CHINESE LOAN IS OFFERED TO THE PUBLIC

Independent Group of Bankers Cuts Out Six Power Combinations. [Canadian Press.]
London, Sept. 23.—Half of the Chinese can of \$50,000,000 is to be offered to the

public in London for subscription on Thursday or Friday of this week, according to Charles Birch Crisp, head of the Anglo-Russian Bank, who has been prominent in the negotiations.

Lloyd's bank is supposed to stand sponsor for the loan. capitalists here have hesitated to be-lieve that the independent group of bank-ers has been able to cut the ground from under the feet of the "six power" com-bination representing Great Britain, the United States, France, Germany, Russia and Japan The latest advices from

and Japan. The latest advices from Peking, however, appear to be convincing on this point.
The British Government has retreated from the position of strongly supporting the Hong Kong and Shanghai Bank as a result of the newspaper atacks which accused it of backing a monopoly.

The lesue of the independent loan is largely due to the efforts of Dr. George Morrison, former correspondent of the London Times, on the Peking and now political adviser to the President of the Chinese Republic. He spent a month in London conferring with financiers and

politicians.

The work of A. Wendell Jackson, of New York, consisted principally in bring-ing together the representatives of the Chinese Government and bankers:

Mutuel street, this evening by the Toronto Board of Trade. Immediately after their arrival. Mr. and Mrs. Borden went to Castle Frank, the home of Hon. A. E. Kemp, and outside of re ceiving a deputation of the Canadian Suffrage Association, the Premier spent a day devoid of public engagements.

The delegation from the Canadian Suffrage League waited on the Premier at 10 o'clock, and Mrs. Flora MacD. Denison presented an address, in which the suffrage question was fully reviewed, and attention called to the fact that Canada was largely behind Australia and New Zealand in granting the franchise to women. The fact that the league depended on a propaganda of education to advance

heir cause was emphasized. After hearing the address, Mr. Borden asked if any of the deputation had anything to add and Miss Margaret Gordon asked if it would be possible for women to vote on federal elections without being enfranchised for the provinces. The Premier replied that under the federal election act of some fifteen years ago it had been agreed to use the proincial lists in the Dominion. Until the law was repealed there would be no pos-sibility of women being given votes in federal affairs except through the pro vincial lists.

As to the request of the deputation, he nformed them that the question of extending the franchise to women had not been considered, and invited the members of the association to send circulars pearing on suffrage to himself and his
