CHRONIC SPLENITIS.

Physician's Report of a Remarkable Case.

Gagetown, N. B., July 22, 1869.

Mr. James I. Fellows, Chemist,—*Dear Sir*,—Allow me to bear testimony in favor of your Compound Syrup of Hypophosphites. I have used it myself for Tuberculosis with marked benefit, and have given it to a great number of my patients, with the same results as I experienced from its use. During the last seven years I have devoted myself almost exclusively to the treatment of Consumption, having cases under my care in all parts of the Province; so that I am enabled to speak from experience of the benefits derived from its use.

The most marked was a case which was under my care in March last. This was a patient who had been under treatment nine months with no beneficial results. When I first saw him, he was so feeble that he could not sit up long enough to have his heart and lungs examined. What disease he had been treated for did not appear, but I found him suffering under Chronic Splenitis. He had a severe Cough, Dyspnœa, Palpitation of the Heart, Impaired Digestion, and consequent general emaciation. I put him under treatment, prescribed your Compound Syrup of Hypophosphites, and after using four bottles, he was able to attend to his farm, and is now perfectly well. In March he was given up by four physicians respectively; in May he assisted in ploughing eighteen acres of land, and had run up in flesh from 136 to 148 pounds weight.

I send you this for the purpose of making what use you please of it, and wish you all success in your labor for the benefit of suffering humanity.

Strongly recommending the use of your Compound Syrup of Hypophosphites to all who suffer in any way from disease or weakness of the Lungs, Bronchial Tubes, or general debility, believe me your obedient servant,

J. H. W. SCOTT, M. D.

Fashion Notes.

Cuffs, collars and jabots are made of linen of medieval red or navy blue China crape, with rows of open work gathered on one side.

The country wool corn lace, finds increased favor. It was at first used only for trimming, but is now made into skirts and dresses, and as trimming for more.

For spring costumes fashionable publics predict that the stylish overdress will be "white," with the waist and skirt cut together, very long, not draped, clinging, and most simply trimmed. Skirts give grain and fine woollen goods the outline habits.

Wide cuffs and broad ties simple shape for gentlemen's wear, the favorite fash ion dispense with them altogether, and merely has the sleeve cut so as to flare over the wrist and reveal some of the shirt sleeve. Linen cuffs and pleating are the trimmings for cuffs. Transparent sleeves of net or figured lace are also worn with thick silk or velvet cuirasses.

An excellent hair dressing, preventing hair from falling out, and at the same time stimulating a new and healthy growth, is made as follows: Scald two ounces of thank tea with one gallon of boiling water; strain and add three ounces of glycerine, half an ounce of tincture of cantharides, and one quart of bay rum. Mix well by shaking, and then perfume to taste.

A fire occurred in New York City on the 5th, which destroyed nearly one half of the block bounded by Broadway, Canal Street, and Crosby streets, causing a loss of about three million dollars. By the falling of a wall of the Continental Hotel, a number of firemen were burned under the scorching bricks and mortar. Five were severely injured and three killed.

A number of New York sportsmen have had several fox chases in New Jersey recently, and each time the fox escaped, and a number of hounds were lost. Another chase is announced, and to obviate similar misfortune, a fifty-six pound weight will be attached to the fox's hind leg, and the hounds will be tied on the hindmost horses to prevent them getting lost.

BLIND BOUND HORSES.—A horse is said to be blide-bound when his skin will not slip under the pressure of the hand, but sticks as it is pinched, which condition is produced by defect on a deranged state of the stomach and digestive organs—by correcting which, and giving to them a healthy tone and condition the disease or complaint will disappear. Experience has proved that the means best adapted to this end is "Darley's Condition Powders and Arabian Heave Remedy." It has been used in numerous cases with complete success, generally effecting a cure in a few days. It is the best condition medicine known, and may be given with perfect safety at all times, and does not require that the horse be kept from work. Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Toronto, Ont., Proprietors for Canada. Sold by all Medicine Dealers.

War and Commerce.—It is urged by some that English trade has gained largely by the Franco-German war, and that she has been serving both belligerents to the great advantage of her commercial interest; but official statements prove that such has not been the case. But it is true that the sales of the "Canadian Pain Destroyer" are rapidly increasing, and gaining the confidence of the public, for curing coughs, colds, rheumatism, neuralgia, summer complaints, &c. For sale by all Druggists and country dealers. Price 25 cents per bottle.

