SPECIAL MEETING EVOLVES LITTLE WORK

York County Farmers Think Crops Are Fair—Magistrate Tries to Settle Trouble.

EAST TORONTO, July 29.—The East Toronto tennis team defeated the Norway Club in a keenly contested game on Saturday afternoon by a score of 8 to 1. The play was of a higher character on the part of the Norway Club than the score would seem to indicate. The score in the singles was: Johnston, (N.) beat March, (E.T.), 6-3, 6-4; E. Siem (E.T.) beat W. Tilton (N.), 6-4, 6-2; N. Drummond (E.T.) beat F. Tilton (N.), 6-3, 6-2; W. Givens (E.T.) beat Baynes-Road (N.), 6-1, 6-5; Johnston (E.T.) beat Ryland (N.), 8-6, 8-4; Dr. Demary (E.T.) beat Auchin- deck (N.), 4-6, 6-1, 6-2.

Doubles—Drummond and Siem (E. T.) beat Tilton and Johnston (N.), 6-4, 6-4; Murch and Givens (E.T.) beat Reed and Johnston (N.), 6-1, 6-5; G. G. G. and Johnston (E.T.) beat Auchin- deck and Ryland (N.), 8-6, 6-4, 7-5. Principal French conducted the service in Hope Methodist Church on Sunday morning.

The jury empaneled in connection with the death of William Shields, G.T.R. engineer, met in the city hall to-night and brought in a verdict, to the effect that the deceased came to his death by being jammed between his engine and the doorpost of the round- house. The verdict forthwith censured the G.T.R. for not providing adequate protection at the entrance and further advised that none but English-speaking workmen be employed where signals are required in railway yards.

The quoting tournament held on the Excelsior grounds to-day was a well contested event, and resulted in a close finish, Burt White winning over his opponent by a close margin. C. Johnston 13, A. Blaylock 12, F. Liddell 13, F. Jeffreys 11, A. White 12, J. Smith 10, J. Blaylock 12, F. Blaylock 13, B. White 13, F. Liddell 11, C. Johnston 12, F. Blaylock 13, B. White 13, F. Blay- lock.

In the final game the score was B. White 13, F. Blaylock 12. To-night's meeting of the town council was well attended, the only absentee being Reeve Nimmo. The mayor was in the chair, but little business was transacted. Financial matters for the most part engaged the attention of the members.

President Hoover of the Independent Telephone Co. was not present, and no progress was made in that direction. The Standard Printing Co. received the contract for printing the voters' lists, at \$150.

Councillor Brown objected to the filling up of the sluiceway in front of the Y. M. C. A., also the dilatory method of the Y. M. C. A. in falling to remove the pile of earth at the south side of the building.

A number of minor matters were disposed of.

NORTH TORONTO. Choir Have Enjoyable Picnic at Ham- ilton—City Man Buys House.

NORTH TORONTO, July 29.—Elezzer West this morning entered a vigorous protest against the action of the Metropolitan Railway in refusing to take on the luggage of his son, and a friend at Sherwood-avenue. Others cars even refused to stop at all.

Two men walked thru the crops on George Hunt's farm on the second concession of East York last Saturday afternoon. They were ordered off the place, but instead of going good-naturedly, they showed fight, cutting Mr. Hunt's, Sr., upper lip open, but Mr. Hunt, Jr., on the road when delivering his milk. They again assaulted him, and he managed to get away. County Constable Tomlinson has the case in hand.

A petition is being signed by the farmers and gardeners asking High Constable Tomlinson to patrol the district Saturdays and Sundays, as they are frequently annoyed by Toronto's riff- raff.

The members of the choir spent a pleasant time at their picnic at Ham- ilton.

The motorists were from Quebec, and acted their part in good shape, taking Mr. Rogers out to his home in their auto and helping to disentangle affairs. The rig was completely demolished.

MAGISTRATE WAS WISE. Police Magistrate Ellis tried the role of peace maker yesterday morning, when Mr. Murphy, a Vaughan farmer, named Stephenson, failed to come to terms.

The amount in dispute was \$21.20, but Murphy was obstinate.

"I'll not settle it as long as there is a court in heaven," he said.

The magistrate gave them eight days to think it over.

Muskoka via Grand Trunk. Many people who summer in Musko- ka always make it a point to travel to their favorite haunts via the "Pioneer Line."

There are several reasons why, viz: that the Grand Trunk is the most pic- turesque route, and it is the only way to reach Muskoka Wharf, the principal gateway to the lakes, an dthe starting point of all the large steamers of the Muskoka fleet. See that your ticket reads via Grand Trunk Railway, and the comfort of your trip is assured.

Trains leave Toronto at 11.20 a.m. and 2.40 a.m. (sleeper open at 10 p.m.) Tickets, illustrated booklets and full information may be obtained at city office, northwest corner King and Yonge-streets.

IS CONSUMPTION INCREASING? Doctors say not—people are treating Catarrh before it becomes consump- tion—curing it by "Catarrhzone," which destroys the disease and pre- vents its return. Nothing like Catarrhzone for colds, catarrh and throat trouble. It cures every time.

One of the most popular features of Toronto's entertainment during the summer season, is the moonlight ex- cursions on the palace steamer Tur- nia, which are drawing larger crowds on every occasion. The excursions are held on every Tuesday, Thursday and Saturday night, and a new feature is the engagement of a band of profes- sional musicians, known as the Park- dale Citizens' Band. The band now programs are prepared for each trip. The band marches from the city hall to the dock at Bay-street at 7.45 every excursion evening, leaving at 8.30.

Hanlan's Point and Scarborough Beach are passed on the trip, and the boat circles the island, returning at 11 p.m. The trip is a most enjoyable one, and the fare is only 35 cents.

CANADIAN SECURITIES IN FAVOR OF BRITAIN

Investors Seek Reliable Informa- tion About Resources of This Country.

R. H. Court, general business man- ager of the popular illustrated week- ly paper, "Canada," published in Lon- don, England, paid The World a frat- ernal visit yesterday. Mr. Court is making his second tour across the con- tinent, visiting the principal industrial and agricultural centres, in the inter- ests of his paper.

The popularity of Canada and things Canadian in the old land, he said, had increased by leaps and bounds. Evi- dence of this was afforded by the large number of eager readers who quickly bought up each issue of the paper.

As an incentive to their patrons to take an interest in Canadian affairs they are running a competition which requires a knowledge of the Dominion and its affairs to enable competitors to win the prizes offered, viz., a "free trip to Canada." A series of views de- picting well-known industrial, agricul- tural and pleasure centres, or some striking scene or event in every day life of the people here, is published weekly. Those making the greatest number of correct answers are the winners. Up to the present time 45 persons had been fortunate enough to visit Canada as a result of these con- tests. Over 4000 letters were received from the London office of "Canada" dur- ing the past year, from small invest- ors, and others with moderate cap- ital, asking advice as to the best place to come to here to ensure success.

"Canadian securities are in great favor at the present time," said Mr. Court. "In consequence of the diffi- culty of getting remunerative invest- ments at home."

If such provision had an agent-gen- eral in London and Glasgow and in- ducted an aggressive campaign for making known the advantages and in- ducements they had to offer, thousands of people and millions of capital would be attracted to the country.

Most reputable financial houses are well satisfied with the investments made here, and are only too willing to extend them, if they were sure of getting sound reliable information of the conditions of things here. Such information able men in charge of the bureaus might furnish, and so help along the development of each pro- vince.

Mr. Court is greatly impressed with Toronto, and the happy, contented, well-dressed people he meets with on every hand. He says it does his heart good, and he wishes the same happy state of affairs existed at home.
