

of the whole world to meet and compare their observations and views on the different climates of the earth and their effects upon humanity, and the diseases to which flesh is heir.

With that object in view a local committee of arrangements has been appointed by the World's Congress Auxiliary, and an advisory council will be selected from those eminent in this department in different parts of the world to arrange a World's Congress of Medical Climatology, to be held at Chicago during the Exposition season of 1893.

The design is to hold this congress at a time convenient to those who will attend the congresses of the other divisions of the department of medicine which are assigned to open May 29, 1893. This early date was chosen to accommodate those who will desire to attend the Medical Congress to be held in Rome, in November of next year.

All information can be obtained from the chairman of the committee.

THE WORLD'S COLUMBIAN EXPOSITION.

BUREAU OF HYGIENE AND SANITATION.

The Bureau of Hygiene and Sanitation of the World's Columbian Exposition has been organized to prepare a collective exhibit illustrative of the present condition of sanitary science. The aim of the Bureau of Hygiene and Sanitation will be to show as adequately as possible the position in which the theory and practice of hygiene stand at the present day, and it is hoped that the Universities and Colleges, the Boards of Health, State and Municipal, the Societies having hygiene and sanitation as their key-notes, the scientists, the physicians, the manufacturers and the public generally will cordially co-operate in the endeavour
