

# WEST TORONTO JUNCTION

This property has the most picturesque sites that can well be imagined for scenery and beauty, in these words scenery and beauty their truest scene is conveyed; anyone that will take the trouble to inspect the site will see one of the most lovely landscapes, taking in land and water, that can be wished for. As to villa lots, nothing can surpass it.

The Mayor and Council have been and still are arranging as to the transfer of Parkdale C.P.R. Shops to the Junction, which means at the least 250 men to reside at the Junction beside their families, which will be the means of giving a great impetus to the Junction.

The demand for lots does not abate in the slightest and those contained in this block surpass any that have been placed before the public as yet.

Manufacturers within the last week have been looking for sites and state in their opinion that the Junction surpasses any locality for manufacturing purposes that they have visited and they are making arrangements to purchase.

Purchasers can have full particulars by applying to my office. **TERMS EASY.**
