Fine Drivers

cannot be made out of horses that are out of condition. Merely to feed plenty of oats is not enough. A horse gets run down the same as a man and needs a general toning up.

Dick's Blood Purifier

is a scientific preparation in the form of a powder. It purifies the blood, strengthens the digestion, turns a rough coat into a smooth and glossy one and puts the animal "in condition." He then has "good life" and feels like holding up his head and lifting his feet.

MILCH COWS are greatly benefitted by it. The whole system is toned up. The digestive organs being strengthened, more nutriment is drawn from the food and the flow of milk increased.

Dick's Blood Purifier will pay for itself ten times over.

For sale by druggists, at general stores or sent post paid on receipt of 50 cts.

Saskatchewan Buffalo Robes

Received Highest Award at World's Fair.
 Have had six years' experience in Canada.

We guarantee every robe to be absolute wind, water and moth proof, and will not wear bare in spots like a skin robe. They will dry quicker and never get hard, are as strong as leather and far more durable and warmer than any cheap fur robe. The robe is made in three parts—the Fur Cloth, the Astrachan Lining, and Rubber Interlining. All these parts are without seams. The increased sale of these Robes is the best evidence of their popularity.

Others having noted the great sale and popularity of these Robes have undertaken to imitate them. We would caution the public that none are genuine unless bearing this Trade Mark. Manufactured by

Newlands & Co., Galt, Ont.

THE RAZOR STEEL, SECRET TEMPER CROSS-OUT SAW.

We take pleasure in offering to the public a saw manufactured of the finest quality of steel, and a temper which toughens and refines the steel, gives a keener cutting edge and holds it longer than by any process known. A saw to cut fast "must hold a keen cutting edge."
 This secret process of temper is known and used only by ourselves.
 These saws are elliptic ground thin back, requiring less set than any saws now made, perfect taper from tooth to back.
 Now, we ask you, when you go to buy a saw, to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best.
 Silver steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand.
 It does not pay to buy a saw for one dollar less, and lose 25 cents per day in labor. Your saw must hold a keen edge to do a large day's work.
 Thousands of these saws are shipped to the United States and sold at a higher price than the best American saws.
