. She also has a good seven-day record. One of the plums of the sale will be Johanna Fairmont Hengerveld 2nd, who has a two-year-old record of 11,235 lbs. milk and 475 lbs. of butter. She milked as high as 78 lbs. a day in her two-year-old record, and is a prominent cow for a 30-lb. record. She will be fresh about the time of the sale. Another cow of great promise and good quality is Inka Posch Hengerveld 3rd. She has a record of over 12,000 lbs. of milk and 528 lbs. of butter in R.O.P. but has never been tested for a shorter period. A splendid stock getter and a cow of good quality is found in Flossie Hengerveld 2nd, who has a two-year-old record of 11,235 lbs. milk and 475 lbs. of butter. Hengerveld (Gretel) is a cow of nice quality and splendid type. She is the dam of a beautiful heifer calf reflecting

all her good qualities. Betsy Pauline Artie is just coming and is an individual of good constitution and balance. She also has a heifer calf. A very straight, deep cow, of good length and capacity, that will be due to freshen in May, is found in Lynn's Lady Zeile. She has a two-year-old record of 13,520. A big, lengthy cow, of splendid proportions and good type, is found in Annabelle Colantha. She has a 25.32-lb. seven-day record. She is a cow of good type and quality, with indications of being a heavy milker. A heifer calf from her will also be sold. Canary Boss Vale DeKok is a splendid big cow, strong in all points and a good prospect for big records. Inka Mercedes Tolson has a 22.51 seven-day record and 41.16 14-day record. She is a big cow, with great capacity, being deep and roomy and of good type. The old foundation cow of the herd will also be sold. She is now 12 years old, and has been a very profitable animal. She is bred to freshen in May, and in the past has thrown a large number of heifer calves. She has a record of 13,825 lbs. of milk, with an average test of 2.5. Although Hollandje Altes DeKok is an aged cow, her calf, if it is a heifer, is well worth a good sum of money. One of the younger animals in milk is Bell Korndyke of Crescent Ridge. She is now carrying her second calf, and is a straight, deep heifer of great promise. She has a two-year-old record of 10,137 lbs. of milk, an average test of 2.6.

There will be quite a number of young heifers offered, bred by such animals as King Lyons Hengerveld, King Lyons Colantha, and the present herd sire, Crescent Ridge. These young animals are all big, strong, and well developed, showing great possibilities. There will also be offered seven bulls ready for service, all from the herd sire. Correct chance. They are truly individuals and from some of the best cows in the herd. Their breeding and individuality is good enough to head almost any herd in the country. Ten or a dozen calves will also be sold from this noted sire.

Crescent Ridge Farm is about two miles from Ratho station on the Grand Trunk line between Paris and Stratford. Connections can be made from either of those points, and all trains will meet at Ratho station.

**HERE'S A BARGAIN AT \$200**

One heifer 24 months old, guaranteed straight and sound. Her dam is a show cow with a record of 34.65 lbs. butter for 7 days. This heifer is heavy with calf to King Kegis Alcarita Calamity, the \$2,000 bull.

**THE ENTIRE HERD Exclusively Registered HOLSTEINS****AT PUBLIC AUCTION**

TUESDAY, MARCH 20  
at 12 Noon

|| GLENBRAE ||  
FARM || Richmond Hill, Ont.

My entire herd will go under the hammer. While so far I have not had the opportunity of doing much official testing, yet an indication of the producing ability of my herd is shown by one cow that has given 50 lbs. milk a day. She will freshen before sale. Three of her daughters are among the offer, under just average farm conditions. This animal is due to freshen 8th May. In the way of buyers, we have had the milk tested by the Farming Dairy, and several cows gave over 50% butter fat. In one year ten of my cows made me \$1,500.

Get a catalogue, and study the blood lines we offer. You will find the entire herd strong in the KING SEGIS breeding. The entire herd is the big strong utility type that will be an asset to any herd. A choice lot of calves are included in the sale, bred by a son of SIR LYONS HENGERVELD SEGIS. Write today for a catalogue, and attend this sale. Glenbrae Farm is reached by taking the Metropolitan car from North Toronto to Richmond Hill.

GEORGE HARDING GLENBRAE FARM  
Richmond Hill, Ont.

**DISPERSION SALE**

—OF—

**Registered Holsteins**

ST. JACOBS, ONT., Thursday, March 22, 1917.

Everything will be sold without reserve, as I am retiring from farming; also other farm stock and implements. Most of the young are sired by a brother to MAY ECHO SYLVIA. Others are sired by GRACE FAYNE 2ND SIR MERCENA.

GEORGE CLASS,

Auctioneer.

ABS. M. MARTIN,

St. Jacobs, Ont.

**LAKEVIEW HOLSTEINS**

Are still in the lead. The latest Holstein year book shows that they held 4 Canadian Records for butter, and Lakeview bulls have won all honors possible at both Toronto and London Exhibitions, 1915 and 1916. Now they are offering several richly bred young fellows that are looking forward to the fall fair, and we have decided to give \$25.00 in gold to the man that buys the 1917 winner.

Don't miss this opportunity. Act quick, and plan to spend a day at Lakeview Farm, Bronte, Ont. T. A. DAWSON, Mgr.

**RIVERSIDE HOLSTEINS**

For Sale, Choice Young Bulls, sired by grandson of Pontiac Korndyke, and a brother of Pontiac Korndyke, females bred to "King." J. W. RICHARDSON, CALEDONIA, ONT.
