Making Waste Land Produce Big Crops

A field that is full of stumps and boulders is virgin soil—full of fertility. Nearly every farm has such a field—always considered waste land—good only for pasture.

Blow out the stumps—blast the boulders and plant it—you will find that your present stump patch will produce the biggest crop.

C.X.L. Stumping Powder will clear your land quicker and cheaper than is otherwise possible.

Use C.X.L. for ditching, breaking-up hard pan, planting fruit trees, grading, etc. Safe as gunpowder.
