WINNIPEG UNDERWRITERS HEAR ABOUT  
COMPENSATION.

At the monthly meeting of the Winnipeg Life Underwriters' Association, Mr. R. M. Dennistoun, K.C., gave an address on the "Workmen's Compensation Act." He stated that it was one of the political topics in many countries. The principle is that the working man, who works under stress or fear of accident, is entitled to receive some compensation when an accident happens—or that his heirs are entitled to it if he is killed. He must be sustained at the expense of the state when he becomes too old to work at his dangerous vocation. Mr. Dennistoun stated that in the future it was likely that the matter would be taken out of the hands of the insurance companies and be under government control.

## ONTARIO WANTS ANOTHER PULP MILL.

The Ontario government is inviting tenders until December 31, for the right to cut pulpwood on a certain area situated on the Metagami River in the district of Temiskaming.

Tenderers are to state the amount they are prepared to pay as bonus in addition to the Crown dues of 40 cents per cord for spruce, and 20 cents per cord for other pulpwoods, for the right to operate a pulp mill and a paper mill on or near the area referred to. The tenderers are required to erect a mill or mills on or near the territory and to manufacture the wood into pulp and paper in the province of Ontario—the paper mill to be erected when directed by the Minister of Lands, Forests and Mines.
