

## Out of Russia.

### LEVITZ FAMILY RELATE EXPERIENCE.

By the last trip of the S.S. Rosalind there arrived in the city the parents of Messrs Levitz of Water Street and also their two brothers Isadore and Bernard. These travellers came all the way from Russia the land of their birth. The passage out occupied nearly seven weeks. The party came from Vinya District now under the control of Poland. They came to Halifax on S.S. Finland and thence by the Red Cross Line. The travellers in their native language tell of great hardships suffered on the Finland principally due to the shortage of food. On the Rosalind to the contrary the people say nothing could be better. In their native land the family suffered many vicissitudes since the war began in 1914. The once prosperous province to which they belonged has been despoiled by continuous wars. The farmers are no longer producing and everything points to another war. In fact the Telegram was informed that the Poles are now getting in and drilling all available men to resist a contemplated attack by the Bolsheviks. After the assassination of the Czar the province changed hands many times, and for six months the Bolsheviks were in control. During their occupancy nationalisation was put into operation. The poorer class were greatly benefited and for the time their wants were filled. The older of the Levitz brothers, Bernard, was a member of one of the distributing committees. During the latter stages of the war his native town Crevich was the centre of fighting between the Poles and Bolsheviks, the opposing armies occupying positions at either end of a bridge over a river which runs through the centre of the town. Twice all the inhabitants were compelled to evacuate and move into the country. As it was each family had to billet 20 soldiers a most difficult proposition, considering the scarcity of food. The Poles eventually gaining the days the old order of things was restored. The equal distribution of everything under Lenin's system is fast falling to pieces in Russia. We were informed. At first the mass of the people, particularly the poorer ones, in the towns fared well, but production ceased and now there is nothing left to share. In Warsaw (the capital of Poland) the industrial life is awakening and great strides forward are looked for in the near future. A great lot of business is being done these days in Germany and about 100,000 of these or a good sized sack full, can be had for \$20 in American money. The farms in Vinya District are of large size mostly ranging from 400 to 600 acres. They are held by landlords and worked on shares. Owing to a very heavy land tax now imposed, and the lack of seed, farming operations are at a standstill. A cow would fetch more than her weight in paper money and from \$10 to \$20 in American money which is the only currency in circulation. Isadore and Bernard Levitz will make their home here. The parents are living with their son Simon on New Gower Street.

## Firemen's Services Recognized.

[Copy]

St. John's, Nfld., Jan. 9, 1922.  
Sir—I wish to express to you my high appreciation of the very splendid work done by the members of the Fire Brigade in connection with the unfortunate burning of the L.S.P.U. Hall early this morning, and in part recognition of their services. I beg to hand you herewith my cheque on their behalf for \$100, requesting you at the same time to convey to them my thanks.

I am, Sir,  
Your obedient servant,  
J. A. PADDON.  
Inspector General,  
City.

[Copy]

Inspector General's Office,  
Jan. 9th, 1922.  
Sir—On behalf of the members of the Fire Department, I beg to thank you for your very generous recognition of the services performed by the L.S.P.U. Hall Fire. Your cheque will be distributed amongst them in the usual manner. I have the honour to be,  
Sir,  
Your obedient servant,  
CHAS. H. HUTCHINGS,  
Inspector General Consty.  
City.

Apples are delicious boiled in syrup, cooled, rolled in flour, brushed with beaten egg, rolled in crumbs, and fried in a vegetable oil. Drain and fry centers with apricot jam.

## Season's First Carnival.

### MANY ORIGINAL COSTUMES.

The first carnival for the season was held last night in the Prince Rink. The affair proved very successful, being witnessed by over 2,000 people. The costumes of the masqueraders presented a pretty sight, many being strikingly original. Personification of events of local interest predominated, and the judges had much difficulty in selecting the winners. The first prize for the best all round ladies costume fell to Miss Mary Lamb, who represented a "Christmas Tree," while the second prize was awarded Mrs. Kinella, whose costume "The Peace Treaty Ratified" was very attractive. The gentlemen's prizes were won by Mr. E. G. Cousins as the "Air Mail to Halifax" and the second by Mr. J. Phelan, who represented the new tramway record "The Banks of Newfoundland." After the prize awards general skating was indulged in to music furnished by Bennett's Band. During the winter a series of carnivals will be held, the next being in a fortnight's time.

