National President, Lambda Gamma Delta,  
111 Michigan Avenue, East,  
Jackson, Michigan.

Dear Mr. Spencer:-

Your letter of March 14th last, addressed to Sir Arthur Currie was not answered at once owing to his illness, but the matter has in the meanwhile been receiving some consideration. We are taking the question up with our Agricultural Committee, which has just been formed, indeed as a matter of fact it would scarcely have been possible to do anything before its formation.

Yours faithfully,

Wilfrid Bovey.
