Although unusually late in the season, a large flock of wild geese was in this vicinity yesterday.

The American schooner Mary-A. Hall, has arrived to load plaster for the N. E. Adamant Co. She will go on the berth as soon as the Hartney W. finishes loading.

## SHEFFIELD.

**SHEFFIELD, May 14**—Emery Briggs, farmer and stock producer, of Lakeville Cor., imported from P. E. Island this week a valuable young horse for general purposes.

The water is falling fast and it is feared much of the Sheffield lumber will be caught up stream.

Mrs. Hedley Upton is at present in very delicate health and her husband left the steamer Victoria yesterday to see her intending to take her to the hospital.

George Hogg & Co., of Sussex, are bringing their canning machinery up now to Lakeville Corner, Sheffield.

Thos. Bridges, of Tilley's Landing, one of Sheffield's leading farmers, visited the commercial city last week and brought up with him a hand to help his present staff to work on the farm.

When the new corner saw the farm submerged with water human nature recoiled and he said he was not an amphibious animal. He gave the family notice that under the circumstances he would pack his trunk, again, next morning, take the first boat and return to his adopted city where the climate was more congenial to his nature.

The fur dealers in the cities have their local agents around in the country buying up all the spring fur available from the little muskrat skin up to the mammoth bear, at a good paying rate.

## REXTON.

**REXTON, N. B., May 14**—J. & T. Jardine's sawmill began sawing yesterday. The schooner Mary Leaf, Capt. Fraser, sailed this morning with a load of lumber for Charlottetown, P. E. I.

The schooner Maggie Roach sailed yesterday, lumber, for Summerside. These are the first vessels to sail from this port this season. Some farmers have begun ploughing, but the ground is still in poor condition.

Mrs. Gertrude Johnson and family left Monday for Amherst (N. S.), where they will reside.

Mrs. W. H. McArthur has gone to St. John to reside with her sons, Garrett and Herman.

Hugh Fraser of Moncton is spending a few days at his home here.

# WOODSTOCK TO HAVE BAND COMPETITION

Large Number of Musical Organizations to be Represented

Affair Will Come Off Early in August  
—Racing Programme for Dominion Day—Going West

**WOODSTOCK, N. B., May 14**—There is to be a grand band competition here the first week in August under the auspices of the 6th Regt. Band. The idea is to have as many musical organizations as possible take part. Already acceptances have been received from bands in Halifax, St. John, Newcastle, Milltown, Presque Isle, Houlton and Fort Fairfield. There will be two grades. The first is for bands of 24 or more members in which class the first prize will be \$300, second prize \$200. The smaller bands will compete for \$300 and \$100 prizes. In addition there will be several individual solo contests, for which leading manufacturers have donated instruments as prizes. There will also likely be a big horse racing programme, as well as an old home week celebration in connection. His Worship Mayor Munro is chairman of the general committee; Dr. Ernest S. Kirkpatrick, secretary, and James S. Croighton, treasurer. The executive committee is composed of these gentlemen with several of the leading local business men. Gallagher Bros. have announced a splendid racing programme for Dominion day. There will be 2.30 and 2.45 classes, with a special race for horses owned and driven by farmers.

Charles Gardner, C.E., accompanied by his wife and nephew, Master, left tonight for Vancouver, where Mr. Gardner has been appointed to the responsible position as chief engineer on the Vancouver City Electric Railway. During the absence of Mr. and Mrs. Gardner, their beautiful new residence, "Crown's Nest," will be occupied by Principal and Mrs. Richards.

Rev. J. H. McDonald, of Fredericton, a former pastor of the Albert Street Baptist Church, is here spending a few days with friends.

The town council is in difficulty with the Woodstock Electric Railway Light and Power Co. Under the contract whereby the company furnishes current to light the streets, provision is made for deducting a proportionate amount in case of failure to operate any of the lamps. During the month of April for three nights part of the lights failed to burn. The council decided to refuse payment. The company contended that the fault was with the town's wires, and the prospect is ripe for trouble. The council is now considering the matter.

The local business men have decided in future to cut out the credit system of business, and are now selling for cash only.

