Mr. John Charlton Elected by Acclamation.

The Liberal Candidate for West Elgin Hurt.

Dates of Meetings in the Interest of Middlesex Nominees-Bye-Election in Winnipeg.

MR. CHARLTON ELECTED.

Simcoe, Nov. 1.-Mr. John Charlton and Mr. J. C. Ross, the two Liberal candidates in North Norfolk, met in Tilsonburg today with a number of the leading men of the party in the riding, and the result of the confer-ence was to dissipate the misconcep-tions existing in many minds as to Mr. Charlton's position. Explanations satisfactory to all have been made and accepted, with the unanimous concurrence of everyone present.

Mr. Ross placed his resignation in the hands of Registrar Donly, the returning officer. Mr. Charlton is now for the eighth time Liberal memberelect for North Norfolk. Mr. Ross stated his position in a most manly and straightforward manner. He was only solicitous that it should not be made to appear that the Liberals of North Norfolk were disloyal to the party or its Ottawa leaders. For his own part had did not desire a contest own part he did not desire a contest, and would be guided by advice from the local leaders. Mr. Charlton claim-ed that he should not be held responsible for constructions put upon what he had done by the Mail and other Tory papers. He was still a Liberal. He wished to be judged by his pub-lished address, and he was prepared to stand by it. If sent back to Ottawa he would accord the government a loyal support so far as he considered its future acts accorded with his published views. On a vote of confidence he would cheerfully support the government, and had given no pledge to MR. A. D. McGUGAN.

Republicans Says That Threats of Democratic Leaders Will Prove of No Avail.

New York, Nov. 1 .- The Republican national committee today issued a formal statement to voters, as follows: "Mr. Croker, the head of the Democratic organization in New York, has ordered his associates to gather in force at the polls next Tuesday, and in case they see the result of the count going against them, to eject the election officers and take possession of the ballot boxes by force. This astounding anarchistic order has been approved and indorsed by Senator Jones, the chairman of the Democratic national

committee. "The Republican party has always stood squarely for a fair vote and an honest count. A dishonest election is possible only through violence which has been threatened by the Democratic leaders because an equal number of inspectors from both political parties is present at every polling place, and so long as these inspectors are not interfered with the voting must be conducted fairly. The Democratic plan officially declared now is to overpower the inspectors whenever their party exigencies appear to require violent in-
