

## RAILWAY FOR GOWGANDA? SIGNS POINT THAT WAY

Mining Assessor G. W. Mickle Has Returned From Northern Inspection Trip.

Geo. R. Mickle, mining assessor of the department of mines of the Ontario Government, returned from his official visit of investigation to Gowganda yesterday.

Mr. Mickle's trip north was to report upon the railway needs of the Gowganda district in relation to the recent request of the Gowganda residents for an extension of the Timiskaming and Northern Ontario Railway. This investigation was in connection with the investigation by a representative of the T. & N. O. Railway Commission, and an engineer representing the people of the Gowganda district. Mr. Mickle will make an early report to Hon. Frank Cochrane, minister of mines.

He stated to the World yesterday that despite the partial break-up of the winter weather the roads had been in sufficiently good condition to serve the purpose of his investigation.

It is now believed in well informed circles that the Ontario Government is beginning to look with a more favorable eye upon the desired extension of the government railway. The matter is not likely to be dealt with hurriedly, but the indications are favorable for action early next year. The view is taken that the summer transportation facilities will be developed by other interests this season to meet the immediate requirements to some extent. When the expert's reports have been fully considered there is a prospect of favorable action should the reports be as conclusive in that direction as is expected.

### MISS BEN O'LEI TO SPEAK SUNDAY NIGHT.

The People's Sunday Service tomorrow night at Massey Hall promises to be specially interesting. Rev. J. M. Wilkinson has arranged a series of Lenten illustrated services bearing upon the "Passion and Death of Christ." Newton & Co. of London, makers to the King and Royal Academy, supply the lantern slides. The subject to-morrow night will be "The Seven Last Words From the Cross," beautifully illustrated. A number of soloists will sing appropriate selections. In addition Mr. Wilkinson will illustrate the parts of "Ben Hur," "Sign of the Cross," and "Parsifal" that refer directly to the crucifixion. The popular Doris Male Quartet that greatly delighted the audience last Sunday night, will again sing, Miss Florence Benfield, the celebrated Anglo-Jewish oratorio lecturer, will be present on Sunday night in costume and give a short address on "Shepherd Life," introducing a shepherd boy in Bedouin costume.

**Six Burned to Death.**  
LILLE, France, March 24.—Six persons were burned to death to-day in a fire which destroyed a motion picture theatre. There were many women among the spectators. Panic followed the outbreak of fire and in the rush for exits many were knocked down and trampled.

## Gains 30 Pounds In 30 Days

50c Package of Remarkable Flesh Builder, Protone, Sent Free To Prove What It Will Do.

It is astonishing to see the effects produced by the new flesh-increaser Protone. Input on fat, and the gain in weight of a pound a day, is not at all remarkable with this new wonder.

Protone Will Make You Nice and Plump.

Protone induces nutrition, increases energy, makes perfect the assimilation of food, strengthens nerves, increases blood circulation, builds up safely and surely, muscles and solid, healthy flesh, and rounds out the figure. For women who never appear satisfied in anything because of thinness, Protone may prove a revelation.

It costs you nothing to prove the remarkable effects of Protone. It is non-injurious to the most delicate system. Write Protone Company, 288 Protone Bldg., Detroit, Mich., will send you on receipt of your name and address, a free 50c package of Protone with full instructions, to prove that it does the work; also their book on "Why Are You Thin," free of charge, giving facts which will probably astonish you. Send coupon below to-day with your name and address.

### FREE PROTONE COUPON.

This coupon is good for a free 50c package (all charges prepaid) of Protone, the remarkable scientific discovery for building up thin people. Together with our free book telling why you are thin, if sent with ten cents in silver or stamps to help cover postage and packing, and as evidence of good faith, to:

The Protone Co., 288 Protone Bldg., Detroit, Mich.

