P.O. Box 563.

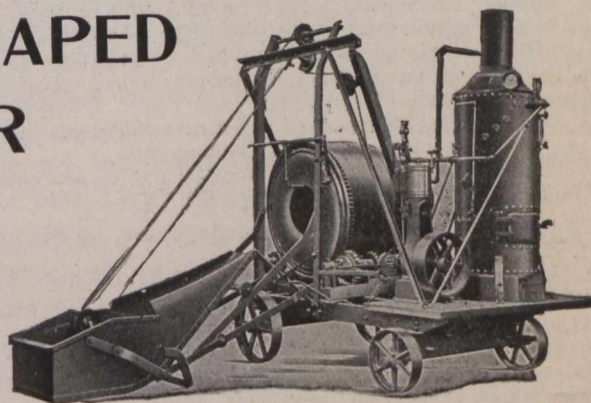

WETT LAUFER

HEART-SHAPED MIXER

*Write for
1912*

Catalogues.

A MIXER is not COMPLETE unless it is equipped with **AUTOMATIC HOPPER, AUTOMATIC POWER DUMPING DEVICES**, and built of **STEEL** and **SEMI-STEEL** as used in the entire construction of our mixers throughout.

The famous heart-shaped drum turns the batch end for end very quickly; this ensures positive mixture.
