

NEWS AND NOTES.

Catarrah—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrah. Out of 200 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim, now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrah is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has even attempted to cure catarrah in this manner, and no other treatment has ever cured catarrah. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure; the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street West, Toronto, Canada, and enclose stamp for their treatise on Catarrah.—*Montreal Star.*

A painter whose talents were in different turned physician. He was asked the reason of it. "In painting," answered he, "all the faults are exposed to the eye; but in physic they are buried with the patient and one gets on more easily."

It seems to be pretty well understood that children must be sick at times, we would say to all anxious mothers that Nestle's Milk Food is an excellent preventative of cholera infantum, and all such complaints so common to children.

For a nice omelette, beat two eggs very light, add a cup of milk, two tablespoonfuls of fine-chopped boiled ham, a heaping teaspoonful of onion and one of parsley, both mixed. Mix well and pour into a hot frying-pan in which a piece of butter has been melted, and let it fry a delicate brown.

A GREAT WANT SUPPLIED

The consumers of Kerosene Oil, will find it to their advantage to buy LUXOR OIL, as it is without doubt the purest Oil to be had. By actual comparison it will be found as white as water. This is obtained by removing all impurities from the ordinary oil. It is no dearer than ordinary oil. As it will burn one-fourth longer and gives a clear brilliant flame, emitting no smoke or odor. To those using COAL OIL STOVES it is highly recommended, as it will

give greater heat and will do more cooking for the same money. For sale in barrels and cases, two cans in a case.
