SERMON TO STUDENTS.

St. Andrew's Church was not large enough last night to contain the crowd that sought admission to the edifice, the occasion being the first of a series of sermons for students to be held in the various churches of the city. The Medical College, the Western University, the Normal and Model schools and the business colleges of the city were all well represented. Dr. Johnston's subject was "The Supreme Law of Life," from the text, Mark xii, 29, 30, dealing especially with the words "Thou shalt love the Lord thy God with all thy mind." The sermon was an earnest appeal for the devotion of life in the period of youth and in the formative time of character to allegiance to Jesus Christ and to service for the world. The importance of recognizing religion as the controlling power in the intellectual life of man, as well as in the emotions, was strongly emphasized, as well as the value of regarding every day of life which one might undertake, as a calling in which they could labor with Jesus

Christ.
