

American markets, though on Friday market here a very good business was done and good quality was in demand.

Export Cattle.—The offerings of these have been light. Choice, heavy exporters bring \$4 to \$4.25, and light exporters are firmer at \$3.75 to \$3.85. Choice, heavy export bulls bring \$3.65 to \$4, and light ones \$3.25 to \$3.40 per cwt. Loads of good butchers' and exporters mixed sold on Friday at \$3.65 to \$3.85.

Butcher's Cattle.—Choice, picked lots of these are scarce and ones weighing from 1,000 to 1,100 bring from \$4 to \$4.25; good, from \$3.40 to \$3.60; medium, \$3.25 to \$3.40; common, \$2.85 to \$3.10; and inferior, \$2.70 to \$2.75 per cwt.

Stockers and feeders.—Feeding steers are in better demand at Chicago. The quality of stockers and feeders at Buffalo has been getting poorer of late, and the market there for these is easier. Good feeders here are not in large supply and are firmer at \$3.40 to \$3.65 per cwt. Feeding bulls bring from \$2.50 to \$2.70. Buffalo stockers were in good demand on Friday, selling at \$2.75 for inferior, \$3 to \$3.15 for good, and \$3.25 to \$3.35 for choice, well-bred steers.

Milk Cows.—These are from \$25 to \$48 each as to quality, with \$50 for really choice milkers.

Calves.—These are in better demand at Buffalo and are quoted at \$7 to \$7.75 for good to choice. The general run sell here at \$3 to \$6 each with veals of extra weight bringing \$5 per cwt.

Sheep and Lambs.

Eirick Bros.' East Buffalo weekly circular of Nov. 23rd says: "The trade in lambs the last ten days has been in very bad shape, due to light demand. The outlook is a little more encouraging on good fat handy sheep, and I look for a better demand from this out on them." Towards the end of the week, however, lambs were in more active demand there and sheep were firm. The offerings here have been liberal though prices have not changed, and are \$3.25 to \$3.40 for ewes and \$3.50 for choice picked lots. Bucks bring \$2.50 to \$2.75. Lambs are about the same at \$3.90 to \$4.12 1/2 per cwt., with choice picked lots of ewes, and wethers at \$4.25 per cwt. for export. These prices are from \$2.75 to \$3.75 each.

Hogs.

The American markets have been fairly active during the week. Deliveries here have been fair, and choice bacon hogs weighing from 160 to 220 lbs. each, unfed and unwatered off cars, bring from \$4.25 to \$4.37 1/2 per cwt. Light, and thick fat hogs bring about \$4 per cwt. A special cable to *The Trade Bulletin* from London of November 23rd reads: "A decided change for the better has come over the market for Canadian bacon, which is firm and 2s. per cwt. higher. No. 1 Canadian bacon, 45 to 47s., and fat and stout sides, 40 to 42s."

WE TRUST THE PUBLIC

and send them our incubator on trial. No man should buy an incubator and pay for it before giving it a trial. You pay not a cent for ours until you have given it a thorough trial. It's made so that nobody can fall with it. A child can run it with 5 minutes attention daily. It beat all others at World's Fair, Nashville and Omaha Expositions. The best catalogue and treatise on incubators published, sent for 5 cts. Plans for Broodens, Poultry Houses, etc., sent upon receipt of 25 cts. You Call Incubator Co. 80 Adams St. Delaware City, Del.

THE RAZOR STEEL, SECRET TEMPER, CROSS-CUT SAW

WE take pleasure in offering to the public a Saw manufactured of the finest quality of steel and a temper which toughens and refines the steel, gives a keener cutting edge and holds it longer than any process known. A saw to cut fast "must hold a keen cutting edge." This secret process of temper is known and used only by ourselves. These saws are elliptic ground thin back, requiring less set than any Saws now made, perfect temper from tooth to back. Now, we ask you, when you go to buy a Saw, to ask for the MAPLE LEAF, RAZOR STEEL, SECRET TEMPER SAW, and if you are told that some other saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best. Silver steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand. It does not pay to buy a Saw for one dollar less, and lose 25 cents per day in labor. Your saw must hold a keen edge to do a large day's work. Thousands of these Saws are shipped to the United States and sold at a higher price than the best American Saws.

Maple Leaf Saw Set

Directions.—Place the Set on the point of tooth as shown in the above cut, and strike a very light blow with a tack hammer. If you require more set, file the tooth with more bevel. If you follow directions you can not make a mistake. Be sure and not strike too hard a blow, and it will set the hardest saw

Manufactured only by **SHURLY & DIETRICH, Galt, Ont.**
