Agony.

The wonderful cure related below is by no means unusual with Hood's Sarsaparilla. This great medicine has given health to suffering children, even when health seemed impossible. The secret of its success is that it purifies the blood, and enriches the blood.

"I wish to tell of a wonderful cure effected by Hood's Sarsaparilla. Five years ago my little boy was suddenly seized with a severe knee, which some physicians said was rheumatism, while others said it was hip disease and that it was incurable."

Incurable

During the next winter and spring he became rapidly worse. We took Jimmie to a specialist, who said it was hip disease. At this time the affliction became so severe that we could not move him without causing screams of agony. He became reduced in weight to 30 pounds, and was but a shadow of his former self. We had about given up hope when we read of a cure by Hood's Sarsaparilla of a similar case. We resolved to try this medicine. Jimmie was decidedly improved after taking the first bottle. He was even

Better

after the second. We have since used over a dozen bottles of the medicine, and the change has exceeded our expectations. James is now able to walk without the aid of crutches and goes to school every day. He has been wonderfully cured by Hood's Sarsaparilla." J. O. RUNDLE, Oakley, Michigan.

Druggist C. C. Tubbs says he knows the Rundell boy has been wonderfully

Cured

by Hood's Sarsaparilla and that Mr. Rundell is thoroughly reliable. He has a good sale of Hood's Sarsaparilla and Hood's Pills, both of which are giving perfect satisfaction. He says Hood's Pills seem to be the coming family cathartic.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other. Insist upon Hood's, because

Hood's Sarsaparilla

CANADIAN SCHOLAR DEAD.

Dr. McIntyre of Toronto—His Career in the West.

Toronto, May 23.—The death occurred here yesterday of Dr. Macintyre, principal of the Presbyterian Ladies' College. He was about six weeks ago with nervous prostration, superinduced by overwork. Thomas Macintyre, Macintyre, M.A., LL.D., was born at Durst, Kent county, in 1841. He was educated for the teaching profession, being for a time a pupil under the late Rev. D. J. Macdonnell, then a grammar school teacher at Wardsville. He began his university course in 1864, and in 1866 accepted the position of adjunct professor of mathematics. In 1870 he received the appointment of headmaster of Bowmanville High School, which position he occupied until, in 1872, he took charge of the Ingersoll High School. Six years later he was called to fill the position of principal of Presbyterian College, which he conducted successfully for eleven years, removing to Toronto in 1888, where he instituted the Presbyterian Ladies' College, of which he was principal up to the time of his death.

AN ALARMING INCREASE.

The Prevalence of Female Complaints Found to Result Largely from the Kidneys.

Saginaw, Mich., May 18.—Doctors are beginning to turn their attention more exclusively to the causes for the great increase of what are known as female complaints during the past ten years, and to the remedies for the same. Many cases have been investigated, and among others that of Mrs. Reany, of Ashland, Wis., who was cured of this form of trouble by the use of a kidney medicine known as Dodd's Kidney Pills, which originated in Canada, but has now become widely known and used throughout the Western States. This and other similar cases go to show that these troubles are largely due to the kidneys, and that the above mentioned remedy is likely to have a great effect in lessening the number of victims to this form of complaint.

Bicycles, something new, the American. See the improvements and truss frame. No additional cost. J. E. Adkins, jeweler, agent.

The Secret.

Thousands of birds in all parts of the country are constantly under our care, and we take as much pains with our own children. Then we give expert advice free of charge on receipt of a stamp. Herein lies the secret of enormous sales of patent "BIRD SEED" and COTTAM'S BIRD SEED.

Sold by all dealers—10c per lb. JWS

In Business Circles.

The Waiting Condition Still Continues Across the Border.

Small Sorting-Up Demand at Toronto—Business at Montreal Fair.

New York, May 23.—R. G. Dun & Co.'s review says: There is nothing like reaction in business, for the volume is small. The stock market refuses to obey orders for a panic. Manufacturers are not gaining on the whole, but very few are losing. The business world has the best of reasons for refusing to go into a panic, and it looks hopelessly forward to definite improvement as soon as political uncertainties are taken away. The waiting condition, which seems to some people nothing better than stagnation, still continues. But there is a difference. Thousands of orders and contracts are merely deferred because they can be more safely given a little later. There is nothing exciting in the speculative market for exportable products, and the stories about damage to wheat have been numerous, but the general belief regarding the future supply is fairly reflected in the decline of 1.62 cents per bushel. The boot and shoe manufacturers have quite the best of it at present, and although shipments from the east are for the month thus far about 7 per cent less than last year, they are larger than in any previous year, and the factories are nearly all employed full time, most of them having orders for some months ahead.

