

SHORT'S

STEEL BARB WIRE

Is adopted by railroads, stock raisers and farmers on account of its SUPERIOR STYLE OF BARB which passes between the two wires, then wound around both, and afterwards galvanized by a PATENT PROCESS, which prevents the barbs from rusting, and consequently when an animal is punctured it will heal quickly and not fester as is the case with rusty and ragged barbs.

Ask your merchant for SHORT'S STEEL BARB WIRE. Manufactured by THE ONTARIO METALLIC SPINNING CO., WOODSTOCK, ONT.

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The few compositions which have won the confidence of mankind and become household words are not only one but many. They must have extraordinary virtues. They must have a reputation, or a reputation, or a reputation, or a reputation. It has been known to the public about forty years by a long continued series of marvellous cures, that have won for it a confidence in its virtues, never equalled by any other medicine. It still makes the most effectual cures of Coughs, Colds, Consumption, that can be made by medical skill. Indeed, the CHERRY PECTORAL has really robbed these dangerous diseases of their terrors to a great extent, and given a feeling of immunity from their painful effects, that is well founded, if the remedy be taken in season. Every family should have it in their closet for the ready and prompt relief of its members. Sickness, suffering, and even life is saved by this timely preparation. The prudent should not neglect it, and the wise will not keep it by you for the protection it affords by its early use in sudden attacks. Prepared by

DR. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists. Sold by all Druggists and Dealers in Medicine.

IMMERSION

PROVED TO BE Not a Scriptural Mode of Baptism But a Romish Invention.

Second edition (fourth thousand), revised and enlarged, with Appendix.

"A REVIEWER REVIEWED." By REV. W. W. McKAY, D.A.

This is a book of 116 pages. It contains two well executed plates, the originals of which date back to the early centuries, and both exhibiting the ordinance performed by immersion.

Rev. D. H. McLean, L.L.D., S.T.P., Principal Presbyterian College, Montreal.

"Our people, and especially theological students, should read it. Every family should have a copy of it. In style it is easy and readable, and in argument short and pointed."

Price, 20 cents, sent post-free on receipt of price, by C. BLACKETT ROBINSON, 5 Jordan Street, Toronto.

In ordering anything advertised in this paper, you will oblige the publisher, as well as the advertiser, by stating that you saw the advertisement in The Canada Presbyterian.

50 All Gold, Silver and Lithograph Cards (No. 1000) at 10c. 100 All Gold, Silver and Lithograph Cards (No. 1000) at 20c. 1000 All Gold, Silver and Lithograph Cards (No. 1000) at \$1.00. Address TRUX & CO., Augusta, Me.

BEST CARPETS

R. WALKER & SONS, Golden Lion, Toronto.

Scientific and Useful.

CHILLS AND FEVER.—We have heard of a very simple remedy, but cannot vouch for its efficacy. Take a teaspoonful of finely pulverized egg-shells, mixed with molasses, on going to bed, after soaking the feet in strong hot mustard water. A spoonful of tincture of wormwood is also good as a preventative, now and then.

SAVE YOUR SUGAR.—Every housekeeper should know that sugar boiled with an acid, if it be but for three minutes, will be converted into glucose, which is the form of sugar found in sweet apples. One pound of sugar has as much sweetening power as two-and-a-half pounds of glucose. In other words, one pound of sugar stirred into the fruit after it is cooked, and while yet warm, will make the fruit as sweet as two-and-a-half quarter pounds added while the fruit is boiling.

CREAM CHOCOLATES.—One pound of sugar, one cup of water, one-half pound of chocolate. Scrape the chocolate and set over a teakettle of boiling water to melt into a paste. Boil the sugar and water for fifteen minutes, then add the chocolate until it is creamy; flavour to taste, then roll into small balls, allowing a teaspoonful to a ball; then dip the ball into the chocolate until covered; for this you can use two forks, handling the balls carefully. Lay them on buttered paper to cool.

POTATO FLOUR.—Rasp the potatoes in a tub of cold water, and change it repeatedly until the raspings fall to the bottom like paste; then dry it in the air, pound it in a mortar, and pass it through a hair sieve. It is nearly as nutritive and much lighter than wheat flour. It is therefore preferable for making puddings and pastry for infants and invalids. A portion of it also improves the appearance of household bread, and does not constantly pass it off as arrowroot. If dry it will remain good for years.

FALL OR WINTER PAINTING.—Good authority states positively that paint spread in the fall or winter will last twice as long as that put on in the spring or summer. Well applied in the cool or cold weather it dries slowly and forms a hard surface or crust while that which is spread in the hot weather loses most of the oil by being driven into the wood by the heat, leaving only a dry and easily crumbled off. Another advantage to be gained in fall painting is the absence of swarms of small flies that so often collect in the paint.

VINEGAR, CHEAP AND GOOD.—Do not throw away your apple-peelings. They can be turned to good account in making vinegar. Have a clean, tight, half barrel, or a large stone jar, and as you peel your apples for mince-meat or apple-butter, throw away the skins or cores which are decayed, and put the rest into the jar. Cover them with boiling water, and lay a cloth over the top of them as well as the cover. Set it in a warm place in the cellar, and in seven or eight weeks you will find it ready for use. You can then strain it off into bottles or jugs ready for use.

TAPIOCA CUSTARD.—Five dessertspoonsful of tapioca, one quart of milk, one pint of cold water, three eggs, nearly a cup of sugar, salt and vanilla to suit the taste. Soak the tapioca in a pint of water an hour or so; let the milk boil in a tin pail set in boiling water; add the tapioca, water, salt and sugar, stir until boiling hot; add the beaten yolks, stir steadily about five minutes; do not let it get too thick, or the custard will break. Pour in a dish, add the white beaten stiff, stir them in gently, flavour and set aside until cold. After it is cold, if you have ice set it on it, and it tastes almost as good as ice cream. If you have jelly set a piece on each dish after it is served; it improves the look and tastes nice.

A WRETCHED SCORE.—A score of years is a long time to look back upon. But we attended with continued suffering it seems almost a century; and this pain could have been avoided, when your liver commenced to trouble you, if you had taken Bile-Blood-Bitter. Price \$1, trial 50c.

WOMEN NOT BE WITHOUT IT.—The fairer sex have fairly tested Dr. Fowler's Extract of Wild Strawberry, though a prejudiced proprietary medicine in general, which would not rest over night without this reliable remedy for sudden attacks of cholera, cramps and Cholera Morbus, so prevalent in the summer season. It keeps a bottle at hand.

As a purifier of the blood, Ayer's Serrapilla has no equal. It wonderfully improves the complexion and brings to the young the bloom of health.
