## PILGRIMS RETURN FROM SMELL QUEST

Have Their Doubts of Adaptability of Atlanta Plant in Canadian Climate.

Eight members of city council are now returning from their pilgrimage to Atlanta, which they hoped would be the shrine of small-sewage disposal plants, but from press reports that preceded them their quest was not so successful as it might have been. An Atlanta despatch says the aldermen liked the Imhoff tank there, but doubted if it would work successfully in Toronto because of climatic differences.

Mr. Maguire is "home first." But he only went to Philadelphia. Seen at the city hall yesterday he said he would not vote for the establishment for such a plant in Rosedale. The odor from it was not offensive, but it was an odor after all. This seemed to be the alderman's unexpressed opinion.

The controllers who were in New York did not investigate sewage disposal plants.

**STRENUOUS WORK SOON TELLS ON YOU**  
Business Men and Breadwinners the Victims of Nervous Exhaustion

When worry is added to overwork men soon become the victims of nervous exhaustion—neurasthenia, the doctor calls it. Some have no reserve strength in the system to bear the strain; others overtax what strength they have. If you find that you are nervous and not sure of yourself, that you sleep fitfully and wake up tired and aching, your nerves are out of order. Other signs are inability to take proper interest in your work, your appetite is fickle, your back feels weak, and you are greatly depressed in spirit. One or more of these signs mean that you should take prompt steps to stop mischief by nourishing the nerves with the food they thrive on, namely, the rich, red blood made by Dr. Williams' Pink Pills. These Pills have cured thousands of cases of nervous disorders, including nervous prostration, neuritis, St. Vitus dance and partial paralysis. Here is an example: Mr. Jas. A. McDonald, Springfield, N.S., says: "In the summer of 1912, as the result, I think, of hard work, I was completely run down and found it necessary to quit work. I slept poorly, and what sleep I did get did not rest me, as I was constantly tired. My appetite was poor and fickle, and my nerves unsteady. I had treatment from a doctor for some time, but it did not seem to help me, and having heard a great deal about Dr. Williams' Pink Pills I decided to try them. The course of a few weeks after beginning the Pills I picked up wonderfully, and was able to return to work feeling like a new man. I have not had a day's sickness since, and naturally am now a firm believer in Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills will work the same beneficial results in any other tired, worn-out worker if given a trial. If you cannot obtain the Pills from your dealer they will be sent post paid at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

## THREATENED LIFE OF HUERTA'S ALLY

Ex-Minister of Interior Given Hostile Reception at Vera Cruz.

CANADA Press Despatch.  
VERA CRUZ, May 18.—Hooted and jeered by a small mob of Mexicans, and called an assassin by one who alleged that his brother had been killed by order of the ex-minister of the interior, Dr. Aureliano Urrutia, who held that office and was once Huerta's most trusted councillor, was arrested for the second time this afternoon since his arrival here a few hours earlier among the refugees from the capital.

Dr. Urrutia had fled from Mexico City to escape the wrath of the president, and had the appearance of an ordinary laboring man when he fled in the belief that his life was in danger from the American officers and taken before Gen. Fungia, who, however, ordered him set at liberty.

He was again taken into custody because of the demonstration made against him, but was released for the second time and sent to his room, where he is guarded by a marine, whose presence was requested by the American Hotel and began an impassioned speech. He shouted: "Assassin, coward," and charged that Urrutia was responsible for the execution of his brother, one of the deputies of the congress which Huerta dissolved. He cried out that Urrutia feared to walk the streets like an honest man, and challenged him to appear before the small crowd of his countrymen who had already gathered.

## A NOTED PHYSICIAN'S VIEWS OF DANCING

Claims It is an Important Health Measure.

Dr. J. Ralph Jacoby, one of New York's prominent physicians, has prepared a very valuable and instructive article on "Dancing and Health" for that great book on modern social dancing, by the two famous Castles, which we are now distributing to our readers. His views are exceedingly important to the mothers and fathers of the country, and this contribution should be read by every one of them. Alone, it is worth our trifling distribution cost. The work to which we refer, entitled "Modern Dancing," is the last word on the modern dance. The authors, Mr. and Mrs. Vernon Castle, are probably the greatest dancers of fashionable dances in the world today. They have taught the leaders of society for many years, and have pupils exclusively under their instruction from all parts of the country, and have at last concluded to embody the principles underlying their wonderful work in book form. The book is just of the press, is illustrated by actual moving pictures taken from themselves, and the instructions are so simple and clear that any one can learn to dance in the most approved and refined methods with the greatest ease. Our coupon offer elsewhere in this paper explains the terms upon which the book may now be acquired by all our readers.

of William Wainwright, vice-president of the two lines, was laid at rest. From Moncton in the east on the G. T. P. to the western terminals in Prince Rupert on the Pacific; from Portland on the G. T. to Chicago, not a wheel was turned in the vast machinery shops, or out on the roads, while all the clerical staff ceased in their work to pay a silent tribute to the dead in the same way as they did when Charles M. Hays was buried.

Several officials from Toronto went to Montreal to attend the funeral, including J. Mackay, master mechanic; L. McDonald, divisional freight agent; and C. E. Horning, district passenger agent.
