UNJUST TAXATION.

Taxation is the one great burden that every House-owner and Tenant is greatly concerned about. Many are continually at their wits end to know how to meet it, in fact, we are being bled white with taxation to-day, more particularly Unjust Taxation.

I have been approached by scores of voters the past fortnight concerning the new Assessment—the City's Form of Taxation. Properties are being rated at a time when values are temporarily inflated. This tax is being unjustly levied. I have heard of cases in which the taxes are about to be increased anywhere from 10 to 250%, others to remain as before. Why such discrimination? I have yet to learn of them being reduced; is it because Householders elect to keep their homes clean and bright and take delight in decorating the exterior, thereby beautifying their locality and the city in general, that they are a mark to be feared for more taxes? The system is rotten, rotten to the core.

We are politely told by the Civic authorities that such is the Law; therefore you will agree with me that the Law should be amended. I pledge myself that with your help, that is, the help of every House-owner and Tenant in the city, that I will move an amendment to it. Voters just think of it, wages and salaries being throttled down and city taxes soaring skywards. Are you going to stand for it. You have the means; show your disapproval by voting for

FRED J. ROIL
CANDIDATE FOR CITY COUNCILLOR.
and down with taxes. More to follow.
