No. 886

**Choice Western Farms.**  
Desirable Locations.

We are offering good values in specially-selected blocks of unimproved lands, also improved farms, with buildings and breaking done. PRICES and TERMS VERY REASONABLE. Call and see us, or write for literature.

THE UNION TRUST COMPANY, LIMITED  
REAL ESTATE DEPARTMENT  
174-176 Bay St., Toronto, Ont.

Why Not Put "BT" Stanchions in Your Stable?

They will make it brighter and neater, are stronger, more durable, and cost less than any other tie when all is considered. Your cows will be kept clean and comfortable. Ask us how to lay out your stable, and why it pays to use "BT" STANCHIONS.

**METALLIC CEILINGS**

Both clean and fire-proof—no dust and dirt falling, as from plaster ceilings. Costs no more, but looks thrice as artistic. The life of a plastered or papered ceiling is short and nearly every year needs repairs. Our *Metallic Ceiling* will last as long as the house—always fresh and clean. We can send you hundreds of pretty designs to select from for both ceilings and walls.

Our beautiful free booklet tells you all about *Metallic Ceilings and Walls*. Send for one. Phone Park. 800.

"Really I don't know how people can stand the constant drudgery necessary to keep the ordinary ceilings and walls clean. *Metallic* is so clean and sanitary."—The Philosopher of Metal Town.

**FAIRBANKS-MORSE**  
Improved Skidded and Portable Evaporator Tank  
**GASOLINE ENGINES**

These engines are built along the same lines as our Fairbanks-Morse Standard Horizontal Engines, with the exception that our improved Cast Iron Evaporator Tank is cast on top of cylinder, as shown in illustration.

No cooling tank is required, thus overcoming the difficulty of carrying the usual great volume of water. The lubrication difficulties of Air-cooled Engines are overcome in the above, there is very little water in the tank to take off by drain in the cold weather, thus saving time and trouble, and there is no water pump to freeze up. We provide a shield to prevent water slashing out of the Hopper Jacket.

The skidded engine is a very desirable outfit where it is necessary to move the engine, providing a means whereby the engine can be drawn about on its iron-shod runners, or can be placed on a farm truck or a bob-sled.

The engine itself is Fairbanks-Morse in every respect, and ensures to the customers the best there is in Gasoline Engine construction.

Send for our FREE CATALOGUE G E 102, showing our full line of Fairbanks-Morse Vertical and Horizontal Gasoline Engines and Machinery for farm work. It means money saved for you. Write to-day.
