### STIRLING (SIR WILLIAM ALEXANDER, EARL OF.)

Shakespeare read these tragedies. Alexander was a friend of Edward Alleyn, the famous actor of Shakespeare's time. Others of his contemporaries read his plays and praised them, though it is doubtful if they were ever performed, being more of the academic school than written for the public taste, and later writers are unanimous in the praise of his lyrical passages.

His lands brought him no fortune, his colonial schemes were failures, his rank and the positions conferred on him by James involved him merely in trouble and loss, and he died, as many others of an independence of character like his own have done, in loneliness and the extremest poverty.