# MONCTON WANTS HARBOR MASTER

**MONCTON, N. B., May 14**—A meeting of the harbor and city improvement committee of the board of trade held last evening, passed a resolution asking the board of trade to petition the city council to vote annually the sum of \$4,000 for harbor master to supplement the fees obtained from the vessels. This it was thought would help to secure an experienced man. Hon. C. R. Ross, mayor, and Mr. W. J. Wilson, were appointed a committee to look into the matter of obtaining an experienced harbor master. Moncton's shipping industry is increasing rapidly, having more than doubled in the last few years and the indications are that the present season will be an exceptionally good one. Attention was called to the fact that navigation is longer each year than on the Miramichi and the opinion was expressed that there would be a considerable increase in lumber shipments from this port. The fact it was stated that Capt. Norrie, who owns the barquentine Eldie, is so favorably impressed that he is considering the advisability of using this port for the lumber trade.

The marriage of Charles B. Burneath, of the C. P. R., at Winnipeg, son of C. W. Burneath, of the I. C. P. R., to Miss Sarah Eleanor Wilson, second daughter of William Wilson, proprietor of the Hotel American, was solemnized at St. George's Episcopal church at 9.45 this morning. A number of friends witnessed the ceremony which was performed by Rev. W. B. Slean. The bride, who was presented by her father, was attired in a becoming travelling dress of gray cloth with hat to match of the same shade, and was attended by her sister, Miss Ethel, as flower girl. The latter was dressed in cream serge, and carried a handsome bouquet of roses. The wedding was a quiet but pretty affair. Afterwards they left on the Maritime Express for Boston, afterwards visiting Montreal, Quebec, and Toronto en route to Winnipeg, where they will reside. The bride was presented with a cabinet of silverware by the hotel staff and a substantial cheque by her father. The groom's present was also a cheque.

The local Y. M. C. A. has instituted a ten mile road race which is to be an annual event. The first race of the series will be run on June eighth, and for the present, entries will be limited to local competitors. Interest in road racing is growing steadily here, and the event is looked forward to with much interest. Local citizens will offer prizes for the death of her sister, Mrs. George Tutts, which occurred at Melrose, Mass., on Sunday. Deceased was a native of Annapolis, N. S.

An eight year old boy named Sullivan was badly bitten on the face by a St. Bernard dog this morning, while petting the animal, which was later destroyed.

# BARK OSBERGA REACHES BOSTON DISABLED

**BOSTON, Mass., May 12**—Shorn of her top hamper and with her crew practically exhausted from hard work and meagre provisions the British bark Osberga, of Maitland, N. S., arrived in harbor tonight from Turk's Island, after a tempestuous passage of fifty-nine days. The usual passage by vessels of the Osberga type is from twenty to twenty-five days. Almost from the time that the bark left Turk's Island until she finally reached the Nantuxet Eightship she was subjected to a continuous series of gales which wrenched all her upper spars and left her but few sails with which to reach port.

The Osberga left Turk's Island with a large cargo of salt on March 15. Three days later she was struck by a squall, which carried away her main top gallant mast and two other masts. The vessel was sent off before the wind and the repairs were made when she was again headed on her course.

This experience was repeated no more than eleven times in the course of the next six weeks, until nothing remained above the lower masts. At one time the vessel sprang a leak and all hands, including the captain's wife, were obliged to man the pump for more than six hours before she was finally freed. The salt water reached her tanks of drinking water and since the first of April the crew have been obliged to drink brackish water.

The provisions also ran out but fortunately a friendly vessel furnished a meagre supply. When the tug Palaco picked the Osberga up today there was very little on board in the eating line. The bark presented a decidedly dilapidated spectacle as she came into the harbor, her masts hanging in three great tangles from her masts, her crew being unable to cut away the wire ropes. There was very little standing rigging forward and about the only effective rigging was the mainmast. This is the second time that the Osberga has been nearly dismantled and overdue in the port.

# LAURIER PARTY AND OTHERS ENTERTAINED BY THE U. S. BRITISH AMBASSADOR

**LONDON, May 13**—Ambassador and Mrs. Reid welcomed this evening, at Dorchester House, a distinguished company, representative of various political parties in the British Empire. The dinner was given in honor, primarily, of Sir Wilfrid Laurier, the premier of Canada, and the other delegates of the Imperial conference now in session in London. In addition to the Canadian Premier and Lady Laurier and L. P. Brodeur, Canadian Minister of Marine and Fisheries, and Mrs. Brodeur, there was present at the dinner Premier Campbell-Bannerman. After the dinner, the guests were taken to the theatre to enjoy a concert, which was followed by a dance and buffet.

# HEAVY STORM IN ALBERT COUNTY

**HOPEWELL HILL, May 12**—The oldest inhabitant will probably have a faint recollection of the fact that the May snow storm of this year, which started in yesterday morning and before night had developed into something pretty severe for the time of the year. With four inches of snow on the ground and sleighs going it was about as little like a May day as might be imagined.

