

The Finest Blood of the Breed

60 HEAD will be offered 60 HEAD

AT THE
Fourth Annual **Brockville Sale, April 25**

In keeping with the high standard set for BROCKVILLE sales, we are this year offering some of the choicest that have ever been led into a sale ring. They are backed by the wonderful cows and sires for which the Brockville District is known throughout Canada. This season there will be also a selection from AVONDALE FARM, private sales from Avondale being so good as to leave too few animals for a separate sale. We therefore invite every admirer of choice Holsteins to be with us on April 25th. Especially attractive are the richly bred young sires. A few of the offerings are:

NORTH STAR FARM

J. W. STEWART
Lyn, Ont.

Sons and Daughters of Sir Waldorf Korndyke

This herd is backed by much of the richest blood in the herds of Canada and the United States. It includes a pair of splendid three-year-old daughters of KING SEGIS PONTIAC DUPLICATE, due to freshen about sale time. You cannot beat these. Look them up. A sample of choice conformation bull. Our sire offerings include a son of AVONDALE PONTIAC ECHO, the \$5,000 son of MAY ECHO SYLVIA. Another choice sire is NORTH STAR DEKOL CLYDE, a son of WOODCREST SIR CLYDE. Mark this young chap for your next herd sire. We are justly proud of the individuals we are offering. They are a credit to North Star Farm, and will be a great credit to their purchaser, as they are backed by the best blood in the Holstein world, and without exception each individual offered has great possibilities.

Daughters of King Pontiac Artis Canada

BROWN BROS.
Lyn, Ont.

Amongst the 16 head of our consignment are two daughters of KING PONTIAC ARTIS CANADA, who, as you know, has more high record daughters than any other bull in Canada. One of his daughters in the consignment has 18.92 lbs. butter in seven days at two years. We are also putting in one of his granddaughters, two years old, which has recently made 19.85 lbs. butter, seven days, 82.5 lbs. 30 days; and three and half daughters of the 31-lb. sire, KING URMA, whose dam, URMAGELSCHIE 2nd A, has 31½ lbs. in seven days, and has three daughters averaging over 31 lbs. We have 11 other females besides these in the sale, each backed by the best blood, and offering a great opportunity for the laying of some good foundation stock. See our gossip notes for more specific information and come to the sale and see for yourself what kings and queens in the Holstein world we are offering.

Great Blood from Avondale

AVONDALE FARM
A. C. HARDY
Brockville, Ont.

The offerings from Avondale are not only worthy of our great cows—they are exceptional. They will include KING PONTIAC ARTIS CANADA, PRINCE HENGERVELD PIETJE, WOODCREST SIR CLYDE. These are the great tested sires of Avondale Farm. PRINCE HENGERVELD PIETJE has now five daughters over 30 lbs., two being 36 lb. junior four-year-olds. The females include a daughter of this bull, and also a daughter of WOODCREST SIR CLYDE. Our other females and sires are just as fine in breeding and type. No large breeder in Ontario should miss the chance of bidding on them. See our sales notes and get a catalogue. The splendid array of mature and young sires should attract every breeder who needs a herd header of choice breeding. Come to the sale at Brockville and pay us a visit also at AVONDALE FARM, and inspect some of the great sires we have in our herd.

Several splendid grandsons of May Echo Sylvia are included in our big offering of April 25. Look these up in our catalogue.

When you study these animals in the catalogue you will want to attend this sale. For catalogues, write
