Special to The Planet.

Detroit, Aug. 5.—Harry Johnson and Harry Parker have been arrested at Cleveland, Ohio, for the murder of Joseph Moyer, Monroe avenue pawnbroker, on Friday of last week. Most of the stolen jewelry has been found on them, say the Cleveland police.

Supt. Downey received a dispatch to this effect Saturday forenoon from Chief of Police Frank Kohler, of Cleveland, O. Officers will be sent for them at once.

It is thought that they were race track followers, since the murder was committed on the night of the closing of the Blue Ribbon meet. The racers went from here to Cleveland.

ALD. POTTER TO AOT

Ald. Potter thinks that the opinion of the people should be obtained on the market building question and intends introducing a resolution that the people be allowed to vote on an alternative proposition at next election time—that the city erect a municipal building on the present site of the old town hall or that the city rent or sell the site. He is convinced that the presence of that old, red eyesore in front of the new sheds is an arrangement generally distasteful.

HORSE STOLEN

Chief Holmes received a telephone message this morning warning him to be on the lookout for a mare, stolen from Tilbury North, between 12 o'clock and early this morning. The animal is a dark brown mare, 13 years old, weighing 900 pounds. A top buggy, wine colored gear, was also stolen. The buggy has been pretty well run on the left side, dash broken on one side. PEOUJAR SIGHT

People who passed Mr. John Morrow's place on the 10th Con., Harwich, last Thursday or Friday, witnessed a peculiar sight. Mr. Morrow, who is an experienced well driller, was putting down a well on his place, and after he had capped the top of the well, it escaped the gas confined to the well, it escaped surface, a distance of about 50 feet. Mr. Morrow discovered that the cap on top of the pipe was leaking, so he fixed it and the gas escaped. A torch from the engine to test the cap for escaping gas. Everything was found all right and the torch was thrown to the ground. Without a moment's warning the ground within a circle of 30 feet was a blaze of fire. This continued to burn until Saturday, when Mr. Morrow succeeded in keeping the gas within the well by driving another pipe.

G. T. P. INVITING TENDERS.

Will Soon Have a Section of Main Line Under Contract.

Montreal, Aug. 5.—The Grand Trunk Pacific will probably have a section of their main line under contract in the near future.

It is officially announced that a number of leading contractors have been asked to take cognizance of the company's plans for some 275 miles of main line west of Portage la Prairie and tender for the same. These plans will be carried out by the end of the month from the 8th to the 28th of the present month at the headquarters of the company here.

After looking at the specifications it is likely that intending tenderers will have to go over the proposed section, but it now looks as if the first section of the Grand Trunk Pacific will be under contract by September.

He had a decision between 275 miles, or for portions of the same.
