HOW CAPTAIN TATLOW SPENDS A HOLIDAY

Minister of Finance Kept Busy Lecturing on Advantages of Province

Following is an extract from a letter received by Col. A. W. Jones, of Victoria, from Charles S. Jones, of London, who for many years was a resident of British Columbia and still, as may be seen, takes a lively interest in the province.

"I have just returned from the apple show in Vincent Square, where there is a fine exhibit—Ontario, New Brunswick, British Columbia, etc.—and I certainly think the latter has certainly met a lot of old B. C. people and had a long 'wa wa' with Agent Turner and Minister of Finance Tatlow, and no one could wonder harder or do more for the old province than they do.

"There was not only a most creditable display of apples, but a fine cinematograph exhibit of B. C. photos on the screen, comprising salmon fishing and packing, prize orchards, logging camps, scenery on the railway, etc. etc. Both our friends were very busy and explained the pictures as they were shown on the screen. Indeed, they made first rate showmen; and when the entertainment was over I noticed a rush of people in our representative's office, which was asked for further information regarding B. C. When I left at 5:30 Capt. Tatlow told me he was tired as he had been at it since 11 a.m. Indeed, he has been touring around with these B. C. views and has been at Birmingham, Bristol and several other places, which doubtless will result in much business to B. C. I hear Mr. Turner is making arrangements to exhibit in other towns also. He is an indefatigable worker and never seems to tire of talking and writing up the province.

"By the way, do you recollect when you were here in June that we visited him in his offices about six stories up? Well, let me tell you he has 'come down in the world' since then, as last Monday I called upon him in his new apartments which are on the first floor of the same building. I was glad to move in my opinion, as the office is most accessible, and the front entrance and large windows looking into Finlay's Circus has his gold letters, intimating that it is the abode of the agent-general of British Columbia, so that the thousands who pass daily can see that there is such a place as the dining at the Canada club on Wednesday next, where B. C. always turns up in force. I know that Mr. Tatlow and Mr. Turner will be there."

ENTERTAINED CAMPAIGNERS

Mutiny Values Many of the Siege and Relief of Lucknow

(From Wednesday's Daily.) The members of the British Campaigners' association were very pleasantly entertained last evening by the members of the Imperial Service club at their rooms upon Government street. Songs were contributed by Messrs. Dennison, Evans, C. Winkel, Ponsley, Hargrave and Bevan. While recitations were given by the Mutiny veteran, Mr. George Millett, and by Capt. Curtis, R.N. Mr. Millett, who was one of the bravest of the brave, now, recited "Jessie Brown's Dream," Ma. Millett, who was born at Castle Donnington, in Leicestershire, served throughout the siege of Lucknow, in the Fighting Fifth Northumberland Fusiliers. The siege lasted from the 8th of May until the 17th of the following November, when it was relieved by Sir Colin Campbell, and his Highlanders. The troops in Lucknow consisted of the 32nd Regiment, a few of the 4th Buffs, and one wing of the 5th Northumberland Fusiliers. Col. Lawrence, a brother of the celebrated Sir John Lawrence, who at the beginning of the siege, was in command, dying long afterwards from his wounds, was succeeded by Col. Inglis of the Royal Engineers. Mr. Millett states that the Highlanders' soldier, who was a rebel for every hair in the head of Gen. Wheeler's daughter, who was horribly maltreated and then murdered, was quite or almost literally redeemed.

PLUNGED TO DEATH

Butcher's Delivery Horse Dashes Over Embankment into Harbor

(From Wednesday's Daily.) Dashing over the embankment on Belleville street a few feet east of J. B. A. club house a horse and delivery rig, the property of Porter & Sons, plunged into the bay shortly before noon yesterday. Though there were several people in the immediate vicinity it was impossible to rescue the animal before it was drowned. The driver of the vehicle was engaged in delivering the firm's wares and had left the horse standing outside a Menzies street residence. The horse had been tied too tightly to the rig and the horse in dashing about became excited. It finally worked the reins free and started on the road. Towards Belleville street at full speed. At the corner of Menzies street and Belleville street the animal attempted to turn but the momentum gained carried it obliquely over the sidewalk and down the embankment the speed being accelerated on the incline rendering it impossible for the animal to stop. The beast plunged into the water where it was held by the heavy rig to which it was attached. A near high tide and no effort could be made to get the carcass and rig out until the water lowered.

