FARM WORKERS IN COUNTRY NEEDED

Renewed Efforts to be Put Forth to Procure Help For Farm Production

Plans were finally consummated on Saturday afternoon at a meeting of the Brant County Greater Production League, at which a number of farmers and several members of the Brantford Board of Trade were present, whereby the necessary labor will be supplied to those farmers who make application for it. A strong address was delivered by Mr. Russell Kelly, vice-president of the Hamilton Board of Trade, who has been actively connected with the Organization of Resources committee of the province. Mr. Kelly reviewed the work that had been accomplished in this direction in Hamilton, and outlined the system that had been adopted there and could be equally effective in this county.

Mr. Kelly stated that with the aim to harmonize relations prevailing between the city and rural classes of the population of the county, an agricultural branch of the Board of Trade had been formed, with the result that already a better understanding was being brought about between these two elements. The reason, thought the speaker why as yet there had been no active measures taken by the farmers to secure the help, was that the favorable weather of the spring season had encouraged the farmers to get on the land, and they had been so busy with seeding that they had not anticipated the shortage of labor that must be experienced unless some steps are taken to alleviate the difficulty.

There was some doubt existing as whether the need for increased production was as vital as was stated, declared the speaker, who then proceeded to present figures which adequately proved that a much greater supply of foodstuffs was absolutely essential. It is estimated, he stated, that a soldier requires one and a half pounds more food per day than he would in normal life, and as there are approximately forty million men engaged in actual warfare on both sides, the increased demand from this source alone would amount to 21,880,000,000 pounds per year. In addition to this, there has been, at a conservative estimate, 1,000,000 tons of food sunk and a great deal more destroyed through wastage. 40,000,000 men have been withdrawn from productive work to engage in warfare, and a great many more were engaged in occupations manufacturing war materials, so that with this large shortage of labor as well as the figures mentioned before, emphasized the urgent need of some effective measure.

Not only was there a need for greater production, but for conservation, as there has been a great prevalence of wasteful methods in the past. Mr. Kelly mentioned generally ways in which economy might be exercised in this connection. Referring to the possibility of securing farm labor from the cities, Mr. Kelly thought that the idea was feasible, and pointed out that 15 per cent of the increase in population of our industrial centres each year was drafted from the farms, so there must necessarily be a large number of residents of our cities who are familiar with farm work. As a patriotic duty, he thought, that many young men would be only too willing to sacrifice their holidays to increase the food production of the country. He then proceeded to outline a proposed organization for the work.

The farmers in the county, with the exception of those in Paris and Dumfries are to be supplied with forms to be filled out, so that when returned they will contain information which will be necessary for the committee in charge to know. On the other hand, circulars will be distributed among the factories of the city to be filled out by prospective workers on farms. The labor will be drafted largely from office help who are allowed two or three weeks holidays, and who will be paid \$1.10 per day and their board. Mr. Kelly then requested the farmers present to express their opinions as to the practicality of the proposal.

One farmer stated that the expectation had been that a wage of from \$2.50 to \$3.00 per day would be asked, and that the farmers were dubious as to whether the men from offices would be able to earn that much. The radical suggestion was brought forward by another farmer that the only way in which actual assistance could be given, was by closing down all the factories for a few months. It was easy enough to convince oneself that this was impossible, he claimed, but it could certainly be accomplished. He mentioned a number of local factories which he believed could be closed. Mr. Clark, of Cainsville, thought that the greatest opposition to the movement would originate in the farming community itself, and believed that some steps should be taken to educate this element to the nature of the organization.

In accordance with this suggestion it was decided to arrange meetings throughout the county, to be held immediately in school houses and other central buildings. It was felt that Paris and South Dumfries could be looked after from the Paris end.

Coles Shoe Co., carry the finest line of hand luggage to be found anywhere. Bishop Bidwell will be enthroned Bishop of Ontario to succeed the late Bishop Mills at the Synod service on May 22nd.

"The Girl Phillips." Robt. W. Chambers greatest story at the Rex Monday, Tuesday and Wednesday.

ST. VITUS DANCE

Even the Most Severe Cases Can be Cured by Dr. Williams' Pink Pills.

