### OUR THEATRES

#### THE NICKEL

Nickel patrons are looking forward to the continuation of the "Million Dollar Mystery" this evening with much interest. It is the twentieth episode and is even more sensational than last week's which was considered one of the most thrilling of the whole story. To-day the secret warning will be given. There is a very pleasing two-part comedy-drama "A Case of Poison." The Selig players appear in an impressive melo-drama entitled "The Old Letter." The comedy is "A Man of Parts." and is very funny. Those harmony boys, Messrs Huskins and Cairns have another new novelty song for this evening. At each performance they are most enthusiastically applauded as their work is greatly appreciated by all in St. John's. The Nickel is always good and to-day's programme is equally as attractive as previous bills. The evening performance starts at 7 o'clock.

#### ROSSLEY'S EAST END

The crowded audience at Rossley's manifested the greatest enthusiasm and interest at the presentation of prizes to the successful recipients. They were Mr. Mills, Mrs. Tullock and Mrs. Clancy, the last named generously intimating that she would present the gift to one of the patriotic funds by attending in increasing numbers the public show their appreciation of Mr. and Mrs. Rossley's efforts to benefit the receipts of the fund, which go to furnish little comforts for "Ours" at the front. The pictures will henceforth be changed three times weekly, and to-night will be shown "The Power of the Angelus" in two parts, and "Putting it Over" is a Mutual Royal comedy. Mr. and Mrs. Rossley will again be seen in their funny sketch, and Ian MacKenzie, Miss Rix Guerin and Mr. Wm. Wallace will continue their splendid programme. As this is the last week of the Mackenzie Co. Scotsmen and all lovers of good music should rally round in large numbers.

### FARWELL OF BRIGADIER AND MRS. MOREHEN

Brigadier and Mrs. Morehen who have been in charge of the Salvation Army work on the island, during the past four years, will hold their farewell meeting to-night in the S. A. Hall, New Gower Street.

The meeting will be of an interesting character, and the local Salvationists are anticipating a very large crowd.

During their term of office both Brigadier and Mrs. Morehen have done good and faithful work, which has not only endeared them to those under their command, but they have also won the respect and esteem of a large number of other citizens.

They leave by Thursday evening's express, for their new appointment, having been raised to the command of the East Ontario and Quebec Division. Their headquarters being at Montreal. We feel sure a large number of their friends will avail themselves of this opportunity of hearing the Brigadier and his wife for the last time.

### Very Successful Dance

The first of the series of dances profited by the C.C.C. for the Fall months was held last night in their new hall, Mechanics' building. It was attended by about 300 persons and was a most enjoyable event. The Corps band furnished a splendid programme of dance music.

### Has 5 Wrecked Crews

The Reid Nfld. Co. were apprised that the S. S. Erik had arrived at Indian Hr. yesterday coming South. Owing to excessively stormy weather she did not get to her destination and transferred her freight for North-east Labrador to Sagona at Indian Hr. The Sagona will go to Hopedale. The ship has five shipwrecked crews on board and has been down the coast for upwards of four weeks during which time she experienced exceptionally stormy weather.

### Condition Of Oporto Market

Yesterday the Board of Trade received the following letter from Lind and Couto, under date the 17th Sept. "Since we last wrote there has been no improvement in the demand in the demand and stocks are now very low. We, ourselves, have only 1000 qtls. in store, which should all be sold in a few days, and we are therefore in an excellent position to receive further consignments. The parcels we expect are insufficient for our requirements and it is a very good opportunity for shippers to avail themselves of our services in this market. We have been much disappointed on several occasions recently at the outright sales recently made to this market at several shillings per cwt. less than we could have returned. The position appears to be quite strong, notwithstanding the various cargoes. Norwegian cure is now a negligible quantity, there is not much fear of a decline in prices. The Eva arrived on the 12th inst., and the Spinaway on the 16th.

### Re-opening Of Ladies' Auxiliary At Grenfell Hall

The Ladies Auxiliary of King George V. Institute, re-opened the reading and writing classes, and they were very pleased to be greeted with a large attendance of pupils. The teachers were Mesdames Job (2) and Harvey; Miss Hayward and Wickham and Purlong. The classes will be continued all winter and will be of great benefit to those who may wish to receive an elementary education.

### Kyle's Passengers

The Kyle arrived at Port aux Basques at 7 a.m., bringing J. J. and Mrs. Smith, Miss Lily Smith, Miss Ruth Snuban, Miss B. Walsh, F. J. Wood, Mrs. E. E. Mason, Dr. J. O. O'Connell, Thos. F. Fahey, T. P. Dixon, Mrs. J. Forbes, T. J. Ryan, W. Gale, and C. G. Hall.

### A DASTARDLY ASSAULT; WAS ROBBED OF \$22.50

Monday night late as a young man, a resident of an outport, was passing down Water Street near Bowring's Cove he was accosted by two men of the ne'er-do-well kind and asked for the price of a drink. This he refused them, when suddenly he was knocked down by a blow, he says, both punned him unmercifully, before he could recover himself, and while he lay on the ground they stole \$22.50 from his pants pocket and then decamped. He was pretty severely cut and bruised, and has no idea as to who his cowardly aggressors were.

