GROCERS' GUILD.

MESSRS. JOHNSTON AND AMBROSE CONCLUDE ARGUMENT.

Mr. G. T. Blackstock Answers for the Crown—Chief Justice Sir Glenholme Falconbridge Reserves His Decision on the Case.

Toronto, Jan. 11.—Argument in the grocers' combine case was concluded before Chief Justice Glenholme Falconbridge on Saturday morning, and judgment was reserved.

Mr. E. F. B. Johnston, K. C., continuing his argument, denied that, as alleged by the crown, the guild had taken possession of a particular field of operations. As he had previously contended, the guild was open to all wholesalers. They had Mr. Andrew Maclean, who had acted with great patience and ability in presenting and elaborating the huge mass of testimony, and who also had presented the case in argument with great force and skill, and with great fairness and moderation.

The case for the defence was conducted by Mr. A. E. Ambrose, K. C., who pointed out that the sugar refiners acted entirely independently of the guild, fixing their own prices. There was no case in which the guild's influence had been used against anyone, except in the case of a man who would not keep his agreements. In no count should any consideration be given to men who refused to deal honestly in his business with others.

Mr. G. T. Blackstock, K. C., regretted that counsel for the defence had seen fit to make so many unpleasant remarks about witnesses who had given evidence for the crown. Particularly did he regret the reference to Mr. F. W. Hudson. Mr. Hudson, acting very properly, having heard statements made by Mr. Corby, had given the crown credit for his evidence. He thought, therefore, the attack on Mr. Hudson was most regrettable, for he was a man who had his business taken away in a most cruel manner, without rhyme or reason.

The correspondence put in completely proved, to his mind, that the sugar refiners had been reduced to a condition of abject compliance by the guild. They consulted them before sell-

ing to anyone, unless they happened to be guild members, and sale in the open market was precluded.

The circular issued by Messrs. Eby & Blain was an example of the conduct of affairs. It was impossible to conceive anything more monstrous than these gentlemen sitting in judgment on Mr. Clancy's firm's application for membership, a firm of 10 per cent. of the stock of which only was held by retailers, and at the same time asking the public to subscribe stock in their own company, stating that one of the colored was that the stock would be placed with retailers whom they knew would favor the concern.

As to the guild being open to all wholesalers, he contended that resistance after instance had been given of men being drummed into line or forced out of business. He also regretted to have to draw attention to the failure of the defence to assist the investigations by the production of documentary evidence. Counsel for the defence had apparently lost sight in this case of the fact that what might be right for individuals to do singly was wrong if performed collectively.

If, said Mr. Blackstock, in conclusion, it were held that these agreements and arrangements by the guild were proper, then the statute framed for the purpose of maintaining trade freedom would be rendered nugatory and null.

The chief justice, before rising, said that owing to his engagements, he would be on the road for many weeks, and an early judgment could not be expected. He wished to offer his acknowledgments to counsel, who had acted with great patience and ability in presenting and elaborating the huge mass of testimony, and who also had presented the case in argument with great force and skill, and with great fairness and moderation.

TIGER AND BULL.

BATTLE BETWEEN THEM WITNESSED BY 6,500 PEOPLE.

Terrible Spectacle in Ring in Mexican City—Both Animals Will Die—A Ferocious Struggle—Details of the Fight.

El Paso, Texas, Jan. 10.—The fight between a Tiagua bull and a Bengal tiger in the bull ring in Ciudad Juarez, Mexico, opposite El Paso, this afternoon, was most ferocious and will result in the death of both animals. The sickening spectacle was witnessed by 5,000 people, largely Americans, and many of them tourists, who stopped over here especially to witness the barbaric spectacle. After three bulls had been despatched to the regular manner, the star performance was pulled off. The two animals, enclosed in an iron cage about thirty feet square, were brought together and the battle between the enraged brutes commenced.

The bull was first taken into the enclosure and given the usual bull fight tortures to arouse his ire and then the iron cage containing the tiger was wheeled up to the entrance, but the tiger refused to get out and open the battle and the bull attempted to get into the small cage and get at his adversary. The bull was badly scratched about the face. Finally the tiger came from his cage and the bull pored the cat with a long sharp horn as he emerged.

With a screech of pain, the cat, with a powerful lunge, broke the bull's right leg in return and then the two animals went into the fight for their lives. The tiger was able to spring out of the way of the bull in a number of instances, but when the big, heavy animal caught his adversary it went hard with the tiger. The bull stepped upon the tiger in one instance, and there was a crunching of ribs audible in the seats of the amphitheatre.

The bull also disabled the tiger in the back in a short time, and after that the fighting was very tame and was soon stopped by the cries of the Americans for pity, while the Mexicans cheered the brutal performance and wanted it to proceed. It was declared a draw by the judges, and where anything was wagered on the result the money was pulled down.

BAILIFF KILLED.

Was Struck by Fast Train at West Lorne.

