RUSSIANS TURN GERMAN LEFT FLANK; CONTINUE PURSUIT ACROSS THE VISTULA; DEFEAT THE AUSTRIANS AND INVADE TURKEY

Attempt to Destroy Railway Subway at High Park Revealed by Automobile Headlights—Five Foreigners Were Fired on But Escaped

OUR GOVERNMENT MUST ACT!

We Canadians have got to come to life in the defence and welfare of Canada and ourselves.

We must not only do our share in fighting the battles of the empire, but we must, every man of us, understand that we must also take care of our own country.

The triumph of Germany would mean the end of Canada. There are thousands and thousands of Germans in the States who would aid this country if they had the assistance of a German fleet on our Atlantic coast. There are many of the Germans in the States drilling and planning to come, in any case, if they can get a chance.

We must be prepared. What should we do?

First, find out, or rather the government should find out, what arms and ammunition we have, and if we have not enough start in to get more. Let the nation build and own a rifle and ammunition factory here in Ontario. That may take some time.

But there is another thing we must do forthwith. Stamp out any sign of sedition within our border! Suppress any pro-German papers published in Canada and stop the circulation in Canada of pro-German papers published in the United States. To merely warn them is to confess weakness!

We believe the German Government has bought several very prominent publications in the States and is now carrying on in these organs an avowed and powerful campaign for the German cause, to promote and encourage sedition within the British Empire, to promote panic, wherever they can, under the British flag.

We say to the government at Ottawa that they do not need to be specially scrupulous in this matter; but they must be active; suppress the papers at home, bar out foreign papers suspected, and give them a chance to clear themselves if they wish to. We are at war and must use war methods.

The United States is a free country and its newspapers may be free to publish what they choose to.

But Canada is a free country and she is especially free to say what she will and what shall not come in; and what shall circulate in this country and what shall not, especially when the Empire and our own country are threatened with the greatest peril.

OFFICER FIRED ON 5 FOREIGNERS WHO WERE SEEN TAMPERING WITH TRACKS ON HIGH PARK SUBWAY

Warned about nine o'clock last night that five men were acting suspiciously on top of the Grand Trunk subway at the second entrance to High Park from the Lake Shore road, Mounted Officer Hanson succeeded in stopping what he believed to have been an attempt by foreigners to blow up the subway and wreck a number of trains.

Hanson's informant was a motorist, who, by the headlights of his machine, when he was coming thru the park, saw three men lying on the tracks apparently busy, and two others were walking around them as if on watch. The motorist, whose name the police would not divulge, hunted the locality till he found Hanson. The officer hurriedly started his horse and hurried to the scene. When he had come quite close to the men they commenced to run. When the men refused to stop in answer to Hanson's command, he fired two shots over their heads, but they kept on their way. He then emptied his revolver at them but it is thought without success.

As soon as possible he communicated with No. six police station, from where a posse was sent out to search for the men. High Park and the country for miles around was scoured for hours without finding any of the men.

Just what damage was done to the railway tracks the police would not say, but it is understood that they had been tampered with.

GERMANS FAIL TO BREAK ALLIES' LINES AT CENTRE

Severe Battle is Raging in the Triangle of Dixmude, Roulers and Ypres, Where Enemy is Trying to Obtain Access to Dunkirk.

HEAVY FIGHTING ON THE YSER ALLIES ADVANCE TO JABBEKE

Furious Attacks by Germans Were Blocked and French and English Troops Made Considerable Progress Near Lys.

PARIS, Nov. 5.—(1.30 a.m.)—Alternate gains and losses by each side marked the great struggle between the allies and the Germans along the extended battlefield in France and Belgium Wednesday, according to officers who have returned here from the fighting zone. The French and English troops, these officers say, made considerable progress in the neighborhood of Dixmude and Lys. On the other hand the Germans are reported to have gained a small amount of territory in the region of Vailly and Chavonne.

The heaviest fighting of the day was in this region, where the Germans, heartened by Tuesday's appreciable advance, endeavored to continue their success. The allies, aided by reinforcements, are said to have blocked to a large extent the furious attacks of the Germans, and a small detachment of Frenchmen, who they met with heavy resistance at a bridge on the Aisne, succeeded in pushing on and gaining high ground commanding the enemy's position.

