<text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text> Thousand say they were Conservatives. House and say they were Conservatives. It was plainly said that it was merely a rese of Sir John A. Macdonald. He is joiged to believe that she electors would know it to be so before they were asked a Huron Signal. In wit to be so before they were asked a second time to exercise the frachise. The Veader of the Government, during the con-test, did not dare to avow that he made this (abinet only to be altered; but he (M. Bake) would warn the country against such a deception in the future. It was contrary to the compact, and violated the agreement under which the Government had gained their support. He should like ground their support. He should like ground their support. He should like ground their support. Mr. Fergu-om spake briefly in support of the Govern-GODERICH, FEB. 24, 1870.

be kow now many Reformers had got general for an epok bring is any any conservative votes on the general for any definition of the 'no-party' ery. Mr. Fergu-an spok bring is any deformers had got montage each of the 'no-party' ery. Mr. Fergu-an spok bring is accret as a Re-former, declared that nothing could be more userils than the present attack upon the Government. Their policy or their proprosed measures were not assalled, but the whole dispute was, whether two or three delared stars nothing could be more userils that the present attack upon the Government. Their policy or their proprosed measures were not assalled, but the dose not get full value for his money ignered New Brunswick and Nova Scotia. Ne stated that sir A. (Bait had supported his Government full 26 hours before his resignation, when he wrote how for the Coult no longer do so, be canned the Government full 26 hours before his resignation, when he wrote how as him a letter sping that he could no longer do so, be catter the House indicates clearly that he to fill a value for his money is rapidly brewing, and when it bursts, the doals not regular tor, Sir A. F. Galt rejoined, and asserted that fill counce. The debate on thursday and Friday has tor, Sir A. F. Galt rejoined, and asserted that fill counce. The debate on thursday and when it bursts, the dobe to ground. The follow ig as an epitome of the debate. "The debate on thursday was particularly agits tor, Sir A. F. Galt rejoined, and asserted that Gasters of the country could be the sole full walue for the debate. "The debate on the accound on the brease that the sole of the stars in a point of the debate. "The debate on the accound the the accound in the th