Is your child fidgety, restless, or irritable? Are the hands shaky or the arms jerky? Does the face twitch? Do the legs tremble or drag? These are signs of St. Vitus Dance, a nervous disease which is confined chiefly to young children, but which often affects highly-strung women, and sometimes men. St. Vitus Dance is caused by disordered nerves, due to poor blood, and is always cured by the use of Dr. Williams' Pink Pills which fill the veins with new, rich red blood, strengthening the nerves, and thus drawing out the disease. Here is proof:—Mrs. John A. Cumming, Lower Canada, N.S., says: "When my daughter Myrtle was about nine years of age she became afflicted with St. Vitus Dance. The trouble ultimately became so bad that she could not hold anything in her hands, and had to be fed like a child. She could not even walk across the floor without help. She was treated for some time by a physician, but did not show any improvement. One day a neighbor said she had read of a case of St. Vitus Dance cured by Dr. Williams' Pink Pills, and we decided to give this medicine a trial. By the time the third box was used there was some improvement in her condition, and we continued giving her the pills for about a month longer when she was entirely cured, and has not since had the least return of the trouble. Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Ordination Service at Alexandra Church

Two services of especial interest were held in Alexandra Presbyterian Church yesterday. In the morning a beautiful and impressive ordination service was conducted by the Rev. D. T. McClintock, assisted by the members of the session. Messrs. A. M. Moyer, W. A. Dunlop, Thomas Cockburn and M. McCormack were ordained as elders of the church. An appropriate sermon was delivered by the pastor on the text, "Take heed therefore unto yourselves, and to all the flock, over which the Holy Ghost hath made you overseers to feed the church of God which He hath purchased with His own blood." The duties incumbent upon the elders were dwelt upon by the speaker, and the obligations of the office were mentioned.

THE TRUON TALE

Berlin, May 21, via London.—The Germans on the Arras front yesterday maintained their positions except in one demolished trench which was evacuated according to plans during the British attacks Sunday on an 8 and one-half mile front, says the official statement issued to-day by the German army headquarters staff. "The German announcement says the French yesterday obtained a foothold on Mont Carnillet and Mont Kell. Yesterday the Germans brought down 14 entente airplanes on the western front.

JOURNALIST PASSES

Ottawa, May 21.—Byron Robson Nicholson, journalist and author, died here Saturday after a brief illness in his 66th year. He was an attaché of the Senate.

ITALIANS GAIN

Rome, May 21, via London.—Italian troops yesterday took a hill between Paliolva and Britovo in their offensive on the Julian front, and also extended their positions on the Todi front, says the official statement issued to-day by the Italian war department.

SWEDISH WHEAT

Stockholm, May 20.—via London, May 21.—A state census on the condition of winter wheat and rye, April 30, in all the Swedish provinces shows prospects of less than a middling crop everywhere, except in the province of Blekinge, where there will be an average crop. The census shows the wheat area to be 7.3 per cent less than in 1916 and the rye area 8.2 less. Of hay, there will be an average crop.

ILL THROUGH NEGLECT

There are many people—including most women—who will take far more trouble about anyone else's health than their own. This sort of unselfishness is not really kind—it is not right. A person in bad health is always a burden in some way or another. To save others from becoming a burden, and allow one's self to become an invalid, is neither wise nor generous. Science shows that nine-tenths of the ills that afflict mankind, and women especially, are due to poor, thin, watery blood. This is the condition which doctors call anaemia, and can only be overcome by making the blood rich, red, and pure. The remedy is in your own hands—if you continue to suffer you have only yourself to blame. New blood will put an end to many ailments, headaches and backaches that afflict so many women, and the feeling of constant tiredness and indisposition to exertion so many men feel, without thinking they are really unwell. The very best remedy for this world's first condition is Dr. Williams' Pink Pills. These actually make an abundance of new, rich blood, and this new blood makes weak, bleeding, and women vigorous, healthy, and strong. If you are unwell, if you are feeling "out of sorts," give this tonic medicine a trial, and see how your vitality will restore your old-time energy and good health. You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail for one dollar a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.