## Cured Eczema and Dandruff

"I am pleased to inform you that I have been cured by Cuticura Soap and Ointment. Since I was a boy I have suffered with dandruff, not only from the itching but from its disagreeable appearance in a social form all over my head. I had to brush it off my clothes all day long. I used every kind of preparation supposed to cure dandruff, also soaps and shampoos, but it seemed to me that, instead of improving with these remedies, the dandruff increased, even my hair began to fall out and the result was that two months ago eczema developed on my scalp.

I suffered so from this that as a last resource I thought I would try Cuticura Soap and Cuticura Ointment. They had the most gratifying results for I had used only one box of Cuticura Ointment and a single cake of Cuticura Soap when I was cured, the eczema and dandruff were gone and my head perfectly clear.

I can assure you that so long as I live no other soap than Cuticura will be used by me and all those near to me. I will also add that I will always use Cuticura Ointment as a dressing for the hair. I feel that you should know of my cure and if you desire you may use this and a true testimonial which comes from a sufferer of thirty years' standing. I will be happy to tell any one of my experience in order to assist those who may be suffering from the same disease."

(Signed) J. A. K. E. P. O. General Commission Merchant, 59 Pearl St., New York.

Cuticura Soap and Ointment afford the speediest and most economical treatment for itching, burning, scaly humors of infants, children and adults. As in this case, the cure is sufficient. Sold throughout the world. Send to: Cuticura, Chem. Corp., Boston, U.S.A., for 32-page Cuticura Book on treatment of skin and scalp afflictions.

## MONEY FOR SCAVENGERS IN LIEU OF VACATION

This is Ald. Dunn's Solution—Restriction on Speeches Nettled Ald. McBride.

The civic works committee broke all records yesterday by transacting the business in sight in a little over an hour. This was due to some extent to the fact that the members put thru a motion of Ald. Dunn limiting the discussion of each member on any topic to five minutes. It was also due to the lesser degree to the fact that there were few questions on the order paper needing discussion.

Ald. Dunn introduced a resolution to have the property commissioner report on the advisability of giving the drivers in the street cleaning department, who are permanent employees, two extra weeks' salary in lieu of two weeks' holidays which Ald. Sam McBride has been seeking to obtain for them. Ald. McBride arrived just as the motion was going thru and was advised of the new rule.

"You can't stop me talking," declared the doughty champion of the scavengers. "I'll talk as long as I have anything to say in the interests of the city and the only way you can stop me is to get a policeman."

Controller Spencer took exception to the engineer's recommendations for new sidewalks placed next to the kerb and registered his annual protest. The recommendations went thru, notwithstanding.

A largely signed petition, presented by Ald. Rowland, on behalf of the residents in the vicinity of Cherry-street, to extend that thoroughfare thru King-street, was referred to the city engineer.

### QUICK JUSTICE.

NIAGARA FALLS, Ont., March 24.—(Special).—Within fifteen minutes after he returned to the city, Fred Moffat, charged with the murder of a man, was taken into custody by the police.

Ald. Cushman, with assault, was arrested to-day, pleaded guilty before Magistrate Fraser and was sentenced to 30 days in Welland Jail.

### TORE UP THE TRACK.

WELLAND, March 24.—(Special).—To-day Roland Tanner, a well-known citizen of Foxhill, was arrested charged with tearing up a portion of a Niagara, St. Catharines & Toronto Electric Railway spur, running to a gravel pit. The track runs over a portion of his farm. Tanner claims the road has no right there, and had considerable litigation over it. He was remanded for eight days, bail being refused.

### Two Buffalo Excursions, C.P.R., 9.30 a.m. and 1.15 p.m., Saturday.

By C.P.R. 9.30 a.m. and 1.15 p.m. trains Saturday. Tickets are good returning all regular trains Saturday, Sunday and Monday. The Central R.M.C.A. are going over in force on the 1.15 p.m. train. Tickets may be obtained at all Toronto city offices and ticket office, 15 East King-street. Phone Main 6380.

