

FREE TO MEN UNTIL CURED.

The effect of Electricity upon the weak, debilitated man is the same as rain upon the parched field in summer. He may be debilitated from varicocele, losses, impotency; may have confusion of ideas; fear to act and decide; gloomy forebodings, timid and fretful; avoid friends and company; without confidence in himself to face the slightest responsibility, and let him properly apply Electricity for but a few hours and all these symptoms vanish. A few weeks to a couple of months' use of this treatment banish them forever, and make strong, confident, manly men out of the puniest weaklings. For nearly forty years I have treated and restored weak men through my world-famed invention, and am still doing so with greater success than ever. In fact, I do not expect to fail in any case of this kind, and therefore, as most men are more or less sceptical, I will continue to give my Herculex

Dr. Sanden Electric Belt Free Until Cured.

Not one cent is to be paid me in advance or on deposit. Call or write and get the belt, and use, say, for sixty days, and if cured pay me price of belt only—most

cases low as \$4; if not cured return the belt and the deal is ended. But I know what the belt will do, and will take the risk of my pay when you are cured. I also give my belts on same terms in Rheumatism, Lamé Back, Stomach, Kidney and Liver Complaints, etc.

As the originator and founder of the electric belt system of treatment, my forty years' success is the envy of many, and my belts of course are imitated. (What good thing is not?) But my great knowledge to advise and direct my patients is mine alone, and free to all who use my belt until cure is complete.

What would you not give to have your old vim back again? What would you not sacrifice

to feel as you did a few years ago; to have the same snap and energy; the same gladsome, joyous, light-hearted spirit and the physical strength you used to have? You know you are not the same man, and you know you would like to be. You might as well be. It's easy. I am making men out of wrecks every day, and the above offer must convince you what I feel I can do for you.

Call or send to-day for my belt; or, if you want to look further into the matter, I have the best two little books ever written upon Electricity and its medical uses, and send them free, sealed, upon request.

DR. C. F. SANDEN, 140 Yonge Street, Toronto, Ont.
Office Hours: 9 to 6. Saturdays until 9 p.m. (51c) Largest and Oldest Electric Belt Establishment in the World.

We Offer \$1,000

For a Disease That Liquozone Can't Kill.

On every bottle of Liquozone we offer \$1,000 for a disease germ that it cannot kill. We do this to assure you that Liquozone does kill germs.

And it is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Liquozone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights. And we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.

Acts Like Oxygen.

Liquozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is an absolutely certain germicide. The reason is that germs are vegetables;

and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

Liquozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Liquozone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Liquozone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

| Dyspepsia | Throat Troubles |
| Eczema—Erysipelas | Tuberculosis |
| Fevers—Gall Stones | Tumors—Ulcers |
| Goitre—Gout | Varicocele |
| Gonorrhoea—Gleet | Women's Diseases |

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever. Liquozone costs 50c. and \$1.

CUT OUT THIS COUPON.

for this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, 458-464 Wabash Ave., Chicago.

My disease is.....
I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

351 Give full address—write plainly.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.

QUESTIONS AND ANSWERS. Miscellaneous.

PAYING FOR CULVERT.

If a farmer builds a culvert and crossing on the road allowance for convenience in approaching his own premises, should the municipal council be responsible for the cost of the improvement? J. S. Man.

Ans.—This question is not sufficiently full to enable us to give a definite answer, but we are of opinion that council could legally pay the account if culvert is necessary to grade the road.

MINOR BUYING IMPLEMENT.

A minor signed a lien note for an implement, and it was accepted by the agent. What is the law regarding this? What claim have the company? W. C. T. Man.

Ans.—The minor is not legally responsible for the payment of the note, although if he is doing business for himself he is virtually responsible. The only thing for the company to do is to take back their implement.

BLUESTONE.

Is there more than one grade of bluestone sold in Manitoba, and how can the best be distinguished? I treated my wheat with a pickle, but there was quite a lot of smut in it. Would you advise using a pickle? Where can good bluestone be got at the most reasonable price? FARMER.

Ans.—There is always a danger of chemicals, like copper sulphate, deteriorating in strength when kept long in ordinary atmosphere, and, consequently, there may be varying degrees of quality in the copper sulphate upon the local market. Dealers and farmers too often make the mistake of asking for copperas instead of copper sulphate (bluestone), two very distinct substances. Bluestone for the treatment should have a fresh metallic luster, and the edges of the crystals should be sharp, indicating that the substance has not been long made. With good fresh bluestone, one pound to ten gallons of water applied to ten bushels of wheat, and the seed afterwards protected from serious infection, by being piled in a bin, sprinkled with the solution, or put in clean bags, there should be very little smut in the crop. Always remember to thoroughly dissolve the bluestone, use wooden vessels, and get the liquid on every kernel.