READ THIS LUNCH.—Five to thirty drops of Thomas' Eclectric Oil, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Cough in twenty-four to forty-eight hours. One bottle has cured Bronchitis of eight years standing, recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application for all cases of pain or lameness, a thing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For diseases of the Spine and Contraction of the Muscles it is unequaled. In Rheumatism or any other pain the first application does you good. It stops Ear Ache and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good. It is no spread of six of the best oils known, each valuing ten oils, it is worth its weight in gold. Why not buy it to-day?—A. B. Dee Rochers, an infant postmaster, Arthabaskaville P. Q., writes:—"Thomas' Eclectric Oil for nine days, bathing the forehead, I have been completely cured and have only used half a bottle. This I can safely under call it an witch."—Rev. J. Mallory, Wyoming, N. Y. writes: "Dr. Thomas Eclectric Oil cured one of Bronchitis in one week. Deafers all over the country say, "We have never sold a medicine that has given such complete satisfaction as this." Sold by all medicine dealers. Price 25 cts.

Beware of Counterfeits.

For the protection of the Public of British North America, I deem it my duty to state that my Pills and Ointment are neither manufactured nor sold in any part of the United States.

Each Pot and Box bears the *British Government Stamp*, with the words, "Holloway's Pills and Ointment, London," engraved thereon. On the label is the address, 533, Oxford Street, London.

This notice has become necessary, in consequence of vile and spurious imitations of 'Holloway's Pills and Ointment,' being fabricated at 78, Maiden Lane, New York, by parties styling themselves "Holloway & Co.," with an assumed trade mark, thus—

Unprincipled vendors can obtain this trash at a very low price, and so deceive you by selling the same for my genuine Holloway's Pills and ointment, which are manufactured only at 533 Oxford Street, London.

Persons who may be so deceived will be pleased to communicate with me.

Many respectable Firms in the British Provinces, who obtain my medicines direct from here, have very properly suggested that I should, for the benefit of themselves and the public, insert their names in the papers, that it may be known that my medicines can be had genuine from them.

The following is a list of the Firms alluded to; and I particularly recommend those who desire to get my medicines to apply to some of the Houses named:—

Evans, Mercer & Co., Montreal.
Messrs. Avery, Brown & Co., Halifax, N. S.
Messrs. Forsyth & Co., Halifax, N. S.
Messrs. T. B. Barker & Sons, St. John, N. B.
Apothecaries' Hall Co., Charlotte Town.
Messrs. Langley & Co., Victoria, B. C.
Messrs. Moore & Co., Victoria, B. C.
Dr. John Pallen, Chatham, N. B.
Messrs. Munro & Co., Montreal.
Messrs. J. Winer & Co., Hamilton, Ont.
Mr. H. J. Rose, Toronto.
Mr. A. Chipman Smith, St. John, N. B.
Mr. John Bond, Goderich, Ont.
Messrs. Elliot & Co., Toronto.
Mr. J. Chalmer, St. John, N. B.
Messrs. Hanington Bros., St. John, N. B.
Mrs. Orpen, Morden, N. S.
Mr. George C. Hunt, Jun., Fredericton, N. B.
Mr. W. H. Thompson, Harbor Grace, N. F.
Mr. J. M. Wiley, Fredericton, N. B.
Messrs. W. & D. Yuile, Montreal.
Chas. I. Davies, Fredericton, N. B.

The medicines are sold at the lowest wholesale prices, in quantities of not less than £20 worth—viz., 8s. 6d., 22s., and 34s per dozen boxes of Pills or pots of Ointment, for which remittances must be sent in advance.

Chemists and other vendors of Holloway's genuine Pills and Ointment may have their names inserted in the local papers if they will please apply here—

London Commercial College

—AND—

NATIONAL TRAINING SCHOOL.

We respectfully beg to announce to the citizens of London and the public generally, that we are about to establish in connection with the above named institution, a National Training School, the design of which is to prepare students for teaching, for entrance into the Normal and High Schools, and for matriculation in Arts, Law and Medicine.

The Training School will be open for the reception of students on Monday, January 3rd, 1876.

Terms (Payable in Advance),

For the COMMERCIAL COURSE, time unlimited, $36.

TEACHER 2ND Course—For subjects required for 2nd class certificates, and for entrance into the Normal and High Schools, $12 per term of 10 weeks.

For subjects required for 2nd and 1st class teachers, $15 per term.