### Met Horrible Fate.

ELIZABETH, N.J., March 24.—His body covered by quicksand to a depth of several inches, which prevented discovery by the rescue party, the last 16 days, the body of John Donnell, 67 years old, was found accidentally. Indications are that he died in great agony while held a prisoner by the sands.

### New Vicount's Title.

LONDON, March 24.—(C.A.P. Cable).—War Secretary Haldane in becoming a peer takes the title of Viscount Haldane of Craxie, his Scottish estate.

## EVEN TITLE OF C.N.E. LIABLE TO BE COPIED

Exhibition's Need of Having Status Better Defined Thus Instanced.

There is no question about its being the desire of the Canadian National Exhibition authorities to take measures for the passage of a consolidation act at the next session of the Ontario Legislature, as announced in yesterday's World. No legislation hostile to the city, or to trespass upon the powers of the city with respect to the exhibition is in mind, however. The consolidation act is wanted in part to relieve the exhibition authorities from the inconvenience of working under too many powers in some respects, and because of undefined rights in others.

The representative exhibition man who gave the information to The World said in explanation of the need of supplementary legislation, the name Canadian National Exhibition had not been effectively secured, and required further protection. The rights with respect to the exclusive control and sale of exhibition information urgently required legislative action.

The idea of any friction between the exhibition directorate and the city council in relation to the consolidation does not exist in the minds of those who are seeking a revision and codification of the present loosely defined statutes under which the exhibition is conducted. The success of the exhibition have been working. The codification, The World has the best of authority for saying, will be pressed for with a view to its enactment at the next session of the Ontario Legislature. Only those unfamiliar with the situation will imagine that a revision of the law entails an encroachment upon the rights of the city. The co-operation of the committee on the legislation of the city council is, in due course, likely to be invoked in securing the revision.

### JUST LIKE ONTARIO

Salary Grab in Manitoba and Saskatchewan Legislatures.

WINNIPEG, March 24.—With the minimum of publicity, the closing hours of both the Manitoba and Saskatchewan Legislatures have been characterized by a salary grab of \$500 for each legislator. Manitoba led the way and the press was supposed to report that a one-hundred day boom for the Saskatchewan legislators, but on investigation it appears to be five hundred. They will all now draw about \$1500 for five or six weeks' arduous labor.

### An All-Star Concert.

It is many a long day since a concert company of an equal merit to that which Alice Nielsen will bring with her has been seen in Toronto. In fact it is difficult to find a company of artists who would be so good as to give a performance to get together for a concert work, so many noted artists as compose Miss Nielsen's company. It is well-known that grand and opera singers prefer to sing in opera. An entertainment by a company similar to Miss Nielsen's is almost unique. Here are eight artists who stand high in the grand opera world brought together to present the gems from the best known grand operas consisting of solos, duets, quartets, quintets and sextets. To hear the sextet from "Lucia," sung by Nielsen, Savage, Lassalle, Fornari, Perini and Giaccone, is a treat that music-lovers seldom get. The privilege of enjoying another feature of Miss Nielsen's engagement at Massey Hall on April 3 is the extremely low scale of prices. This is the first time Miss Nielsen has sung at these prices since she became a grand opera star. What makes these prices all the more remarkable is that associated with the prima-donnas are such noted artists as Maria Claessens, Ruby Cutter Savage, Bernice Fisher, Ernesto Giaccone, Rodolfo Fornari, Giuseppe Perini and Robert Lassalle. Reservations are now being made by mail. The seat sale will open on Wednesday, the 29th inst.

### "The Chocolate Soldier."

"The Chocolate Soldier," an opera bouffe treatment of George Bernard Shaw's "Arms and the Man," Englished by Stanislaus Stange, comes to the Royal Alexandra Theatre on Monday, April 10, for a limited engagement.

