She grew weary of foot, and to the wildness of her anguish succeeded wildness of her anguish succeeded a merciful apathy, which steeped her senses. The night came on; the gas lamps were lighted in the streets; the warehouses and shops were clos-ed; there were fewer women in the streets; and in happy homes in the suburbs, at the north and south and east and west of the great teeming city, wives and daughters were gathered into pleasant homes. RIGHT OF TRANSFER. Ottawa Jury Gave Suitor \$100 and Price of Ticket.

Ottawa, Dec. 17.-Judge McTavish and the jury in the County Court yesterday decided a suit involving the right of a passenger on a street railway to transfer at any point on the line. The case was that of Por-ter versus Ottawa Electric Railway Commany. Plainiff having security Company. Plaintiff having secured on Rideau street a transfer to Bank, got off the Rideau street car at the corner of Rideau and Sussex, five blocks on the rear side of the trans five Bank. A minute later he boarded a Bank street car at the corner of Rileau and Sussex, and tendered his transfer slip. The conductor refused to accept it, as it was not a trans-fer point for that line, and, laying his hand on the passenger's shoulder ordered him off the car. Porter paid another five, under protest, and took action against the company for assault and damages. The jury awarded him \$100 for assault, and held he was entitled to damages in five cents, the price of his second ticket. The verdict makes good plaintiff's contention that notwith standing the printed conditions on the ticket a passenger is entitled to transfer at any point on the line of a continuous passage.
