PORT WILLIAMS AND VICINITY

Miss Laura Kinman, who has been for over two years a member of the Wolfville branch of the Mar. Tel. & Tel. Co., is spending the week the guest of Mr. and Mrs. Edwin West, before leaving on Friday for Boston where she will join Mrs. Elias Curry and go to Atlanta, Ga. Her associates in the office tendered her a farewell party on Monday evening and presented her with a handsome leather club bag. A most enjoyable evening was spent together.

Mrs. Thomas Murphy, of West Gore, who has been the guest of her daughter, Mrs. Hiltz, in Kentville, is now visiting Mrs. David Sutton, Church Street.

Quite an accident occurred at the foot of Lockwood's Hill on Saturday night, when Keith Morine, of Church Street, driving a "Star" car towards Kentville smashed into H. A. Welton, who fortunately had stopped his car when he saw the impending danger.

The "Star" car was badly broken up while the "Ford" received but small damage.

Mr. and Mrs. G. A. Dodge and son motored to Halifax for the week end to visit her parents, Mr. and Mrs. Clements.

The congregation at St. John's (Episcopal) had a rare treat on Sunday morning in listening to Dean Storrs of Rochester Cathedral, England, who gave an able address on "What is True Greatness". His father, Rev. John Storrs, was the beloved rector of St. John's for many years. His memory is still revered by children of his parishioners.

Any one who wants some delicious cooking for next Sunday's meals had better call at the King's Daughters' pantry sale on Saturday afternoon.

LADY GREENWOOD

Wife of Sir Hamar Greenwood, former Secretary for Ireland, is in Canada with her husband. They have been visiting Sir Hamar's birthplace and old home town, Whitby, Ontario.

GREENWICH

On Sunday evening, Sept. 21st, a serious accident that was a narrow escape from death, occurred almost in front of the residence of Mr. Ernest Johnson, when a Miss Schofield, employed at Mr. Robert Sterling's, was struck by a fast travelling automobile.

Miss Schofield was returning home from Mr. Harold Schofield's and was accompanied by her brother and another young lady, who both had difficulty in avoiding the car. Mr. Schofield pulled his sister aside as the car was right on them, but was too late.

She was knocked down and one of her legs broken below the knee, and she was also badly bruised and cut. The bus coming along at that time, she was taken to Wolfville to Dr. Elliott's office, where she was attended, and afterward motored to her home at White Rock, where she will be confined to her home for many weeks under the doctor's care.

The driver of the automobile that struck her never stopped to see what he had done. He was chased in another auto by one of our residents who witnessed the accident, but when he got near enough to read a part of the number the lights were quickly turned off, and he lost the car at Port Williams among other cars.

Such things are becoming too common and deserve very severe punishment.

Mr. George Wilson, who has been a resident of this place over a year, coming here from the Canadian North West, recently went to Halifax to the Victoria General Hospital to receive surgical care and treatment.

Rev. Harry Rackham, of Lawrenceville, Annapolis county, paid a call upon friends here one day last week, as he was passing through in his automobile.

Mr. and Mrs. Edward Hennigar, accompanied by guests, motored through to Annapolis Royal on Sunday, 21st, returning the same day, finding roads very good all the way.

Mr. and Mrs. George Bishop motored through to Lawrenceville, Annapolis county, one day last week, spending the day guests of Mr. and Mrs. T. A. Patterson, formerly of Grand Pre.

Mrs. William Hennigar and two little sons, of Steviacke, Hants county, returned to her home one day last week, after a two weeks' visit at the home of her late husband's brother, Mr. Edward Hennigar.

Mrs. Lee Bishop was taken to Kent-

ville last Tuesday, entering a pavilion at the Sanatorium for several weeks rest treatment. Her many friends wish for a great improvement in her health.

A number of the ladies here motored up to the new home of Mrs. William Currie at Sunnyside last Tuesday afternoon, where they enjoyed a real outdoor picnic. A fine time was the verdict of all. Mrs. Currie, as a soloist, is a great help to the choir in Methodist church here, always willing to assist with her splendid voice.

Mr. and Mrs. G. I. Fraser visited friends in Kingsport for several days last week.

Mr. and Mrs. Brenton L. Merry and two little sons, of Bear River station, were guests last week at the home of Mrs. Merry's parents, Mr. and Mrs. T. A. Pearson, Mr. Merry being on vacation.

Miss Pauline Downey, of New Minas, has our congratulations upon the result of her work in Grade X last year at the Academy, Kentville, having made 726 as pass mark, which is considered the highest marks in that grade of the Province. Last year Miss Downey made 699 in her work of Grade IX at the same school and was second in the Province in work of Grade IX.

This year Grade IX at our County Academy was good, 30 pupils wrote examinations and all passed, eight of them making over 600 in marks, some of the eight being train pupils too.

Rev. (Dr.) Manning's letter on first page of last week's Acadian—re I.O.D.E. Bazaar—caused much interesting comment in this community, many heartily agreeing with him.

PARKING POINTERS

A point to consider when parking a car on a hill is whether the driver of the car above has left the machine with wheels pointed in. If not, it is worth while to move on to another space where the car above is not likely to present a hazard. Many a car starts coasting downhill of its own accord, and the car ahead usually gets the benefit of the smash.

A RICH FINE FLAVOR

Sold in four Qualities

One Good Cow is worth Two Poor Ones

RELIABLE statistics show that the average cow produces only 3,000 lbs. of milk and 100 lbs. of butter in a year.

By the careful selection of better-grade animals for your herd and better feeding, the yearly production of milk and butter can be doubled easily, resulting in increased profit to the dairy farmer.

Weed out the culls, breed by a good sire and save your best heifers.

Our Farmer's Account Book provides for a record of your milk production. Ask the Manager for a copy.