St. Thomas, Jan. 10.—Mr. Malcolm Leitch, Bailiff of the Division Court at Dutton, and father of Mr. Colin St. Clair Leitch, a well-known barrister of this city, was instantly killed by the Wolverine Express on the M. C. R. at West Lorne on Saturday evening. Mr. Leitch had been in West Lorne on business, and in going over the track failed to notice the approach of the flyer, which struck and hurled his body a considerable distance.

The engineer of the train did not know of the accident till he reached St. Thomas and discovered blood on the pilot. Mr. Leitch was 70 years of age, and is survived by a widow, one son and two daughters. No inquest will be held.

SKATERS DROWNED.

PARRY SOUND COUPLE SKATED INTO GAP IN THE ICE.

Another Couple at Owen Sound Break Through—Young Lad Lost Near Adolphustown—Boy Dies at Toronto.

Parry Sound, Jan. 10.—A double drowning occurred here at a late hour last night. Among the skaters on the bay were Eli Gibson, aged about 20, son of Turnkey Matthew Gibson, of the Parry Sound Jail, and Miss Jessie, daughter of Mr. Robert Robertson, of this place. The young couple left the crowd of skaters near the foot of Belvidere Hill and struck off by themselves up the north shore of the Sound. Their failure to return last night alarmed their families and friends, and at an early hour this morning a number of searchers went out and succeeded in tracing the young couple to a space of open water at the long point of the north shore, about a mile from the town.

The searchers soon found the hat of young Gibson and the fur ruff of the young lady at the edge of the water. Returning to town a boat was dragged across the ice to the open water and grappling was at once commenced. In a short time both bodies were recovered from about thirty feet of water, with still locked arms as they had apparently skated into the open water.

OWEN SOUND YOUTH DROWNED.

Owen Sound, Jan. 10.—Robert Hammond, aged 20, was drowned in the bay this afternoon. In company with a young lady with whom he was skating, he went through the ice where the water was scarcely four feet deep. There was a large crowd nearby, and Hammond climbed out on the ice and endeavored to pull the young woman out. The ice broke repeatedly. Two young men jumped in and succeeded in getting the young woman out, but by this time Hammond had become so benumbed that he could not hold the hand of his rescuers, and he sank. The body was recovered after half an hour's search, but was beyond resuscitation.

YOUNG BOY BREAKS THROUGH.

WATERWAYSTREATY

Ready For Ratification at London and Washington.

Ottawa, Jan. 10.—Mr. George Gibbons, of London, Chairman of the Canadian section of the International Waterways Commission, was in Ottawa yesterday conferring with Sir Wilfrid Laurier relative to the treaty with the United States respecting international waterways, now ready for ratification at London and Washington. It is understood that all the details of the treaty have now been agreed on satisfactorily to both Canada and the United States, and the terms will follow the unanimous recommendation made last year in the report of the International Waterways Commission. Hon. Wm. Pugsley, who has been in Washington for the past week in connection with the treaty, returned to Ottawa yesterday.

Killed in Feud Fight.

Williamstown, Ky., Jan. 9.—Miss Ethel Ransom, aged twenty-five years, was killed and five other persons injured, two probably fatally, as a result of a feud fight on the streets of Williamstown to-day between the Lantern and Ransom families. Miss Ransom's brother, Sidney, was probably fatally wounded, as was also Charles Clark.

BURNED IN OIL.

How the Murderer Hastened Victim's Cremation.

Think They Saw Rev. Mr. Carmichael.

Toronto, Jan. 11.—Considerable excitement was created in York county yesterday by a report that a demented man answering the description of Rev. J. H. Carmichael, who is wanted for the murder of Gideon Brown in his church at Adair, Michigan, had been seen in the vicinity of Locust Hill, Constables and sectionmen started after the man, and it is reported that he was picked up at 9 o'clock last night and is now locked up in a C. P. R. oil house.

DRENCHED WITH OIL.

Detroit, Jan. 10.—To-day's developments failed to throw much light on the Battle Run church murder mystery. Motive for the killing of Gideon Brown, whose dismembered body was partly burned in the church stove, is still lacking. Rev. J. H. Carmichael, missing pastor of the church, was reported during last night and to-day to have been seen in Indiana.

An interesting development to-day was the report that shortly before last Tuesday's murder, Rev. Mr. Carmichael had ordered all the lamps of the church filled with oil. It had been customary to use only part of the lamps and those not used regularly had not been filled for a long time. As the lights had not been used for a meeting since the last filling, the theory has been advanced that oil from the lamps was emptied into the stove to hasten the cremation of the body of Gideon Brown.

M. C. R. to be Electrified.

Detroit, Mich., Jan. 9.—The Journal says that important changes in the operation of the Michigan Central Railway have been decided upon, involving the electrification of all the road's terminals here, and of the main line as far west as Ypsilanti, which is thirty miles from Detroit. Electric power will be generated by waterpower of the Huron River at Chelsea, Mich.
