A CHINESE REPUBLIC IS PROCLAIMED

Serious Uprising In Central China Against The Manchu Dynasty Aims to Make Dr. Sun Yat Sen President

Hankow Province of Hu-Peh, China, Oct. 12.—The revolution which has been hanging over China for months past, and of which the rising in the province of Szechuen was only a small part, has begun in earnest. It is a concerted movement to take the Empire and declare a republic. The noted exiled revolutionist, Dr. Sun Yat Sen, leader of the party opposed to the Manchu dynasty, if the plans do not miscarry, is to be elected President of the New Republic. He was the delegate of the revolutionary party to the United States in 1910, and it is believed during that tour to have made arrangements for the financing of the movement.

The whole Assembly has seceded from the Imperial Government. The rebels are well organized and financially strong. They have confiscated the local treasuries and banks, and are issuing their own paper money, redeeming the Government notes with this, as the foreign banks are refusing Government notes.

The revolutionaries have captured Wu-Chang, the native section of Hankow and Han-Yang, all adjoining cities in Hu-Peh Province. Chang Sha, capital of Hunan, is reported to have risen in revolt and Nanking, capital of the Province of Kiang-Su, is on the verge of a rising, several public buildings have been destroyed.

Thousands of soldiers have joined the mutiny in Hu-Peh. Many Manchus have been killed and the terrified people are fleeing from

cities into the country, carrying their belongings. The prisons have been opened and the criminals liberated.

FOREIGNERS SAFE

There has been fighting in the streets, but the most stringent orders have been issued that the lives of foreigners and their property shall be respected.

London, Oct. 14.—A special despatch received here from Shanghai says: "A republic has been proclaimed at Wu Chang. A strong force of rebels has left Hankow with the object of engaging the imperial troops coming from the north, and a big battle is expected within a few days."

Chicago, Oct. 14.—Dr. Sun Yat Sen, who is favored by the Chinese revolutionists for president of the republic they hope to establish, is in Chicago. He arrived here early this morning. He was found late to-night at the headquarters of the Young China Society, where he had gone to attend a secret meeting to aid in raising funds for the revolution.

"I cannot discuss my plans or tell anything of my movements since I came to Chicago," he said. Perhaps I can give out some information in two or three days." London, Oct. 14.—Altogether the outlook for the throne is extremely ominous. Except for the Manchus, whose numbers are insignificant, the loyalty of the army even in Peking and Tientsin is doubtful, and especially when they hear of the revolutionists' successes.

SOCIALISM FINDS MANY FRIENDS

Among Eminent Clergymen Attending the Ecumenical Methodist Conference.

(By Rev. Dr. Crews.)

Toronto, Oct. 11.—The subject of Socialism was before the Ecumenical Conference this morning, and its attitude was by no means antagonistic. A distinction was made between Socialism that is anti-Christian and that which is in harmony with the teaching of Jesus.

One delegate pointed out that anti-Christian Socialism which prevails may have arisen in protest against indifference of the church to the social welfare of the people. It was stated that many Socialists of the larger influence today are members of Christian churches.

Rev. Mr. Rattenbury of London, pleaded for sympathy with Socialism and other movements outside the church that look toward the betterment of the people.

J. W. Copeland, of Dayton, Ohio purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was all gone. If that not better than to pay a five dollar doctor's bill? For sale by all dealers.