## I. O. O. F.

### ATLANTIC LODGE INSTALLATION.

The installation of officers of Atlantic Lodge No. 1, I. O. O. F., took place in the Oddfellows Hall last night; the installing officer being the District Deputy Grand Master, Bro. Geo. T. Phillips, who was assisted by Bro. F. C. Bradley, Actg. D.D.G. Marshal, Bro. J. C. Phillips, Actg. D.D.G. Warden, Bro. Geo. W. Soper, Actg. D.D.G. Secretary, Bro. D. Cook, Actg. D.D.G. Fin Secy., Bro. A. Waterfield, Actg. D.D.G. Treasurer, Bro. W. Quick, Actg. D.D.G. Guardian. The officers for the present term are as follows:—  
I. P. G.—Bro. G. P. Barnes.  
N. G.—Bro. James Carberry.  
V. C.—Bro. W. Garf.  
R. S.—Bro. Chas. Rodway.  
F. S.—Bro. C. L. Blackmore.  
Treas.—Bro. C. Hammond, P. G. Warden, Bro. H. Cranford.  
Conductor.—Bro. A. Heath.  
Chaplain.—Bro. Rev. R. W. Fairbairn.  
R. S. S.—K. Morgan.  
L. S. S.—Bro. D. Saxon.  
L. S. N. G.—Bro. S. Butler, P. G.  
L. S. N. G.—Bro. R. Newell.  
R. S. V. G.—Bro. James Butler.  
L. S. V. G.—Bro. A. Alcock.  
I. G.—Bro. H. Wiltshire.  
Organist.—Bro. W. T. Ude, P. G.  
After the installation ceremony a very pleasant social hour was spent by the brethren.

## Obituary.

### MRS. STANLEY HARBIN.

On Sunday after a short illness there passed into the valley beyond, the spirit of Mrs. Stanley Harbin, nee Flo Mastera for many years confidential clerk and head book-keeper with Messrs Pope's Furniture Factory. The deceased lady had been ailing but a few weeks, and death came as a shock to her relatives and friends. Of a retiring disposition she endeared herself to all who were fortunate enough to have made her acquaintance. Possessed of an affectionate nature, and sterling qualities, she easily won the esteem of all who met her in the world of business. Married a little over a year ago, her death comes as a terrible blow to her husband who will have general sympathy in the great trial he is called upon to bear. Left to mourn also are a father, mother and infant to whom the Telegram extends sincere sympathy. The funeral took place from her late residence 16 Buchanan Street at 2.30 p.m. to-day.

Stafford's Phosphate, best for Coughs and Colds, 35c. per bitl. Jan. 10.

## Mariners Meet.

The annual meeting of the certificated masters and mates was held in the Grenfell Hall last night. A large gathering of members at present in port attended, and very important matters were discussed. The various reports were submitted and unanimously adopted. The election of officers for the ensuing term was also held when the executive were re-elected.

## The Court House Clock.

Editor Evening Telegram.

Dear Sir—Through the columns of your esteemed paper I wish to draw the attention of the press authorities to the fact that the Court House clock is, and has been for over a month, at from five to eight minutes slow. Now, Mr. Editor, this is not good enough for this up-to-date city of ours. If this clock is supposed to register the correct time it is not doing so, and should be attended to immediately. Wake up, Mr. Clockman, and give us correct time. With thanks for space.

Yours, S. J. C.

Stafford's Phosphate for sale at Knowling's Stores, East, West and Central.—Jan. 10.

## Horsemen's Association

### ANNUAL MEETING.

The Newfoundland Horsemen's Association held a very enthusiastic meeting in the Board of Trade Rooms yesterday afternoon. The attendance was large and representative, and the discussions throughout were in true sportsmanlike spirit. Hon. Dr. Campbell occupied the chair and outlined the evening's programme. The minutes of the last annual meeting were read and adopted, as was also the statement of the accounts, Secretary-Treasurer A. H. Salter being complimented on his satisfactory work. Mr. Salter's report, which embraced the period when the Association was first formed, February 25th two years ago, proved very interesting to the meeting. In this he referred to the Treasurer, Hon. H. J. Brownrigg, and the courtesy of Mr. J. W. N. Johnston in last year lending his office in which to hold the meeting. At the close of the report Mr. Salter tendered his resignation as Secretary of the Association. Before proceeding to the election of officers Mr. John Curran, the veteran horseman, was called on by the Chairman to make the presentation of the silver cups won last year. Doing so he congratulated the winners. Messrs. John O'Driscoll and Joseph Judge made suitable replies. A letter from the Treasurer, Hon. H. J. Brownrigg, tendering his unavoidable resignation was read by the Secretary, Mr. Brownrigg intimating that despite his resignation his interest in the Association would not lapse.

