

Every two weeks
we intend telling the
Farmers

Something
different
About

FLINTKOTE ROOFING!

TO-DAY, ALLOW US TO SAY:

It is the **BEST MADE.**

You can put it on Yourself.

It Requires **NO Paint.**

Ask Your Hardware or Lumber Merchant about it, or Write to

MacKENZIE BROS., Winnipeg.

Canadian Farmers Are Pleased
WITH
DEERING IDEAL MOWERS AND RAKES,

Binders, Reapers, Corn Binders, Shredders, and Binder Twine,

WHICH IS NOT SURPRISING, as they have always been an "Ideal" line in every sense of the word.

The name DEERING stands for all that is good in harvesting machinery, and will continue to do so.

The Deering Line of Cultivators and Seeders

are also ideal machines, made in Canada, and contain every modern and up-to-date improvement.

Write to the nearest Canadian Branch for "Golden Era" booklet, or obtain it of your local agent.