MINING AT NELSON

Former Managing Director of the Hall Mines, Ltd., of the Province

(From Wednesday's Daily.) The Hall Mines near Nelson are being worked by a syndicate headed by Mr. S. Davy, the mining engineer, who was at one time in charge of the property for the company and who has during recent years from time to time leased the mine to good financial results. J. J. Campbell of Nelson, who for years was managing director of the Hall Mines Limited, is in town on private business and yesterday talked with a Colonist reporter about the mine which first helped to make Nelson known to the outside world. Mr. Campbell says that the big smelter, the large copper stack of which was at one time the biggest copper blast furnace on the continent

DECISION GIVEN IN AN IMPORTANT CASE

Judge Lampman Holds That Terms of Conveyance Are Final Between Parties

Judge Lampman gave judgment yesterday for the defendant in the case of Farhall vs. the National Finance Co., Ltd., in which the plaintiff was suing for alleged arrears of interest. It appears that there was an agreement on the part of the defendant company to buy certain land which contained certain stipulations as to interest. Not long after the deal was consummated by the execution of a conveyance and a mortgage which did not contain the interest conditions. For the defendant Lindley Crease contended that the conveyance and mortgage operated as a merger. The text of the decision follows:

The plaintiff's claim is for \$561, being the interest on \$1,900, at 8 per cent, from 27th June to 14th October, 1907. On June 27, Messrs. Bond & Clark, acting for the plaintiff, entered into an agreement for the sale of forty-two lots owned by the defendant company, represented by Mr. H. J. Knott, and the agreement was executed by two documents as follows: Interim Receipt, Victoria, B. C., June 27, 1907. Received from National Finance Co., Ltd. the sum of one hundred dollars, being deposit on account of purchase of 42 lots bounded by Quadra, Blanchard, Queen's and Pembroke streets, containing an area of 10,000 square feet, at the price of \$2,000, on the following terms: \$1,000 thirty days; \$1,000 one year; \$1,000 two years. The deferred payments to be paid at the rate of 8 per cent per annum until paid.

PRAIRIE RESIDENTS ARE COMING WEST

Hundreds Will Winter in Victoria and Other Pacific Coast Cities

The annual influx of residents of the prairie provinces to the coast, more particularly Victoria, has been the favorite wintering place for the thousands who have their homes in the middle west and are anxious to escape the intensely cold weather experienced there at this season. So marked was the desire of the farmers of Saskatchewan and Alberta to come to a place without months of snow and winter storms, constantly below zero that the C. P. R. inaugurated a special excursion rate to points on the Pacific Slope and since then Victoria has been the favorite wintering place for the thousands who have their homes in the middle west and are anxious to escape the intensely cold weather experienced there at this season. FRASER FISHERY CASE WILL BE APPEALED

Counsel Was Instructed to Ask Leave to Appeal to Privy Council

The Provincial government will appeal from the decision of the full court declaring the Provincial Fishery regulations to be invalid, to the Privy Council, Attorney-General Bowser said yesterday that he had instructed Mr. Cassidy, who argued the case for the province, to apply to the court for leave to appeal should a verdict be rendered against the contention of the Provincial government. This was done in order to save time, as it is hoped to get the case on for hearing at the same time as some of the other matters which are pending before the supreme court and in which the province is interested. The case in question arose out of a prosecution of a fisherman at New Westminster who refused to take out the provincial license. He was prosecuted before County Judge Howay, who held that the regulations were ultra vires of the local legislature, and dismissed the case. The province appealed to the full court, which upheld the decision of the fisherman. In this view of the case, it has been decided to appeal to the highest court of the realm.

