always on hand.

**William Maguire,**
Successor to Robt. Carroll,
84 Adelaide St. West, Toronto.
Telephone No. 208.**NOTICE.**

Particular attention is directed to the formation and construction of the MAGUIRE TRAP. Sanitary experts, engineers, architects, plumbers and builders, after subjecting it to the severest tests, have declared it to be worthy of their unqualified approval. Lending physicians also declare that where it is used, typhoid fever, diptheria, and other infectious diseases are much less prevalent. In the city of Toronto there is a very large and constantly increasing number of these traps being used, and in every instance they are giving perfect satisfaction.