### Election of Officers.

The election of officers resulted as follows:—  
President—Hon. Dr. Campbell.  
Vice-President—H. Macpherson.  
Treasurer—A. E. Perkins.  
Secretary—John O'Driscoll.  
The retiring officers were placed on the executive, and the following additional members added, John Curran, H. Stevenson, John Duff, M. Taylor.

### Race Day.

The newly-elected officers being installed the matter of date for holding the races was discussed. It was decided that the day be set for Feb. 5th, and should conditions be not favorable then, that the meet would take place on the next succeeding Wednesday.

### Entries.

The matter of entries brought forth quite a discussion on account of some dissatisfaction last year over the Farmer's Race. It was proposed that this year the rules be altered and the contest consist of 1st—Free for all trotting; 2nd—Free for all pacing; 3rd—Class A for horses not fast enough for 1st and 2nd; 4th—Native bred trotting. The entries for last year, however, were allowed to stand. It being found inadvisable to alter them. The misunderstanding over the Farmer's Race was settled by a ruling that all horses working on a farm are eligible for the Farmer's Race. It was also decided that the entrance fee in all races would be \$5.

### Prizes.

In the matter of prizes Hon. Dr. Campbell offered to donate a silver cup similar to last year's. The money prize of \$50 for first place in both the Farmer's and Carban's races was not altered, nor were the prizes for the other places, except in the case of the Carban where the second prize has been increased to six sacks of oats. The appointment of various committees in connection with the pond was next taken up. The Captains of the course selected were, Messrs. W. J. Higgins, M.H.A., M. Butler, T. Volsey; Judges, Brother O'Regan G. R. Williams, Reg. Dowling; Judges of the course, Sir John Crosbie, A. H. Salter, Mr. Taylor.

The roping of the course was left in the hands of Brother O'Regan. The Association also decided to ask Inspector General Hutchings, who is an honorary member, for police protection in order to prevent accidents when spectators crowd in on the course. A communication from Mr. Leslie C. Reid, Secretary of the S.P.C.A., in reference to the use of the check rein was referred to a select committee. The meeting adjourned at 6 o'clock.

## QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

AT BALMAIN PLACE.—The following are guests at Balmain Place—Rev. W. J. Rowe, Smiths Sound; Mr. J. Bishop, Capt. J. Parsons, Bay Roberts; Mr. M. J. Hearn, Colliers; Mrs. Holt, Miss Allan, Hr. Grace; Mr. E. Northrop, New York.

MINARD'S LINIMENT USED BY PHYSICIANS.

## Demolishing Ruins.

### DEBRIS OF L.S.P.U. HALL BEING REMOVED.

All yesterday afternoon gangs of men under the supervision of delegates were engaged demolishing the standing portions of the L.S.P.U. Hall. It was not until midday that the fire was subdued. A part of the tower which formed the front of the building proved a dangerous task in the taking down. It was accomplished however without damage, about dusk. This morning a large chimney was pulled down. It had been stayed with ropes to a house nearby owned by Capt. Joy. In the fall the chimney buckled out in the centre portion and the top part fell in on the house to which it was stayed and did considerable damage to the roof. The books and papers of the Union kept in a fire proof safe were found yesterday intact. A meeting of the Executive of the Union will be held in a few days when the matter of providing temporary quarters will be discussed.

## Rose of Sharon, R.B.P.

### LOYAL ORANGE ASSOCIATION.

Last evening the installation of the officers of Rose of Sharon No. 216, R.B.P., took place in Victoria Hall. Grand Master Jordan Milley conducting the ceremony. The new officers are as follows:—  
W. Preceptor—James Wheeler.  
D. Preceptor—Robert Skeans.  
Chaplain—George Cook.  
Registrar—L. J. Ivany.  
Treasurer—L. J. White.  
1st Lecturer—John Norman.  
2nd Lecturer—R. Dore.  
1st Standard Bearer—Eli Harris.  
2nd Standard Bearer—C. Noseworthy.  
1st Censor—C. Moore.  
2nd Censor—Azzariah Piercey.  
Inside Pursuivant—H. Long.  
Outside Pursuivant—J. Cook.  
Committee—T. Noseworthy, Wm. Pike, John Taylor, Charles Downton, H. Gillett, J. J. Butler and Arch Hicks.

## WHY YOU NEED IRON

To make you strong and "brandy" and put the power into your blood to overcome disease germs

The food you eat contains carbon. When your food is digested it is absorbed from the intestines into the blood. When the carbon in your food comes in contact with the oxygen carried by the iron in your blood, the carbon and oxygen unite and by so doing they give off tremendous heat, thereby giving you great force, strength and endurance. Without iron your blood carries no oxygen and without oxygen there is nothing to unite with the carbon in your food, so that what you eat does you no good—you do not get any strength from it—it is like putting coal into a stove without a fire. You cannot get any heat unless the coal unites with the fire.