Solomon Fraser, of Riverside, who has an attack of appendicitis some time ago, was operated on by Dr. Carvath on Friday, and is reported as doing well.

Tom Hawkes, son of Geo. Hawkes, of Lower Cape, had three of his fingers badly lacerated a day or two ago, by the explosion of a shot gun shell, which he was reloading. His face was also burned by the powder, and he had a narrow escape from more serious injury.

# SLOW PROGRESS MADE IN HAYWOOD MURDER TRIAL

Counsel, Chief Witness and State Governor.

Wm. E. Borah, Chief Counsel for the State.

**BOISE, Idaho, May 15**—With ten men in the box who have been passed for cause of both the prosecution and defense, the trial of Wm. D. Haywood, secretary and treasurer of the Western Federation of Miners, charged with the murder of former Governor Frank Steunenberg, of Idaho today enters upon its fourth day. The morning session will be taken up with the qualification of two men necessary before the work of examination, preliminary to peremptory challenging begins. Success is for the strong and the weak will be felt during the morning session, but is not likely that more than two or three of the present occupants have been passed. This is the second time that the Osberga has been nearly dismantled and overdue in the port.

# When Your Health Fails—What Then? BETTER TO GUARD AGAINST SUCH AN EMERGENCY BY KEEPING VITALITY AT HIGH-WATER MARK.

Good health is the capital of persons who earn their livelihood with brain and muscle.

In these days of strenuous life and keen competition there is no place for tired brains and weak bodies. Success is for the strong and the weak will be felt during the morning session, but is not likely that more than two or three of the present occupants have been passed. This is the second time that the Osberga has been nearly dismantled and overdue in the port.

It is not pleasant to contemplate what might happen with failing health and for this reason it is well to heed the first symptoms of nervous exhaustion, such as brain fog, headache, nervous dyspepsia, loss of memory, failure of memory and loss of power to concentrate the mind.

While Dr. Chase's Nerve Food has succeeded in curing many cases of mental paralysis, locomotor ataxia, and the most severe forms of nervous prostration and exhaustion, it is not well to delay treatment until these stubborn and dangerous diseases are set in.

At Haslebury yesterday Walter P. Wilkins, a prominent and wealthy resident, was sentenced to four months imprisonment for violations of the Liquor License Act. As a result he promises to embark on a legal fight with the provincial authorities with a view to determining the powers and limits of a sub-agent of the district. In unvarnished territory the application must be made within thirty days after its being located. Where a dispute as to location occurs the right to lease will be decided by the minister of the interior upon hearing evidence.

Coal mining leaseholds embracing any portion of a township must conform to the Dominion Lands system of survey.

The lease shall include coal mining rights only, but the lessee may, upon application, be permitted to purchase at the rate of \$10 an acre, whatever of the available surface rights the minister may consider necessary for the efficient and economical working of the coal mining rights granted in the lease.

The lessee must begin operations in one year from the date of his being notified to do so, and shall produce the quantity of coal specified on such order. The order will not be given until the expiration of one year.

In no case will the maximum quantity of coal to be mined during each year be more than ten tons per acre. If this order is not complied with, the lease is subject to cancellation.

The lessee cannot assign his rights without leave of the minister. Actual settlers shall buy at the pit's mouth whatever coal they may require for their own use, but not for resale, at a price not to exceed \$1 per ton, and the lease issued for coal rights shall be subject to such provision. A fee of \$5 is charged for each lease. In addition to the rent, a royalty of five cents per ton of 2,000 pounds will be levied on the output of the mine. A sworn statement of the output must be given by the person operating the mine. In default of this, the lease may be cancelled.

In case of disputes provision is made for arbitration. The arbitrator will get \$5 a day and traveling expenses. Under these regulations, prepared by the minister of the interior, parties will be unable to hold coal lands for speculative purposes. They must be operated or are liable to cancellation.

# DEVICE TO PREVENT RAILWAY WRECKS

**PHILADELPHIA, Pa., May 14**—Reduction to a minimum of railway commissions and wrecks from broken rails is what Dr. Benjamin Saurman, for years a practicing physician of Philadelphia, claims his new automatic invention, the "safety signal," will accomplish.

Not only will it warn the railway engineer of impending danger, he says, but in case the man at the throttle does not heed, or is injured, it will automatically stop the locomotive to which it is attached in time to avoid accidents.

Dr. Saurman today gave a demonstration of his invention at a shop on North Marshall street, and a number of railroad men and practical engineers who saw it pronounced the invention a success.