A slight advance in women's grain shoes is the only change yet made in prices, but a general advance is expected. The textile manufacturers are still waiting and the extensive curtailment of production does not strengthen prices in the least. The market for woollens is exceedingly dull, notwithstanding the stoppage of many mills, and there is a slight decline in some grades. Sales of wool have been \$18,260 pounds for the week at the three chief markets, and for three weeks ending May 21st, 9,187,400 pounds, against 15,948,350 in the same period of 1892. Failures for the week have been 227 in the United States, against 207 last year, and 23 in Canada, against 23 last year.

Bradstreet's report says: The reactionary tendency in prices, shrinkage in railroad earnings, the falling off in bank clearings, and the fact that the present constitutes the beginning of the between-season period, include the more conspicuous features of the general business situation. On the other hand, business failures have fallen off sharply. The total number of business failures throughout the United States this week shows a marked falling off from the weekly average during the past four months—216, as compared with 265 last week, and 298 in the like week of 1892. Exports of wheat, flour included as wheat, from both coasts of the United States this week, amount to 1,906,000 bushels, as compared with 1,908,000 bushels last week, 2,754,000 bushels in the week one year ago, 2,310,000 bushels two years ago, and 3,106,000 bushels three years ago. Bank clearings aggregated \$991,000,000 throughout the United States this week—a falling off of 2.7 per cent from last week, and 1.8 per cent from the total in the third week of May, 1893.

IN CANADA.

Toronto reports a small sorting-up demand in general lines, with travelers just starting out to sell winter goods.

Montreal wholesale merchants report business as fair only, with new features. Pending elections induce uncertainty.

A better demand for staples is reported from Quebec city, but rain is needed in the lumber districts in order to get the logs to the mills.

Bank clearings at Winnipeg, Hamilton, Montreal, Toronto and Halifax aggregated \$19,821,000, compared with \$20,423,000 a week ago, as contrasted with \$19,721,000 in the third week of May, last year, and with \$19,990,000 in the like week two years ago.

THE TOBACCO EMBARGO

Causes Excitement Among New York Dealers—Congress May Retaliate on Spain.

New York, May 23.—The Advertiser publishes the following: There is a movement on foot among local tobacco dealers and workers to retaliate on Spain for the embargo placed on Havana tobacco by Gen. Weyler. It is nothing less than to put a prohibitive duty on imported cigars. To the end that Congress may take prompt retaliatory action it is proposed that public meetings be held in all the cities and Congressional districts affected. A bill is being drawn, and will be submitted to Congress early next week. It will increase the duty on imported cigars from 35 to 40 or more, and provide for a like increase on imported manufactured tobacco. Every effort will be made to push the bill promptly through both branches of Congress, so that it may go to the President before adjournment.

The revolutionists have levied a tax of \$5 a bale on planters, who will not be forthcoming if the United States market is cut off, and the result, it is feared, will be the complete destruction of the fields. The prohibition order was issued by Spain, it is believed, to strike at the thousands of tobacco dealers here, who rely upon the Cuban product, and whose earnings have largely gone towards supplying ammunition to the insurgents.

Washington, May 23.—Senator Pasco, of Florida, has had another conference with Secretary Olney in relation to Gen. Weyler's proclamation forbidding the exportation of leaf tobacco from Cuba, and was informed that Mr. Harris Taylor had been instructed to make representations concerning the order as it affects the United States to the Spanish Cortes. He was instructed especially to ascertain whether Gen. Weyler's order was to apply to tobacco in Cuba owned by American citizens.

It is also expected that other Governments may protest against the enforcement of the order. It is estimated that Germany and Italy are interested to about the same extent as those of the United States. France and Italy are also concerned.

We needs must love the highest when we see it.

LIFE SAVED.—Mr. James Bryson Cameron states: "I was confined in my bed with inflammation of the lungs, and was given up by physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice, I procured the medicine, and less than a half-bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was induced to such a state that I doubted the power of any remedy to do me any good."

Crossing the Tracks.

The Last of the Street Car Horses Thrown Out of a Job.

By an Interim Order from Ottawa Granting Permission to Cross the Tracks With Electric Cars.

Late yesterday afternoon, an interim order arrived from Ottawa giving temporary permission for the street railway company to cross the different railway tracks in the city. This order throws the last of the street car horses out of employment. Two of the animals have been engaged for some months in fulfilling the letter of the law, permitting only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse. The order states that up to and including the day of the next session of the committee, the street railway company may cross the tracks on condition that they shall permit only horse-cars to cross the C. P. R. and the L. and P. P. S. R. They stood at the crossings and were attached to the cars, and the motors were thus enabled to cross at the crossings, although they generally assisted the horse.
