ST. JOHN CIRCUITS TO HAVE  
MISSIONARY COMMITTEES

The financial meeting of the Metho-  
dist churches of the St. John district  
was held yesterday. The closing ses-  
sion was held in Centenary church  
and took the form of a meeting on be-  
half of the laymen's missionary move-  
ment. The business sessions of the  
morning and evening were held in Cen-  
tenary street church.

Last evening's meeting at Centenary  
was addressed by Judge Wilbur, Uni-  
ted States consul at Halifax; by J. N.  
Harvey, by Rev. Thomas Marshall,  
superintendent of the mission, and  
Rev. J. J. Rogers, D. D., or Sus-  
sex was in the chair.

J. N. HARVEY FOLLOWS.  
J. N. Harvey followed Judge Wilbur.  
He mentioned the fact that the  
strongest point about Methodism in  
the past had been the activity of its  
lay members as displayed by the  
preacher and the class leader. How-  
ever there had been a marked decrease  
in that activity, and in Canada with-

PRESENT LEADER OF THE LORDS

In view of the threatened active  
campaign to be shortly waged against  
the House of Lords the following  
sketch of the leader of the present  
house is of interest at the present  
time.

The Earl of Crewe, Robert Otley  
Ashturton-Crewe-Milnes, P.C., M.A.,  
F.R.S., is fifty-one years of age. He is  
the son of Richard Monckton Milnes,  
the poet, who was described in Dis-  
raeli's novel "Tancred" as "Mr. Yava-  
scor." He was educated at Harrow and  
Trinity College, Cambridge.

The hereditary influence was strongly  
marked, and he quickly showed literary  
talents. He wrote a good deal of  
verse, and his volume of poems, called  
"Stray Verses," remains an indication  
of his tastes.

But literary pursuits were not de-  
signed to hold him, and he plunged  
early into the stormy sea of politics.  
He was thirty-four when he was ap-  
pointed by Mr. Gladstone to be Lord  
Lieuutenant of the County of London.  
He was thirty-four when he was ap-  
pointed by Mr. Gladstone to be Lord  
Lieuutenant of the County of London.

In the height of the struggle his position  
of Lord Lieutenant was a hard one,  
with many bitter situations, with  
anxious days and weary nights. The  
loyalist party refused to appear at the  
Viceregal Court, and there were a hun-  
dred humiliations which would have  
broken a man of weaker fibre. Lord  
Crewe, despite his delicate poetry and  
gracious manners, was not the man to  
be easily crushed. His courtesy and un-  
grudging dignity are remembered to this  
day. True, he gained in some quar-  
ters the reputation for a touch of hau-  
teur, but this was not the unnatural  
result of the circumstances, for the  
Lord Lieutenant had a peer's courtesy,  
was never the man to bend his head  
to opponents.

HANDLING THE EDUCATION  
BILL.  
It was for his services in Ireland that  
Lord Houghton was made the Earl of  
Crewe. When Sir Henry Campbell-  
Bannerman formed his Cabinet three  
years ago, he made his courtesy and un-  
derstanding of the House of Lords his  
virtually leader of the Liberal Party in  
the House of Lords. Lord Ripon nomi-  
nally held the position, but he was  
very old and his knowledge was in-  
dubitable save to those within a few feet  
of him.

Fortunately, Lord Crewe stepped into  
the breach, dotting the 'i's and crossing  
the 't's of his leader.  
With the arrival of Mr. Balfour's Edu-  
cation Bill the House of Lords had its  
experience of Lord Crewe as a master  
of detail. They were surprised. So  
were a great many other people who  
did not belong to the House of Lords.

Uncle Wait  
The Poetic Philosopher

The world isn't fond of the kicker who kicks regardless of reason or  
rhyme, who grumbles and fusses and puts in his licks, at knocking, and  
the whole blessed time. He's growing too frequent and  
force in this land, with his wild, indiscriminate kicks; and people agree that he ought to be canned, or peitad  
with vitriol, let's say. The kicker who kicks along; he  
judgment and taste, does good as he kicks along; he  
waste, and waste, in a count, is wrong. He kicks at injustices and folly  
in force; he goes to the show and he kicks at the ham who's acting  
is tiresome and coarse; he kicks at the author whose novels are rank; he  
kicks at the singer who squawks; he kicks at the statesman unloading his  
junk in congress, and drawing the rocks. He kicks at the cheap and the  
tawdry and stale, wherever they're flouting about; he kicks that so many  
good men are in jail, and so many to urrit-raters are out.