**OTAWA, Ont., May 13**—Hon. Charles Fitzpatrick, chief justice of the supreme court of Canada, was sworn in administrator of the Dominion this afternoon.

# Provincial News

**WOLFVILLE, May 13**—On Friday evening the senior college girls gave their class day exercises. College Hall was filled with ladies from the Seminary and town. For years it has been the custom for the girls' society, "The Propylaeum," to have the last entertainment of the year, in the form of a class day, the girls delivering class history, class prophecy and valedictory.

The programme for the evening was as follows: Speech of welcome, Miss G. Macdonald; Piano solo, Miss M. Currie; History and prophecy in form of an original play written by Misses I. M. Cranford and H. Marsters; Reading of class valedictory, Miss G. Macdonald; Senior girls' valedictory, Miss C. Benjamin; Critics report, Miss L. Lowe, 18.

The senior girls gave their audience one of the most original and entertaining programmes ever heard in College Hall.

Perhaps the history and prophecy was the most original, all the girls taking part; the scene being ten years from now.

The Medley Chorus was an interesting feature, being a parody on some of the college songs, bringing in bits on the undergraduate girls.

At the close of the programme the senior girls, being paraded, and the valedictory girls with gold pins with her class year, '08, '09, '10 on them. The girls are to be congratulated on the exceedingly original and interesting programme.

**WESTFALL, Pa., May 13**—Emmett L. Davis yesterday received a set of false teeth he had unwittingly carried for three months in his pharynx. It was only a little plate with two or three teeth on it. One day Davis mistook it for his accustomed plate and was unable to locate it. After waiting for them to show up he ordered a new set.

Soon his throat was swollen so that he could not swallow. A tube for introduction into his stomach and he was fed in that manner. A throat specialist concluded that there must be some foreign substance in the pharynx, and, after treating the tissues to reduce the swelling located a hard substance.

He reduced the inflammation, got hold of the hard substance and brought out the missing section of Mr. Davis' false plate and handed it to him. The operation gave the patient instantaneous relief. Mr. Davis had neglected to tell the physician about the missing teeth and was very much surprised when the doctor passed them to him.

**HOPEWELL HILL, May 13**—While one of the Hopewell Cape pilots was coming up the Bay below Grindstone Island on the last week with a small boat towing a net, a seal about five or six feet long was observed following in the wake of the boat, keeping very close to the smaller craft, which had no occupant. It even attempted at one time to climb into the boat, but was unable quite to accomplish the feat. The pilot followed the boat close into Mud Cove, through sheer friendliness, and regaled himself on herring and other delicacies thrown him by the boatmen, afterwards steering off to more spacious waters.

**CHATHAM, May 13**—The latest arrivals at Chatham's training stables are two green pacers of great promise. Both are full sisters to Etta Mack and are by Dispute. Both have done better than a 2.30 in three year olds. Will Be Sure is in great form this spring, also Belmar and Dr. Farrow. A green trotter by Farrow is expected to get a record in 2.20 or better. Other colts showing speed are owned by W. B. Snowball.

**SYDNEY, MINES, N. S., May 13**—The two-story building owned by Geo. Mulloney in Sydney Mines was destroyed by fire tonight. The loss is estimated at between \$15,000 and \$20,000. The lower floor was occupied by a house baker, and Geo. Mulloney, boots and shoes. Practically nothing was saved from either floor. Mulloney was saving his stock in the store, which was new, being only recently purchased. The fire is believed to have originated in the bakery.

Owing to the low pressure of the water service, the firemen could do nothing toward combating the flames and when the force was increased the building was beyond saving.

**CHATHAM, N. B., May 13**—Today was the sixtieth birthday of Rev. Hugh McQuirk's ordination to the priesthood, and the occasion was fittingly celebrated at the Hotel Diet. This morning Father McQuirk, who has been ordained for some time, was Bishop Barry, Rev. Dr. Louis O'Leary, Rev. Father Morrissey, Rev. Father Vande Moortel, Rev. Father O'Keefe, Rev. Father Murdoch, Rev. Father Conway.

There was special music by the reverend sisters. The pupils of St. Michael's Academy gave a musical and literary entertainment this afternoon, when congratulatory addresses were presented to Father McQuirk, to which he replied.

**CHARLOTTETOWN, P. E. I., May 14**—The break in the Anglo American cable across Northumberland Strait was repaired by the steamer Niala this morning.