The strongest weapon with which to prevent and overcome colds, pneumonia, kidney trouble, rheumatism, nervous prostration, in fact almost any disease or disease germs is plenty of good rich, pure blood, strength, energy and endurance and the greater energy carried in the body is organic iron, not metallic iron which people usually take, but organic iron like the iron in spinach, lentils and apples, and like the iron contained in what is known as organic Nuxated Iron, which may be had from almost any druggist. Nuxated Iron often increases the strength, energy and endurance of weak, nervous, run-down folks in two weeks' time.

It has been used and highly recommended by former United States Senators, Members of Congress, Judges of U. S. Courts, many physicians and prominent men.

Over 4,000,000 people are now using it annually. Satisfactory results are guaranteed. Manufacturers will refund your money. Sold by all druggists in tablet form only.

## NUXATED IRON

## Splendid Comedy Produced.

"Blundering Billy," the well known comedy drama, was presented in St. Joseph's Hall last night by Mr. T. M. White's dramatic troupe. A capacity audience attended the performance. The play abounds in plenty of good clean comedy, while the story grips the audience from the outset. The various roles were splendidly portrayed by the principals being Messrs. T. M. White, J. J. O'Grady and J. M. Spears, whose work is well known in local amateur theatricals, and they left nothing to be desired in last night's performance. Miss Irene Kennedy who did so well recently in "A Woman's Honor," was again a big success in the leading female role, and she was ably sustained by Miss Vaughan and Ryan. Messrs. J. J. Sullivan and A. Galkay also did well in their respective roles. During the intervals songs were rendered by Miss Ida Howlett, while the Mount Cashel boys charmed all with their dancing specialties. After the play dancing was indulged in, and a very enjoyable time was spent.

Yours truly,

## As to Confederation.

### Editor Evening Telegram.

Dear Sir—Only recently a copy of the Advocate containing Mr. Coaker's remarks, re Confederation, to the F.P.U. Convention came into my hands. After thinking the matter over I can come to no other conclusion than that Mr. Coaker's pronouncement was the result of a hastily formed judgment that I shall not be surprised to see him modify when he has had the time to give the matter the consideration its importance entitles it to. Mr. Coaker's chief objection to Confederation is that owing to Canada being a fish producing country it would not furnish a market for our product, and that she has nothing else to offer of material advantage.

It is true that two of the Provinces of Canada are fish producers, but in neither is fish the staple product as it is with us. Canada is primarily and essentially an agricultural country, yet the great agricultural Provinces—the wealth producers of the Dominion—do not hesitate to put their hands deeply in their pockets to provide the wherewithal to generously aid the development of Nova Scotia and British Columbia's fisheries, and without a shadow of a doubt the Dominion would be quite ready to extend equal facilities to the prosecution of our fisheries were we in the Confederation.

Canada produces a considerable quantity of dry codfish, but as a market for the major portion of it is found in the West Indies and Brazil, it enters but to a trifling extent into competition with our product. In the past twenty years Nova Scotia has almost entirely monopolized the West Indies markets owing to the facility with which shipments of any size may be made thereto through the medium of weekly sailings of subsidized steamers from Halifax to the chief W. I. trade centres. Assuredly one, and the writer believes two, lines are thus subsidized directly in the interest of the fisheries industry of Nova Scotia. Nothing can be more certain than that were Newfoundland a Province of the Dominion the services of those subsidized steamers would be as available to us as they are now to the trade of Nova Scotia.

But the services that would be available to our trade, were we in the Confederation, through the mediumship of Canada is "National Mercantile Marine" would be immeasurably greater than those Nova Scotia could utilize. It is well known that the Canadian Government has already, in its about to put in Commission a Montreal-Mediterranean line of steamers, and that these could and would render services of the utmost importance to our fishery industry. We would have continuous sailings of fast boats to Mediterranean ports that would be able to offer lower freight rates and to accept fish consignments of such volume as would render available a repetition of the congestion that recently resulted. These, however, are only cases in point, and do not in any way represent the measure of the advantages that would come to Newfoundland as part of the Dominion.

On the other hand the writer is not "a Confederate on any terms"—he recognizes that Canada is destined to become a great nation, but this can result only through wise country policy. It is about to put in Commission a Montreal-Mediterranean line of steamers, and that these could and would render services of the utmost importance to our fishery industry. We would have continuous sailings of fast boats to Mediterranean ports that would be able to offer lower freight rates and to accept fish consignments of such volume as would render available a repetition of the congestion that recently resulted. These, however, are only cases in point, and do not in any way represent the measure of the advantages that would come to Newfoundland as part of the Dominion.