From this point the French opened a raking fire on the Germans, but they were not sufficient in number to withstand the furious German onslaught that followed, and were compelled to retire to avoid being cut to pieces. The few cannon taken by the Germans, it is said, were put out of commission before the retreat.

RED SEA TOWN BOMBARDED BY BRITISH CRAFT

Pictureque Minarets of Arabian Port Mark for Minerva's Shells.

DISASTER NOT REPORTED Admiralty Make Statement—German Dreadnoughts in Action on Tuesday.

Available records show no report of Niddah on the Red Sea, but Jiddah, a town of some 30,000 inhabitants, is the chief seaport of Arabia, in the Province of Hejaz, 65 miles northwest of Mecca.

Jiddah is a picturesque town with narrow and irregular streets and houses of coralline limestone.

From the sea the white minarets show plainly within the walls of the town and give it a picturesque appearance. The angles of the walls on the seaford are surmounted by forts. In the northern part of the town is a tomb, said to be that of Eve. Nearly half the population is Arab. Large numbers of pilgrims pass thru Jiddah each year to the city of Mecca.

Canadian Press Despatch. PETROGRAD, Nov. 4.—The following official communication from the Russian general staff headquarters was given out here tonight:

"A sudden change has been noted since Nov. 3 on the east Prussian front, where the enemy, which recently had been on the defensive almost everywhere, has begun to fall in precipitate on the left wing of the enemy, which was vigorously thrown back toward Biala and Lyck. Our troops took Biala, capturing a large quantity of arms and ammunition and making prisoners of a German company."

AUSTRIAN SHIP SUNK IN HARBOR

Kaiserin Elizabeth Was Blown Up by Germans in Kiaochau Bay After Taking Refuge.

TOKIO, Nov. 5.—It was announced today by the navy department that it seems probable that the German defenders of Tsingtau have sunk the Kaiserin Elizabeth, the Austrian cruiser which took refuge in the Tsingtau harbor on the outbreak of war. The following announcement was given out:

"On November 1 the Japanese fleet together with English warships made an effective bombardment of the forts and other forts. On the morning of November 2, the Austrian cruiser Kaiserin Elizabeth seemed to have been blown up in Kiaochau Bay. On November 3, the floating dock in the Tsingtau harbor listed and sank (presumably from the attacking squadrons' shell fire)."

CHICAGO STOCK YARDS CLOSED

Ten Days' Suspension of Business Owing to Foot and Mouth Disease.

CHICAGO, Nov. 4.—The Chicago Union Stock Yards, the largest stock market in the world, which has been in continuous business since 1865, tonight was ordered closed for several days because of the prevalence of the foot and mouth disease among cattle.

The stock yards probably will remain closed ten days. The closing order will go into effect at the close of business Friday, Nov. 6, and continue until the opening of business on the second Monday thereafter, or Nov. 16. In ten days, it is planned the stock yards will be thoroughly rid of contagion.

The immediate effect of the suspension order will be to stop the shipment of cattle, sheep and hogs to the Chicago market, which amounts to almost 100,000 head daily. This alone would affect the meat-packing industry, amounts to a daily business of \$1,200,000 and affects 35,000 employees.

LORD KITCHENER THERE "SERIOUS AND EARNEST SPIRIT" OF MEN GIVEN WARM PRAISE.

Canadian Press Despatch. LONDON, Nov. 4, 6.25 p.m.—King George and Queen Mary, accompanied by a small suite, today visited Salisbury Plain, where they inspected the Canadian troops, who have been engaged there since their arrival in England. The King expressed pleasure at having the opportunity to welcome to the motherland this body of soldiers.

"Their prompt rally to the empire's call," said King George, "is of inestimable value, both to the fighting strength of my army and in the evidence it gives of the solidarity of the empire. The general appearance and the physical standard of the different units are highly creditable, and I am glad to hear of the serious and earnest spirit which pervades all ranks."