MAY TUNNEL  
MAIN STREET

The I. C. R. Authorities Are  
Considering Move at  
Moncton

MONCTON, Aug. 25.—Today's ses-  
sion of the Canadian Brotherhood of  
Railway Employees was taken up with  
hearing reports of committees amend-  
ing the constitution, etc. Officers will  
be elected for the year at tomorrow  
morning's session, and this will prob-  
ably conclude the business.  
The I. C. R. authorities are consid-  
ering the advisability of tunnelling  
Moncton's main street at the railway  
crossing instead of erecting crossing  
gates as at present. The matter  
will be discussed at a meeting of  
the I. C. R. and city representatives  
at a meeting to be held tomorrow  
morning. The meeting will be held at  
the I. C. R. office.

MISS ALMA CARTER  
WEDS DR. JAKEMAN

Popular Richibucto Girl is  
United to Halifax  
Doctor

MONCTON, Aug. 25.—At Richibucto,  
Kent county, this morning a very  
pretty and interesting event took place  
in the Chalmers church, when Miss  
Alma Carter, daughter of William D. Carter,  
a well known barrister, was united  
in marriage to Dr. J. J. Jakeman of  
Halifax. The ceremony was performed  
by Rev. A. D. Archibald in the  
presence of a large number of friends  
of the contracting parties. The bride,  
who is one of Richibucto's popular  
young ladies, was given away by her  
father. She was dressed in a travelling  
suit of old rose trimmed with Irish  
point lace with picture hat to match.  
She was attended by Miss Clara  
Woodell of Halifax, who looked very  
pretty in a Bengaline white gown.  
Both bride and bridegroom carried  
large shower bouquets. Miss Dena  
Carter, sister of the bride, was flower  
girl, and Miss M. J. Macdonald, pro-  
cession marcher on the aisle of the church,  
flowers were strewn by the flower  
girl before them.

The groom was attended by Ray-  
wheeler of Montreal, who was the col-  
lege chum of Dr. Jakeman when they  
attended Mount Allison.  
The ushers were Theodore Vantour  
and George A. Hutchinson of Richibucto.  
The groom's present to the bride was  
a set of Hudson Bay sable furs and  
to the bridegroom a pearl earring,  
while a similar gift was given to the  
flower girl.

SCIENTISTS AT  
WINNIPEG, MAN.

WINNIPEG, Aug. 25.—The seventy-  
ninth annual meeting of the British  
Association for the Advancement of  
Science opened today. Committees  
meetings were held this morning and  
various sections organized and drew  
up their program for the afternoon.  
A mass meeting was held in the  
Walker Theatre, Sir John Thompson,  
president, gave his inaugural ad-  
dress. Premier Roblin, Mayor Evans,  
and Lord Strathcona welcomed the  
association.  
The Canadian club luncheon to Lord  
Strathcona at noon had the largest  
attendance on record at such a  
gathering. Standing room was at a  
premium. J. J. Hill arrived at noon,  
and was met by a group of citizens.  
Lord Strathcona was also at the sta-  
tion, and there was quite a scene when  
the two old timers and pioneers of  
the west met. Mr. Hill attended the  
luncheon.

SUNDAY SELLING OF  
CIGARS IN TORONTO

TORONTO, Ont., Aug. 25.—Restau-  
rant keepers have as much right to sell  
a Sunday customer a cigar as hotel  
keepers have to sell a cigar to one of  
their guests on the decision made by  
Col. Denison in the police court this  
morning in dismissing the charge  
against Albert Williams, a Youngs  
street restaurant keeper, of selling ci-  
gars on Sunday.

MINERS KILLED

MEXICO CITY, Aug. 25.—A special  
despatch from Matamoros says that  
fifteen miners were killed and thirty  
imprisoned by the dropping of a cage  
into the La Paz mine three last night.  
The cable passed through failure of  
the breaks and the men dropped 150  
feet. The cage was sent to the strain  
of the shaft house and the rafters  
snapped the cables.

