Empire Day Red Cross Fund

Yesterday afternoon the special committee of the Patriotic Association appointed to promote this fund—Messrs. Rendell, Steer and McGrath—met to consider the finalizing of it, in view of the fact that Empire Day was May 24th and the month of June had also expired. A statement by the Treasurer, Mr. Steer, showed that the subscriptions received to date had admitted of the cabling of \$4,000 sterling to England, besides which there was a balance of about \$110 in hand. It was also intimated that some outport magistrates had not yet finalized their collections and they will be written and asked to do so as speedily as possible. A list tabled by Mr. Rendell showed that there were yet about fifty concerns in the city and the outports—business houses, factories, clubs, societies, etc.—which had been forwarded subscription lists, but from which no response had been received. It was therefore agreed that the newspapers would be requested to call the attention of the desirability of having the Fund closed as early as possible and to ask them to return the lists—with the amounts subscribed, where collections had been made, and without such, if any reason it had been found impossible to organize collections in these places. In accordance with this desire this notice is published and it is hoped that all parties having these lists will arrange to have them forwarded to Mr. Steer at as early a date as possible.

The S.S. Charles Beatty which brought flour here from Montreal, sailed yesterday afternoon to Tilt Cove for copper ore.

Prospects are not so good as last week and traps are getting only from 2 to 5 qtls. The caplin has gone off and also the cod. The lobster catch is poor. The nets are not doing anything and hook and liners, poorly. There is a good salmon fishery.  
June 24th. From T. Soper, (Channel to Port aux Basques)—Prospects are very poor and there is no bait. The lobster catch is very poor. Few fishers on the grounds this week met with poor success. W. C. T. U.

A large gathering of members of the Women's Christian Temperance Union assembled at Smithville on Thursday afternoon past for their annual outing. Although King Scl. refused to grace the occasion with his gladness beams, his absence did not very much detract from the enjoyment of the day. Rather depressing however, was the news of our esteemed President's inability to be present with us, owing to an accident which occurred to her, on the preceding day. The hope was freely expressed that she would soon be able to be about again. The afternoon passed in friendly intercourse, most members, either making or renewing acquaintance with the picturesque river and its surroundings. It was cheerful however, to return to the glowing log fire, that blazed away merrily over the hearth. Several ladies had brought their knitting, and needles moved in and out, in accompaniment to the pleasant chatter. At six o'clock, all sat down to a sumptuous tea, which, after grace had been sung in concert, was heartily partaken of. Great praise is due to the Misses Furlong who had prepared so excellent a repast for their guests. Later on, a short meeting was presided over by 1st. Vice President, Mrs. Mitchell, and soon after the deepening shadows, told of approaching night, so with many good-byes and hopes to meet soon again, the various groups departed, each on their several ways. HAD TOUGH TIME.

The schr. L.H.B. Capt. W. Doyle, in going across to Alicante struck the bad weather to which we alluded yesterday in the Gulf Stream, when for three days a hurricane blew from the S. S. W. with a terrific sea and all that time she lay to under storm canvass. The ship would have foundered under them had not the crew cut in, though the bulk heads from the cabin and fore-castle and jettisoned considerable of the fish cargo to lighten her. The vessel's running gear and sails were damaged and she was repaired at Gibraltar. Capt. Doyle will proceed to New York in the Stephano to bring here a fine tern schooner of 250 tons which has been purchased by a city firm and of which vessel he will take the command.

OUR THEATRES

**THE NICKEL.**  
In spite of the disagreeable weather last evening the Nickel theatre was largely attended. The programme was a varied one, and was keenly followed by all who were present. The pictures were all by well known artists and afforded general pleasure. Intensely interesting was the story of a huge tree from its life in the forest to its being in readiness for the carpenter. The programme will be given at the big matinee this afternoon, when extra pictures will be shown. A new serial, "The Diamond from the Sky" is coming to the Nickel shortly.

The celebrated London music hall comedian, Billie Reeves, is featured in "Blaming the Duck," which is a lively Lubin comedy. Professor McCarthy has arranged a new musical programme for this week-end show. Don't miss it. On Monday Maurice Costello and Leah Baird in "Saints and Sinners" a three-reel Broadway star feature.

BOATS AND TRAPS LOST

Five Boats And Two Traps Lost By Sea.  
Mr. James Raymond of the Coulds came to the city to-day reporting that the wind and storm of yesterday carried a heavy sea and that four traps were adrift at Shoal Bay. One owned by John Hearn has been swept away and lost completely and the other three set there are badly torn by the sea. Five boats were also lost, with all their fishing gear and outfits on board. They were swept off the collar and smashed against the rocks. They were each owned respectively by Jas. Dowe, Thos. Bowe, M. Hefferman, M. Finn and Joseph Bowe. The loss to these unfortunate fishermen is a serious one, especially now at the beginning of the fishery. The men cannot purchase boats to replace them as none can be had. Each boat is worth \$30.00 with her gear. It is feared boats and gear have also been lost at Petty Hr. and Bay Bulls.
