Sludge Handling/Treatment  
Soil Treatment/Reclamation  
Solid Waste Treatment  
Testing of Toxic Substances/Aquatic  
Setting  
Toxicity, Analysis  
Wastewater Treatment  
Water Pollution Control

## Company/Product

Incorporated in 1954, Stanley Associates Engineering Ltd. is a multi-disciplinary engineering consultancy firm with head offices in Edmonton, Alberta and 25 offices across Canada and the USA. The company is a member of the Stanley Technology Group with seventeen operating companies and 1,100 staff. Stanley has been offering consultancy services internationally since 1965 and is well-known to and supported by various Canadian International Government Agencies, the World Bank, the Asian Development Bank, the Inter-American Development Bank, the Caribbean Development Bank, the African Development Bank, and other major funding organizations.

Stanley is experienced in: environmental engineering and sciences; water supply and sanitation; predictive modelling; river basin planning; wastewater collection, treatment and disposal; transportation engineering; airports, railroads, roads, and bridges; solid waste management; urban and rural developments; and technology transfer. Stanley provides a full range of services such as feasibility and preliminary engineering studies, project planning and schedule detail designing, construction supervision, and commissioning and training of local counterparts.

## Current Geographic Marketing Activities

Stanley currently has projects in Canada, Mexico, Denmark, Australia, China, St-Lucia, Laos, Vietnam, Nepal, Jamaica, and the Bahamas.

## Contact Sought

Stanley is interested in pursuing and developing contacts worldwide with persons in need of these services or those who wish to work jointly on projects of mutual interest.
