A correspondent writing from New York says:—Well informed opinion here is agreed that Canada has no reason to fear pro-German troubles on the border in the event of the United States declaring war on Germany. You will find says the correspondent, that within a week of the declaration of war, every German-American will be walking the streets with an American in his button-hole to prove his loyalty and excuse his pronunciation.

Foresters Re-adjust Rates.

The Canadian Order of Foresters have for years occupied a prominent position as one of the leading Fraternal Insurance Societies operating in Canada.

It was instituted in 1879 by 488 members who seceded from the American Order of Foresters. To-day it has a membership of over 90,000 which is the largest purely Canadian membership of any of the fraternal insurance societies doing business in the Dominion.

The Society has had a most successful record, and has accumulated funds, which, at the present time, amount to between five and a half and six million dollars. Last year was apparently one of the most successful years in the history of the institution. The amount added to the insurance funds for 1916 was between four and five hundred thousand dollars. Notwithstanding this success the management decided to ascertain what the actuarial standing of the society was, and secured the services of one of the most competent actuaries on the continent. Acting on the advice of the actuary, the Society decided to readjust its rates and place itself upon a basis which will give it at least 100% of actuarial solvency.

By taking this course, while its funds were still piling up it has been able to treat its members much more favorably than many of the societies which were readjusted their businesses during recent years.—London Advertiser.

The first large consignment of Canadian fish for the use of the army has arrived in London. The inspecting officer reports that it is in splendid condition, and amounts roughly to about 220 tons. It will be issued to the various supply depots as soon as a decision has been reached with regards to a meatless day.

The 248th Grey Battalion has been fortunate in receiving a donation of \$2,000 for the purchase of band instruments. The donor is Owen Sound's foremost business, J. M. Kilbourn, and his gift is warmly received both by the battalion and citizens. The 147th Greys were also fortunate in having their instruments donated. Mrs. McFarland, wife of the colonel, being the donor in that case. The instruments for the 248th will be purchased at once. Mr. Kilbourn's gift was made before he left with his wife and a family party for Galveston, Tex.

The New Series

Chevrolet

The only car at its price in Canada fitted with Electric Starter and Electric Lights.

A car that has everything you could desire—a car that has supreme beauty and finish, roomy, and as comfortable as cars of high price. But above all think of its enormous powerful motor. Valve in head, which insures even combustion giving ample speed and sufficient power to take all hills on high gear. It has three speeds forward—slow, medium and high, and one reverse. It has the cantilever springs and new upholstery on seats and back. The Chevrolet has ample road clearance, which makes it the choice car for country roads in Canada. All features looked for on high priced cars are found on the Chevrolet. Think of its great improvements, quality, and marvelous construction.

The Chevrolet is the only car at its price in Canada fitted up with all high price car equipments, therefore taking the lead of all other cars throughout the country. We sold eleven Chevrolet cars and have stood the test on the severest roads in history as well as any high priced car and better. The Chevrolet has many friends all over the country, and its enemies are the other concerns.

For inspection of our new car call at our foundry and we will demonstrate same to you, and for further information ask one who owns a Chevrolet.

Leave your order early in spring. We solicit your patronage

In England all vacant places, parks and church grounds are to be put under cultivation. Women of all classes are enlisting for service on the lands and everyone capable of handling a hoe is to take up the task of greater production. An effort is to be made to grow in England sufficient to feed the people there.

In Fernie, B. C., there is said to be a serious coal shortage. To a person knowing that district, such a piece of news looks at first like a joke. There is more coal within a few miles of that town than most people ever dreamed of. Shortage of coal in Fernie reads something like John D. Rockefeller being short of cash.