Why Schwab Visited Sydney  
Mr. Charles M. Schwab's recent visit  
to the Dominion Steel plant at Sydney  
excited a great deal of interest in the  
"street," and many conjectures were  
made as to the real object of his visit.  
A director of the company told the  
Star the other day that Mr. Schwab's  
curiosity in regard to the plant had  
been excited owing to the fact that it  
had recently introduced the duplex  
process of steel making, a process now  
coming into use in Germany.  
Mr. Schwab wrote the management  
and asked if he and his engineers  
could inspect the process, and he was  
told that he would be welcome.  
Mr. Schwab is a blunt, outspoken  
gentleman, and while he criticised the  
plant, he also had some praise to  
make. Mr. Merrick's report on the  
company's ore area impressed him  
greatly. He said that he used to hear  
about the company's 100,000,000  
200,000,000 tons of ore at Wabana, and  
thought that somebody was romanc-  
ing. He was awakened to the facts,  
he said, by Mr. Merrick's report.

C.P.R. TO BUILD RAILWAY  
FROM MINTO TO GIBSON  
To Connect With Minto Mines, Which the  
Company Will Purchase.  
The projected railroad line from  
Minto to Gibson has emerged from the  
position which it has occupied for  
years past as a might-have-been  
section of the Central, and is now so  
much of a probability that surveying  
is shortly to commence.  
The C. P. R. is the concern inter-  
ested. H. P. Timmerman, industrial  
agent of the railway, is understood to  
be conducting the negotiations on its  
behalf, while the provincial govern-  
ment is being represented to some de-  
gree by W. W. Hubbard, deputy su-  
perintendent of agriculture, and A. B.  
Wilmet, immigration agent.  
Messrs. Chamberland and  
Wilmet drove from Fredericton to  
Minto on Tuesday, presumably to  
look into the question of route and right of  
way. At Minto it is reported that  
surveying of the line is to be com-  
menced immediately, and the report is  
creating some excitement there.  
As a proposed part of the Central  
Railway, the Minto-Gibson line has  
been surveyed on two or three other  
occasions, an dthe track was actually  
laid for some distance, while a quan-  
tity of sleepers were purchased for it,  
but never used.  
An outlet for the products of coal  
fields at Grand Lake, which the C. P.  
R. as reported in yesterday's Sun, is  
said to be acquiring with a view to  
making themselves free from the ef-  
fects of such strikes as those now on  
at Sydney and Springhill, is the chief  
reason for that company's proposed ad-  
vance in supplying a much-needed rail-  
way connection and opening up a fine  
section of country.

BAT NELSON ABOUT TO TAKE  
LONG LAY-OFF.  
Back to the woods!  
That's battling Nelson's dope. He  
says (strange as it may seem) that  
notoriety bores him and that he is  
about to take a long lay-off, hitting  
Yellowstone Park, Indian villages and  
his ranch at O-Bar.  
"They won't have a word to say  
about me for a couple of months," says  
Bat. "Let these other fellows get the  
boats and knocks for a while. I've  
been busy with my book and real es-  
tate deals for the past three months,  
and I think that if I beat it way from  
the noise and bustle and rumpus of the  
big towns for a while they might find  
a few new things to write about. Some  
people say I'm making a free lunch of  
the papers, and get more notices than  
Bill Tait and John Tumbo together."  
"Well, you fellows can have a rest  
now. The next time you see me I may  
have a full beard or I may be in China.  
On the level, I won't write a letter nor  
send a telegram for months. I'll be so  
far away that it will cost \$6 to send  
me a postal card. He for that single  
stuff for a while. After that I'll come  
back, and the best lightweight in the  
world at that time can have a chance  
at the title and a \$5,000 side bet to  
boot."

Why Schwab Visited Sydney  
Mr. Charles M. Schwab's recent visit  
to the Dominion Steel plant at Sydney  
excited a great deal of interest in the  
"street," and many conjectures were  
made as to the real object of his visit.  
A director of the company told the  
Star the other day that Mr. Schwab's  
curiosity in regard to the plant had  
been excited owing to the fact that it  
had recently introduced the duplex  
process of steel making, a process now  
coming into use in Germany.  
Mr. Schwab wrote the management  
and asked if he and his engineers  
could inspect the process, and he was  
told that he would be welcome.  
Mr. Schwab is a blunt, outspoken  
gentleman, and while he criticised the  
plant, he also had some praise to  
make. Mr. Merrick's report on the  
company's ore area impressed him  
greatly. He said that he used to hear  
about the company's 100,000,000  
200,000,000 tons of ore at Wabana, and  
thought that somebody was romanc-  
ing. He was awakened to the facts,  
he said, by Mr. Merrick's report.