On the other hand the writer is not "a Confederate on any terms"—he recognizes that Canada is destined to become a great nation, but this can result only through wise country policy. It is about to put in Commission a Montreal-Mediterranean line of steamers, and that these could and would render services of the utmost importance to our fishery industry. We would have continuous sailings of fast boats to Mediterranean ports that would be able to offer lower freight rates and to accept fish consignments of such volume as would render available a repetition of the congestion that recently resulted. These, however, are only cases in point, and do not in any way represent the measure of the advantages that would come to Newfoundland as part of the Dominion.

In the first place this would relieve us of the burden imposed recently on the payment of the million and a half subsidy to the Reid Nfld. Co., and would give us a real railway service that in comparison with which we, today, have nothing. As previously stated I cannot conceive of Mr. Coaker's astute mind failing to grasp the many and great advantages that such terms of union as we would accept could confer, unless it be that he had not given the matter the consideration it calls for, or that he is desirous of holding off Confederation in the hope of materializing his Nationalization of Fish Sales project.

If, in the future, be it near or remote, the question of Confederation should become a debatable issue it is to be hoped we will recognize that the gravity of the problem calls for a calm and thorough analysis of its features, and that no one will stoop to introduce therein the contemptible political tactics of 1869.

## The Humber Proposition.

Dear land of my fathers, most fondly I love thee  
To me thou art dearer than all lands on earth.  
In song and in story I'd place none above thee  
For thou art the land that hath given me birth.  
You are rich in your valleys and wood covered mountains  
What land can of scenery more exquisite boast;  
Home of the wild deer and clear crystal fountains  
And your beauties are many upon the West Coast.

O, who have not heard of the mild flowing Humber  
Now what land can offer a more beautiful scene:  
Above and below on its sides silent slumber  
Great wealth all awaiting progressions machine.  
Yes, there it awaits but the hand of the reaper  
Its plans to develop, its worth to out-pour;  
Silence, too long has stood there as its keeper  
O, dear land awake, and permit it no more.

You know that your sons and your rosy cheeked daughters  
Have sailed in the past to far lands with toil;  
To seek that employment across the blue waters  
Which fate did not will to be given by thee.  
But I pray that the day won't be long when they'll find you  
Most prosperous and happy laden with toil;  
To the wheels of progression may come fortune blind you  
Yes, bright may her rays shine around your dear Isle.

O, I know dearest land that it is your ambition  
To awake from the slumber you too long have wed;  
Yes, you will arise, like a soul-stirring vision  
And a halo of plenty around you be shed.  
Bell Island and Grand Falls may be seen as a token  
Of what may be done by true courage I mean;  
O, I pray that their value may reign long unbroken  
For dear land a source of much wealth they have been.

May the day soon be here when beside the fair Humber  
The sweet, cheery song of the toiler resound;  
May no longer its wealth be permitted to slumber  
But there may contentment and blessings abound.  
O then Terra Nova your sons who have wandered  
And daughters also to a far foreign shore;  
Who often shed tears and upon you have pondered  
They will fly to your bosom, to leave you no more.

St. John's, Jan. 9, 1922.

## McMurdo's Store News.

TUESDAY, Jan. 10.

Our Quinine Hair Tonic possesses no magic properties, and does not claim to be able to restore the growth of hair where the hair follicles have been destroyed by dandruff and neglect, but if used in time it will generally restore the hair to its normal healthy and lustrous condition, by putting the scalp into better condition, preventing the growth of dandruff and scurf, parasitic substances which choke the growth of the hair and render it dry, lustreless and eventually grey and thin. It will make the hair more abundant, thicker, softer, and more glossy—in a word restore it to its pristine glory. Of course it is necessary to use Quinine Hair Tonic as soon as any serious change takes place in the appearance of the hair and not wait till it begins to come out freely. McMurdo's Quinine Hair Tonic will also be found excellent as a dressing.

## Sent the Chocolates Too.

A sailor returned from a voyage—well, round the world, you know—and called on the girl he loved—well, the girl he loved in London. Of course, there are girls in Hawaii, Pekin, and Timbuctoo.

"Ere, Jackie," he said to the lady's little brother, "take this bouquet of flowers up to Ethel."

"I've just taken a box of chocolates up to her," he volunteered.

"Oh," said the sailor. "And who was the box of chocolates from?"

"The little boy winked."

"E didn't give no name," he reported.

"Oh, did he?" the sailor scoffed.

"Well, just take these flowers to your sister and say I sent them—Dick Twoheart—the same bloke who sent the chocs."
