## Spanish "Flu."

Twenty cases of Spanish Influenza were reported in the city yesterday, and three deaths resulted from the disease, the victims being Mrs. Hagerly, Queen St., Mrs. Mills, McParlane St., and a woman whose name we could not ascertain. Eight patients were admitted to the Grenfell Hall hospital, where over 100 cases have been treated since opening. Seven men and twelve women were removed to the convalescent ward. The billiard and reading rooms of the institute have now been commandeered, and the restaurant is now being converted into a ward. Dr. Campbell, who is in attendance most of the time, speaks very highly of the nurses, most of whom are volunteers. Much credit is also due the first aid soldiers Boland, Blake, Whalen and Garland, who, when Surgeon-Major Patterson called for volunteers immediately offered their services. Some 760 cases have been reported from all over the country, since the outbreak, and of these only 16 deaths have occurred. Six patients were released yesterday from the Grenfell Hall hospital, having fully recovered. Dr. Fraser received a message from Mr. W. W. Batford, Campbellton, stating that 30 persons were ill there, presumably of the disease. Mr. R. Stone, J.P., wired asking that a doctor be sent to White Rock, T.B., as there was a bad case there. Whatever assistance can be rendered, will be given to both cases immediately.

## Flash Disinfectant

Will kill the germs and prevent you from getting Spanish Influenza. Use freely in the homes, offices, stores and aboard ships.

We can supply the demand. An ounce of prevention is worth a pound of cure.

## THE SERBS.

We must admire the fiery Serbs, who have come back so strong; their dauntless courage nothing curbs, or side-tracks, very long. We thought the Serbs had looped the loops, were done, for good and all; but they came back, with ringing whoops, this most auspicious fall. They've undergone enough of woe to rend their souls in two, kerfummized by a brutal foe that never mercy knew. That foe believed all Serbs were canned who were not in their graves, that never, in their native land, would they be aught but slaves. The peoples everywhere believed that they with war were done; and this explains why men were pained when speaking of the Hun. And then one morning brought the news, "The Serbs are coming back! They're sprinting, in their six league shoes, upon the Bulgar's track! They prance along, with buoyant step, upon the mountain road; they're loaded up with so much pep they threaten to explode!" Oh, gallant Serbs, you suffered much, first victims of the fray, and now it simply beats the Dutch, how you put up the hay! Oh, Serbs, they made you the excuse for this atrocious war, and now they wonder what the deuce they made that blunder for.

## Here and There.

COUNCIL MEETING.—The weekly meeting of the Municipal Council is being held this afternoon.

For Coughs and Colds use STAFFORD'S Phoratorne.

oct14,11

RESUMES COMMAND.—Capt. Hoeburg, one of the old school of seamen, is taking command of the schooner Emanuel.

For Sore Throat and Hoarseness use Nyal's Throat Pastilles, 30c. box at STAFFORD'S.—11

FIREMEN FOR ARGYLE.—Four firemen went out to join the Argyle at Placentia, to take the place of four who had been laid off through illness.

When you want Sausages, why—get ELLIS'; they're the best.

BODY BEING BROUGHT TO THE CITY.—The body of Mrs. Roe, who died of heart failure at Grand Falls, on Oct. 22nd, is being brought to the city for interment. The funeral will take place from St. Andrew's Church on Friday afternoon at 2.30 o'clock.

ACCIDENT & FIRE INSURANCE.—Are you fully protected against both? If not see HENRY C. DONNELLY, Board of Trade Building.—sep27,1m

BURIED YESTERDAY.—The funeral of the late Miss Nan Heagle took place yesterday afternoon, and was largely attended. Interment was at the General Protestant Cemetery. Loving friends had the casket covered with choice flowers fit emblems of the life of her to whom they so recently said farewell.

FENCE IMPROVEMENT.—We wish to thank the Municipal Council for attending to the broken-down fence on the Southside Road, just above the trestle bridge. It has been re-built, and now looks solid and substantial, but the important thing is that no horses or children will now be able to fall over the bank, and perhaps become injured on the railway track below.