### Young Woman Missing

A young woman named Dinah Loveys, aged 22, of Western Bay, was reported missing to the police this morning. Miss Loveys has worked for some time past in the tailoring establishment of Mr. John Vasey, King's Road, and boarded with Mrs. Clarke of Lions Square. She left the house about midnight, and as far as we can hear, has not since been heard of. There are some facts connected with the case known to the police, to which we do not deem it fair to refer at the present juncture. It is alleged that she left in company with a man with whom she has been acquainted for some time past.

### Wounded In France

Miss Hickey, daughter of Mr. Patk. Hickey (shipwright), who is residing in Montreal, last week had a telegram intimating that her brother, Mr. Leo Hickey had been severely wounded while taking part in one of the recent heavy actions in France. Mr. Hickey had a letter a couple of days ago with the telegram to Miss Hickey endorsed.

Leo only left St. John's a few years ago and enlisted with a Canadian Regiment, so that another native of the old "City of the Sea" has shed his blood defence of Empire and world freedom.

### Exploits Notes

Exploits, Oct. 1st.—Governor and Lady Davidson with Miss Davidson visited here last week. The Governor gave an address on the war in the Orange Hall, and Lady Davidson also spoke on the work of the Women's Patriotic Society.

A few craft have arrived from Labrador belonging in the neighborhood, generally with poor trips. Skipper Clighey Scævour, from the French Shore, came a few days ago with a fair voyage. News from farther North of late has been more encouraging.

Schooner Minnie Hickmen arrived here on the 30th and discharged a quantity of freight at the Union Store, having sailed for Nipper's Hr. and other ports.—Cor.

### Port-de-Grave Notes

Port de Grave, Oct. 2nd.—On the evening of Sept. 29, the schooner "Florence" arrived at the Union Wharf here, with part of a load of provisions and dry goods for the Union Store here. The willing workers soon dispatched her, and Capt. J. Barrett, was at liberty to proceed to Mr. Matthew Patten's wharf, where he was to take in a load of sloop fish.

On Sept. 30th the Florence took on board between three and four hundred quintals sloop fish and a few casks of oil, and by 10 o'clock, Capt. Barrett, was ready for St. John's again.

Nice weather prevails now, and our fishermen are shipping nice lots of fish as a result.—Cor.

### Suffers From Blood Poisoning

We hear that a message was received to-day by the friends of the young officer saying that blood poisoning has set in, in the case of Lieut. John Clift, who was reported wounded in the knee last week. He was in the Canadian Highlanders and we hope soon to be in a position to record his convalescence as the best medical attention is being bestowed on our wounded soldiers by the British authorities.

### A Good Suggestion

Considering that the people of the extreme East End must come at night to the Post Office to get the latest war news it has been suggested that bulletins be put up in the Seaman's Institute and in the Railway Station, Water Street. We feel we are safe in saying that the management of the concerns would gladly help the public in this respect. It has also been suggested that copies of the bulletins be sent to the various clubs of the city nightly.

The S.S. Durango sailed for Halifax yesterday afternoon with a small freight.

### ROSSLEY'S WEST END

There will be a complete change of pictures at this theatre to-night and they will be well worth seeing. Mr. Rossley has spared no pains in procuring the best possible service of films to please patrons. Good singing by the four Rossley pupils who have done such good work will continue to amuse and delight their audience by singing the latest and best in popular songs. "Ours" has now become a household word in St. John's, and this snug place of amusement has done much to establish it.

### THE CRESCENT

This ever popular moving picture resort presents its many patrons to-night with a programme which cannot fail to please, so varied and interesting are its contents. Browning's celebrated poem "The Ring and the Book" will be graphically illustrated. A catching dramatic subject is "Mrs. Trenworth Comes Home," while "All for the Boy" is a melo-drama of great merit. One of the best American hits in the comedy line is given in "The Fable of the Husband who Showed Up and did His Duty." None should fail to see this excellent show to-night.

### THE BRITISH

The truly great entertainments which was given at the British, both yesterday and the day previous, were paranzed by highly enthusiastic audiences. Last night the popular band of the Nfld. Highlanders rendered rendered selections on the bagpipes, which was much enjoyed by everybody. To-day an entirely new programme will be given, consisting of five magnificent photoplays, among which are included the most popular serial—so far of the age—"The Trey O'Hearts" and a beautiful Italian creature entitled "The Star of the Sea," in which the great actress Pauline Bush plays the lead. To-night at 8.30 and 10, the famous C.L.B. band will appear and will undoubtedly add new laurels to their already-made great popularity. This will be a "show" among "shows." At 10 to-morrow the new vocalist, Ruth Emblen will appear.

### ANOTHER SCHOONER MISSING

#### Eight Men And A Girl On Board

Yesterday the Mail and Advocate referred to the fact that the schr. "Gannet" was missing and up to 1 p.m. to-day there was not a word as to her whereabouts.

We learn to-day that another schr. is missing. This is the schr. "Gleanor," R. Crocker, master, of Flat Islands, Bonavista Bay. She like the "Gannet," fished at Ryan's Bay and did well. Both vessels were in company with Capt. Wm. Winsor and came around Cape Mugford together, but when in the weather threatening early on Monday week, Captain Winsor sheltered at Ilak, both these vessels carried on, and it is now believed were lost in the terrific storm of that afternoon.

Anyhow, neither has arrived home yet and northern people here think that the Advocate's report of the finding of wreckage near the Bras Shoals is portentous.

On board the "Gleanor" was Capt. Crocker's son and son-in-law. The crew comprised eight men, three of them married, and a young woman.
