

It appears that, during the month of November, the number of weeks reported was 306; in the month of January there were 177, in February 165, in March 151, in April 159, in May 110, in June 94, in July 81, in August 127, in September 149, and in October 269, making a total during the present year of 1,708.

A review of Dr. Cumming's prophecies respecting the end of the world, entitled *The Great Tribulation*, appeared recently in the *Times*. The *Guardian* says, it is currently reported that Dr. Cumming claims in private circles to have written the review himself. Our contemporary throws discredit on the rumour, but those who perused the extracts we gave from the *Athenaeum* and *Saturday Review* the other day, with regard to the literary dodges of this "popular preacher," will not think it so very unlikely.—1b.

UNITED STATES.

ARCHBISHOP OF BALTIMORE.—ORDINATIONS.—On Thursday, 15th inst., the Rt. Rev. Bishop of Buffalo, with leave of the Archbishop, conferred the Sacred Order of Subdeaconship, in the Seminary Chapel of St. Mary, Baltimore, on Patrick Byrne and John O'Meara, of his own diocese, also on Patrick Moran, professed member of the Society of Jesus. On Friday, 16th inst., the same clergymen were promoted to Deaconship; as also Patrick Francis McCarthy, of the diocese of Baltimore. On Saturday in Ember Week, 17th inst., Rev. John O'Meara and Rev. Patrick Moran were ordained priests. On the same occasion, Charles Jenkins, Richard Gardiner, and Wm. Logue, scholastics of the Society, received Tonsure and Minor Orders.—Mirror.

THE MORMONS.—The Mormons, according to their own census, are decreasing in Utah. In 1856 they numbered 38,000, in 1857 only 31,022, and in 1858 only about 30,000. They claim, however, that they are increasing in the country at large, and in the world, and they ascribe the diminution in Utah to temporary causes and absences. It is not generally known that there are more Mormons outside of Utah than in it. Less than one-third of their reside in the territory, though the congregations elsewhere are constantly sending on fresh recruits to Salt Lake City. It is computed that there are 32,000 in Great Britain and Ireland, and 7,000 on the continent of Europe, besides some 5,000 in Canada, 4,000 in California, and several thousand in the Eastern States and South America. Altogether they number 126,000. Utah is the only place where they practice polygamy and carry out their theories of civil government as well as of religion, and it is the only place where they do not increase. This would seem to warrant the inference that they will never attain that permanent and independent existence which they covet. So long as they are surrounded by civilized communities, of which they form but a small part, and are restrained by their laws and customs, they can maintain ground as one out of several sects. But when they are isolated in a separate community, and give their doctrines full swing they are continually losing adherents, who have become disgusted, and the aggregate of their losses is more than the accession of new converts. This fact, taken in connection with the very considerable "Gentile" population now settled in Utah, and continually increasing, warrants the expectation that their power in the territory will gradually and peaceably dwindle away by the operation of natural causes, and that in the future State to arise there, they will only be a component, and not a controlling element.

MARRIAGE OF COUSINS.—Governor Magoffin of Kentucky recommends the Legislature of that State to prohibit by law, under severe penalties, the marriage of cousins. He says that the imbeciles, insane, deaf mutes, and blind in the different asylums of the State, who are the offspring of cousins, is from sixteen to twenty per cent. of the whole number; and he claims that it is the right and duty of the State to protect herself against the evil and expense by forbidding such unions, which nature plainly forbids by the penalty she uniformly inflicts.

A proposition to hang a portrait of Thomas Paine in Independence Hall has encountered violent opposition in the Philadelphia Select Council. A Mr. Neul has been especially violent upon the subject, citing the opinions of John Adams as to the bad character of Paine, and the worthlessness of his services to the cause of the Revolution.

A good story is told by the Chicago Times about the appointment of postmasters in that State. One appointed was compelled to decline, for the reasons set forth below:—"Dear Sir—Although I acknowledge the honor of my appointment, I regret to say that I have yet an unexpired term of five years to serve in the penitentiary, which compels me to decline your flattering offer."

DR. WISTAR'S BALSAM OF WILD CHERRY. The editor of the "Flag of Our Union" says in his paper of July 17, 1858:—"The memory of Dr. Wistar is embalmed in the hearts of thousands who have experienced entire cure from Coughs, Colds, Consumption and Pulmonary Disease generally by the use of his Balsam. The invalid need not fear to give this preparation a careful trial, as we speak from experience. More than ten years since the editor of this paper tested its excellence by individual trial in his family, with the most surprising results, as a curative for pulmonary disease."

[CERTIFICATE FROM L. J. RACINE, ESQ., OF THE MINNEAPOLIS.] MONTREAL, L. C., Oct. 20, 1858. S. W. FOWLE & Co., Boston.—Gentlemen—Having experienced the most gratifying results from the use of Dr. Wistar's Balsam of Wild Cherry, I am induced to express the great confidence which I have in its efficacy. For nine months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. In October the symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was completely restored to health. I have also used the Balsam in my family and administered it to my children with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy par excellence.

Your obedient servant, L. J. RACINE. Buy none without the signature of I. BUTTS. Prepared by SETH W. FOWLE & CO., BOSTON; and for sale at Wholesale, by Lyman, Savage, & Co.; Carter, Kerry, & Co.; S. J. Lyman, and by Druggists generally.

The original and only genuine "COCOONINE" as prepared by them, is established beyond all precedence, and is without doubt, the most excellent hair dressing, which has yet appeared. The Ladies are enthusiastic in its favor, and equally so for the FLORIBEL, KALUMIN and TOOTH WASH.—Newport Mercury. Wholesale & Retail, by Lyman, Savage & Co.; S. J. Lyman; Lamplough & Campbell, and by Druggists generally.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is turned tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERECTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BRUISES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYMPHYLITIC and MERCURIAL DISEASES, DROPSY, DYSENTERIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

AYER'S Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and invigorating. Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

AYER'S Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what entitle to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never forget, and produced cures too numerous and too remarkable to be forgotten. PREPARED BY DR. J. C. AYER & CO. LOWELL, MASS. Lyman, Savage, & Co., at Wholesale and Retail; and by all the Druggists in Montreal, and throughout Upper and Lower Canada.