LONDON'S VOYAGE

In Trouble in the Solomon Group

Jack London, novelist, and wife, arrived at Sydney shortly before the Makura sailed the Shark having gone ashore on the island. She missed Mr. London, and a current put her on a reef. Natives, none of whom were in sight, then swarmed about the Shark and threats to fire frightened them away. About 1,000 blacks gathered on the beach with all manner of weapons, and it seemed as if there would be trouble when a missionary arrived and with him a private business man. The missionary had his house burned down by the natives in revenge for the damage he gave. London went to Sydney to undergo a minor operation in the hospital there.

BRAZIL AND ARGENTINA

Rio de Janeiro, Dec. 15.—The relations existing between Brazil and Argentina are distinctly strained as a result of jealousy at the alleged activities of each country in the matter of increasing its naval force. The incident of the official telegrams said to have been intercepted and published by an ex-cabinet minister of the Argentine, has increased the feeling, which shows no signs of decreasing.

STUDENTS HAVE FIERCE BATTLE

Toronto, Dec. 15.—The students of the medical faculty and the school of science had a battle royal on the Toronto university grounds yesterday. A general melee followed the interference of the science men with the medics, while the latter were taking photographs taken. Sixty-nine windows were broken in the science building and twenty-three in the medical building while many students came out of the fight with black eyes and torn clothing. President Falconer, who has been laid up with a cold, had to be summoned to put an end to the row.

THE DEED AND MORTGAGE AND AGREEMENT

Mr. Lutton points out that the completion of a contract for the sale of land by conveyance and payment of the purchase price does not necessarily operate as a discharge of every liability arising under the parties' agreement, and instances the case of a promise to compensate for errors of description and a promise of space as being enforceable after conveyance. But when vendor and purchaser come to the stage bound by the deed and mortgage the one thing that they do settle is the amount of money which is to pass; they may leave other things out, but the money is the all-important item. A promise to fence is a stipulation collateral to the purchaser's main duty to pay the purchase money, and if the agreement contains no stipulation as to fencing, I see no good reason why the purchaser should expect to get out of the mortgage to pay for it. The conveyance contained a stipulation as to fencing which was different from that in the agreement. I should think he would be bound by the one in the conveyance only.

NATIONAL FINANCE CO. LTD.

H. J. Knott, Manager, subsequently, the defendants, took ground that they were not legally bound to see to the purchase and on 10th September the plaintiff, Mr. Bond, Mr. Knott and Mr. Reid held a meeting in Victoria and talked the matter over. Mr. Knott's object was to pay interest from June on the unpaid purchase money, and plaintiff maintained she was entitled to it. No agreement was reached on this point, but next day Messrs. Bond & Clark wrote the following letter to Mr. Knott: "Victoria, B. C., Sept. 11, 1907. 'H. J. Knott, Esq., Manager National Finance Co., Ltd. INCURABLE HEART TROUBLE

LOOKED FOR DEATH IN A SHORT TIME

Entirely Cured by "Fruit-a-lives." "Gentlemen,—The days of miracles are not all past and I feel that my complete recovery, from what seemed inevitable death, is practically a miracle. I suffered from severe indigestion and dyspepsia for nearly two years, could not take food without fearful distress and I became almost a skeleton as the result of the suffering. I could not do any work and became run down and weak that I could hardly walk. I was attended by two experienced doctors. They both pronounced my case heart failure and incurable, and looked forward for death in a short time. I not only had the doctors but they gave me up. I tried many remedies and treatments but got no better. At this time my son asked me to try 'Fruit-a-lives,' and from the outset of taking these wonderful tablets I was better and gradually this medicine completely cured me. I took a large number of boxes and a dozen, and now I am entirely cured and I have gained over thirty pounds in weight. I am now so well that I have sold my farm and bought 200 acres more land. I make this statement voluntarily. I tried many remedies and treatments but got no better.