An orchestra of 40 will be required for the proper playing of Oscar Strauss' music. This is the first time that Alice Yorke, and Lillian Foll, prima-donnas; Fritz von Busling, player of the frivolous Mascha, from Berlin; Forrest Hill, the lover, and was at Alice Nielsen, who has sung at these prices since she became a grand opera star. What makes these prices all the more remarkable is that associated with the prima-donnas are such noted artists as Maria Claessens, Ruby Cutter Savage, Bernice Fisher, Ernesto Giaccone, Rodolfo Fornari, Giuseppe Perini and Robert Lassalle. Reservations are now being made by mail. The seat sale will open on Wednesday, the 29th inst.

### Bertha Kalich Coming.

Since Madame Bertha Kalich first became one of the most important stars of the American stage half a dozen years ago, she has done nothing that surges for artistic achievement and genuine interest her first success, "The Kreuzer Sonata." Under Shubert direction Madame Kalich is to make a revival of "The Kreuzer Sonata," an announcement that cannot fail to create interest. Madame Kalich has in a few years contributed to the stage half a dozen genuine hits. In "The Kreuzer Sonata," with its intense appeal to the heart, she has a role which gives her full scope. This revival will be welcomed everywhere for it presents the artist in a role of intense interest. The engagement here at the Royal Alexandra commences April 3.

There appears every week in The Sunday World a sermon by Bishop Evans that is creating interesting comment and inviting the attention of the frivolous as well as the thoughtful. Suppose you order a copy of next week's issue and read his sermon? For sale by all newsdealers and newsboys.

## Most Children Are Wheat-Hungry

Nearly all children have wheat-hunger—a craving for the body-building elements found in the whole wheat, the most perfect food given to man—his "staff of life" for four thousand years.

The whole wheat contains all the elements needed to build the perfect human body. This cannot be truthfully said of any other cereal. It is through the shredding process (patented and owned by The Shredded Wheat Company) that the whole wheat is prepared in its most digestible form.

By this process all the tissue-building elements in the whole wheat are retained, while the outer, or bran, coat is scattered along the shreds in infinitesimal particles in such a way as to stimulate peristalsis (bowel exercise) in a natural way.

TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalades. Always toast it in the oven before serving.

### WILL KEEP IT DARK

To Encourage Reporting Smallpox, Publicity to Be Avoided.

MONTREAL, Mar. 24.—In order to encourage municipalities throughout the province to report cases of smallpox, health officers have agreed that in future no information will be given to the public of the number of cases.

Dr. Lachapelle, president of the board, to-day said that it had been found difficult to get municipalities to inform the authorities of new cases largely thru dread of unfavorable publicity.

He added that the disease is of epidemic proportions on the north shore of the St. Lawrence, below the Saguenay, and on the south side below Rimouski. He said, however, that while there are cases in the vicinity of Montreal, there is no cause for alarm, particularly where the precaution of vaccination has been taken.

Rose Luncheon.  
The Wagnerian Musical Club have

Given a child two Shredded Wheat Biscuits every morning with hot milk and a little cream and he will be fully satisfied and will lose his taste for mushy porridges that are usually bolted down without chewing.

You can't build sturdy boys and girls out of books and sermons. Their bodies must be developed from the food they eat. Shredded Wheat is an ideal food for them to study on, to play on, to grow on.

Shredded Wheat Biscuit with hot milk or cream makes an ideal breakfast for school children and is quickly and easily prepared. The porous shreds of cooked wheat combine naturally with all kinds of fresh or stewed fruits, making a complete, wholesome meal. Your grocer sells them.

### Will Not Lose Sight.

Edward Smiley, 63 years, Murray-st., who was hit by an auto a few days ago, and who it was thought might lose his sight, will not be blind, say the doctors.

### Rose Luncheon.

The Wagnerian Musical Club have

## DR. McLAUGHLIN'S ELECTRIC BELT MADE US STRONG

Here's an Offer No Weak Man Can Afford to Miss.

If You Are Tired of Useless Drugging—COME NOW.