The steamer Amelia and a hundred sail fishing schooners bound for Madalena are detained in Souris owing to the ice. Yesterday they attempted to reach the islands but were forced to return. The coal laden steamer Hano W., from Louisbourg to Souris, has been detained at Georgetown for a week waiting a chance up the Gulf. Yesterday she made an unsuccessful attempt to round East Point, being forced to return to Georgetown.

**FREDERICTON, May 11**—The annual meeting of the Fredericton fire department was held last evening. Officers A. Hooper, President, Chief Parker, Vice-president, Asst. Chief Park, Secy. Thos. Doherty.

A communication was read from the Moncton fire department asking Fredericton to send a representation to the tournament to be held in that city some time in August. It was stated by the president that they had been given to understand that St. John intended to give a tournament and that his city had generously patronized Fredericton last year and as Fredericton could make

but one trip, that St. John must be first considered.  
**FREDERICTON, May 14**—At the monthly meeting of the local government tonight business of a routine nature only was transacted. Another meeting will be held in the morning, when it is understood several delegations will be heard. Mr. Emmerson had several consultations with his solicitors today regarding the libel suit against the Gleaner.

**MONCTON, May 13**—A subscription list is being circulated about the city for a collection to be donated to the widow of Warren Osborne, the I. C. R. brakeman who was crushed to death in the local yards Saturday morning. The widow with three small children, has been left in rather straitened circumstances and the petition is meeting with liberal response. The remains were this morning taken to Baltimore, Albert county for interment.

Three sailors have deserted from the iron schooner Elise which is discharging a cargo of molasses at the local port. The three are able to speak but very little English. The captain says they had no reason for leaving and believes them to be in hiding somewhere about the city.

Ethel Hoey, daughter of James P. Hoey, aged 13 years, died in the city hospital yesterday.

At the home of Mr. and Mrs. Geo. G. Mitton, Steeles Mountain, Wednesday, their eldest daughter, which was the late Mrs. B. Lewis, of Salisbury. The ceremony was performed by the Baptist minister, Rev. E. K. Ganong. Miss Rose Lewis, sister of the deceased, was bridesmaid. Miss Howie Taylor, of Salisbury supported the groom.

# CIVILIZATION OF ANCIENT EGYPT

**LONDON, May 13**—Prof. Petrie, of Flinders, in a lecture Saturday to the British School of Archaeology, Egypt, on the last four months' work last season, at Gizeh, and subsequently four months in the region of Assiut, said the results represented the first and to some extent the second and third dynasties, as well as a period from the ninth to the twelfth. In the first month 49 graves were excavated in the Royal tombs of Abydos. The objects disclosed showed that the civilization of Assiut was of the same character as that of Memphis. There were stone vases, bronzes, a blue pottery, and a long necklet, indicating that the people of the household were ornaments similar to those of the Royal house, but of a cheaper kind. There was a slate palette for painting. Wands were discovered with elaborate ivory carvings, and knives of the first and second dynasty. The work had been mostly destroyed by the 26th.

## CURIOSUS.

As an example of what men in the rapid development of the new beverage, a conductor on the Seaboard Air Line relates that while he was passing through a coach a few days ago, a man stopped him and asked how far they were from Walden. He replied that they were about fifty-five miles from Walden. He then asked: "This side or the other side?"

**SO SWEET OF HIM.**  
"Hello, old man!" exclaimed Dudley at the Literary Club reception. "It's a pleasant surprise to meet you here. 'Good of you to say so, old chap,' replied Brown.

"Yes; you see I was afraid I wouldn't find anybody but bright and cultured people here."

## HANG ON

**Boffee Toppers as Bad as Others**

"A friend of our family who lived with us a short time was a great coffee drinker and a continual sufferer with dyspepsia. He admitted that coffee disagreed with him, but he knew how far he was from Walden. He replied that they were about fifty-five miles from Walden. He then asked: "This side or the other side?"

"One day he said to me that Postum Food Coffee had been recommended and to try it. I secured a package and made it strictly according to directions. He was delighted with it. He said it was the best thing he had ever had. He became very fond of it and in a short time his dyspepsia disappeared. He continued using the Postum as a health-giving food. He was a practicing physician and regards Postum as the healthiest of all beverages. It is very fine in coffee, but all our family are, and we never think of drinking coffee any more." "Road, 'The Road to Wellville,' in plugs, 'There's a Reason.'"

The Moncton fire department asking Fredericton to send a representation to the tournament to be held in that city some time in August. It was stated by the president that they had been given to understand that St. John intended to give a tournament and that his city had generously patronized Fredericton last year and as Fredericton could make
