

Team Canada Market Research Centre

Team Canada Inc - Équipe Canada inc

The Team Canada Market Research Centre produces concise reports that provide market overviews and analyses of the principal market-access issues. These reports focus on sub-sectors and product or service niches for particular export markets. Reports are available on-line or by faxlink at (613) 944-4500.

Opportunities Offered through International Financial Institutions

Increase your chances in pursuing business opportunities offered through International Financial Institutions (IFIs) with IFInet. This Web site provides Canadian exporters with access to information on projects financed by IFIs in nearly 20 sectors in emerging markets and developing economies. IFI procurement activities annually account for US\$40 billion. The site offers business guides to assist Canadian companies to bid on these opportunities, as well as links to other relevant Web sites.