When you hear a lot of people praising a thing you begin to realize that it must be good. One who has been a sufferer in a community may be mistaken, but when a dozen remark that they have been cured by Dr. McLaughlin's Electric Belt, you are forced to believe it. When you meet a friend on the street and comment upon his improved appearance, and he tells you that Dr. McLaughlin's Electric Belt has done it, even though you don't believe in electricity, you are forced to believe it. When you find that your friend imagines that it helped him, you are forced to believe it.

That is why men who wear this Belt are bright, happy and cheerful, they feel good, and show it.

The majority of cases which have been cured by the Dr. McLaughlin Electric Belt are men broken down by nervous strain, overwork, overeating and late hours. In them the old ambition seemed to have gone; self-confidence was lacking, and there was a tendency to premature old age. In such cases, electricity is most effective, as it affects the vital organs. As examples of the influence of the Dr. McLaughlin Belt upon such cases, note what Mr. Joe Armstrong, 75 Rectory St., London, Ont., says:

"I am glad to say that I never felt better in all my life, and all the praise is due to you and your Belt, which I only wore for three weeks, and have laid it aside as good as new. To put the whole thing in a nutshell, every joint in my body and my back is working like a new clock. My work is no longer to me, and I think you again for the cure of my back and stomach, and for my whole system. Do not be afraid of letting anyone see this, and if they are not satisfied with this, send them to me and I will prove it to them. After suffering for the most of four years, you and your Belt have cured me. I am here to witness that for that cure, and am for stopping it now. I am enjoying life better than I have in many years. I would recommend the Belt to anyone suffering from rheumatism or from any form of nervousness."

Here is another: Mr. J. Harry Denton, Trenton, Ont., says:

"I used your Belt for nervous debility and rheumatism in 1909, and it cured me. I wrote at that time to that effect, and what I said then I can verify now. I am enjoying life better at the present time than I have done for many years. I would recommend the Belt to anyone suffering from rheumatism or from any form of nervousness."

Mr. A. Russell, Niagara Falls, Ont., writes:

"I am glad to tell you that I have not felt better in years. I have had no sign of lame back since I wore your Belt, and that is over a year ago. I think they are the best thing for a lame back that anyone could get. I could not have got along without one and I will be pleased to recommend your Belt to anyone that is suffering with a lame back."

In case of rheumatism, the Dr. McLaughlin Electric Belt has a specific action, quickly relieving the pains and freeing the blood of the Uric Acid deposits that cause the trouble. Among the recent cures we may mention Mr. Angus McDonald, No. 9 Buffalo St., Toronto, Ont., who says:

"I came to Bradford a little over two years ago, crippled up with Rheumatism so bad I had to be carried into the house, and was bedfast for six months. I was treated by three different doctors. I went to Preston and took the baths, and received slight benefit from them. I then bought one of your Belts, and at that time considered my case hopeless. I have improved steadily since wearing it, and have been able to resume my business as a builder and contractor. I have recommended your Belt to many as a cure for Rheumatism, even in its worst form, as I was about as bad as anyone could be with it when I got your Belt, which has, I am glad to say, completely cured me. The Rheumatism had affected my heart, and it has greatly improved me in that respect."

Mr. Robert Arnold, Sask., is another man cured of rheumatism two years ago. Here's what he says:

"Dear Sir,—I wore your Belt two years ago for rheumatism, and it cured me completely, and I can now say that I consider it a permanent cure. I have so much more power and strength now than I have for years, and I would advise anyone suffering from rheumatism to try your Belt, as I do not think they could find a better remedy."

The man or woman whose stomach seems to be "knocked out" can practically get a new stomach by using the Dr. McLaughlin Electric Belt. The reason for this is that the stomach when in healthy condition is an electric battery in itself. It furnishes power and strength to every organ of the body. When it is weak, it is a sign that the natural Electricity is below the normal. It is useless to take drugs to re-fill the human electric battery with the element that is so necessary for its health. They can't do it. Now the stomach is re-incorporated by the Dr. McLaughlin Electric Belt is told by
