LANGLEY'S ANTIBILIOUS APERIENT PILLS.

THE great popularity acquired by these Pills during the twelve years they have been offered for sale in this Province is a convincing proof of their value, as no other means of increasing their sale have been resorted to by puffing advertisements—no certificate published concerning them.

These Pills are confidently recommended for Bilious complaints or morbid action of the Liver, Dyspepsia, Costiveness, Headache, want of Appetite, Giddiness, and the numerous symptoms indicative of derangement of the Digestive Organs. Also, as a general Family Aperient. They do not contain Calomel or any mineral preparation, are effectual in their operation, yet so gentle that they may be taken at any time with perfect safety, by persons of both sexes; nor do they as do most other Pills, necessitate the constant use of Purgative medicines, the ingredients of which they are composed effectually obviating this common difficulty.