CLASSICAL COURSE—For subjects required for matriculating in Arts, Law and Medicine, $15 per term. Music, Drawing, Painting, French and German; extra students are admitted to each course at any time.

The College building is situated on Wellington street, south of the railway. The rooms have been recently enlarged, and it is now capable of accommodating 500 students.

Those intending to enter the Training School will find it to their advantage to do so on Jan. 3rd or 4th, at the beginning of the winter term.

The Faculty of the united Institution being composed of teachers of extensive experience and acknowledged success in the profession, the proprietors are confident that they are now prepared to offer a course of instruction in the several departments, unsurpassed by any similar institution in Canada.

The PENMANSHIP DEPARTMENT will still be under the direct supervision of Prof. Stilwell, universally acknowledged to be one of the most successful teachers of the art of writing ever connected with this or any other institution in this country; and will be free to the students of all the different departments.

The first prize in Penmanship was awarded this institution at the West rn Fair in this city in 1875.

Good board can be obtained in private families convenient to the College for $3.50 to $3.00 per week. Lady students furnished with suitable boarding places by applying to the proprietors. Books and Stationery can be purchased at the College at reasonable rates.

For further information call on or address for circular.

SCIENCE OF LIFE

OR, SELF PRESERVATION.

Written by the Chief Consulting Physician of the Peabody Medical Institute, author of the Treatise on Diseases of the Throat and Lungs, Physiology of Woman and her Diseases, a Treatise on Nervous and Mental Diseases, late Surgeon U. S. A., etc., etc. It treats upon MANHOOD, how lost, how regained not how perpetuated, cause and cure of Exhausted Vitality, Impotency, Premature Decline in Man, Spermatorhœa, or Seminal Losses (sexternal and diurnal), Nervous and Physical Debility, Hypochondria Gloomy Forebodings, Mental Depression, Loss of Energy, Haggard Countenance, Confusion of Ideas and Loss of Memory, Impure State of the Blood, and all diseases arising from the Errors of Youth, or the indiscretions or excesses of mature years.

"The untold miseries that result from indiscretion in early life, may be alleviated and cured. Those who doubt this assertion should purchase the new Medical Work published by the Peabody Medical Institute, Boston, entitled "The Science of Life, or Self Preservation." Price $1.00. Vitality impaired by the errors of youth or a too close application to business, may be restored and manhood regained. The Institute also publishes "The Physiology of Woman and her Diseases." Price $1.00. The best book of the kind extant. Also another valuable medical work treating exclusively on Mental and Nervous Diseases; more than two hundred royal octavo pages, 20 elegant engravings, bound in substantial muslin. Price only $1.25. Surely enough to pay for painting."—*London Lancets.*

"The Book for young and middle aged men to read just now, is the Science of Life, or Self Preservation. The author has returned from Europe in excellent health, and is again the Chief Consulting Physician of the Peabody Medical Institute, No. 4 Bulfinch Street, Boston, Mass."—*Republican Journal.*

"The Science of Life is beyond all comparison the most extraordinary work on Physiology ever published."—*Boston Herald.*

"Hope nestled in the bottom of Pandora's box and hope plumes her wings anew, since the issuing of these valuable works, published by the Peabody Medical Institute, which are teaching thousands how to avoid the maladies that sap the citadel of life."—*Philadelphia Enquirer.*

"It should be read by the young, the middle-aged and even the old."—*New York Tribune.*

"Let all get this great work on diseases of the nervous system, just published by Peabody Medical Institute. It is as readable as a romance."—*Bangor Daily Commercial, Jan. 19, 1876.*

"This book will put hosts of people on their guard against the terrible consequences of habits which are directly calculated to make a wreck of human nature."—*Maine Standard, Jan 9, '76.*

"It offers alleviation to the afflicted, it shows how misfortune may best be borne, how its physical and moral consequences may have their forces turned aside and be rendered comparatively harmless."—*Chicago Times.*

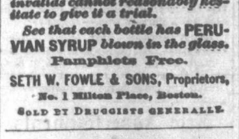
Iron in the Blood



MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protoxide of Solution of the Protoxide of Iron, is so combined as to have the character of an easily assimilated solution, and is assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning and Vitalizing and Purifying the System. The enriched and vitalized blood permeates every part of the body, searching out morbid secretions, and leaving nothing for disease to feed upon. Wherever there is a want of tone, or a deficiency of blood, or an impure state of the blood, the Peruvian Syrup will work wonders. Being free from Alcohol, in any form, it energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*
