Market Bylaw Must be Submitted.

Two tie votes have occurred this week, one on the matter of returning the deposit to Stairway Contractor Lea and the other in the appointment of an architect to revise the plans of Ald, Denison and Architect Symons for the improvement of St. Lawrence Market. Contrary to precedent, however, be it said, other ways were found to untie the tie in these cases. In the first the Mayor carried his point by securing an accommodating opinion from City Solicitor Caswell. In the second, Architect Matthew Sheard got the appointment in preference to Architect John W. Siddail, because Ald, Leslie and Burns, who supported the latter gave way to supported the latter gave way to avoid delay. The Board has decided that this market bylaw must go to the people in January, and it will let nothing stand in its way. Not a little of this is due to the persistent goading of The World at a blue prints held way points out here the blue prints held way between them. He blue prints held way between them. in its way. Not a little of this is due to the persistent goading of The World at a time when there was some danger of the thing being baulked till it was too late. His Worship, by the way, has evolved into a staunch supporter of market improvement. Perhaps he has been groping and found out its popularity, but at any rate at yesterday's meeting of the Board of Control he could not insist enough in its favor.

Pills is the remedy.

Mr. John Macdonald, 120 Patrick-street,
St. John, N. B., is one of those who never
fail to speak a good word for Doan's Kidney Pills, as they cured his aching back
and relieved his urinary troubles when
everything else failed.

Chimes Bylaw Superfluous.

"I'm not in favor of having bells," said
His Worship, who wanted the Hallam
not have too many bylaws submitted to
the people. It would injure more worthy
ones he thought. There was the market bylaw which was most proper and the Don ney Pills, as they with an and relieved his urlnary troubles when everything else falled.

He worked at the lumber business for years, and the heavy lifting, as well as the exposure to cold and wet, brought on a serious complication of kidney troubles. He suffered greatly with pain in his back; he suffered greatly with pain in his back; had it can stoop and straighten up without the slightest difficulty. My urlnary trouble disappeared, and to-day I am feeling stronger and in better health than I have been for years."

That's the way Doan's Kidney Pills always act. They never fall to cure your kidney trouble, and—more than that—they invigorate and strengthen your entire system. Sufferers from Backache, Urlnary Trouble, Bladder Weakness, Puffness of The Feet or Under the Eyes, Dizziness, Headaches, Lumbago, Soreness of the Muscles, etc., should not fall to give Doan's Kidney Pills a triai. They'll cure when all else falls.

It was to have prominent bankers each contribute as the way prominent bankers and in the Mayor considered bells unsuited to the dignity and quietude of a court room, Ald. Burns had interviewed his constituents, and found the bulk of them to be bell men. It will be recommended that it is not advisable this year to flood the people with money bylaws, of which the board thinks the Chimes bill would be superfluous.

New Victoria Square Petition.

Up be'bs Victoria-square once more. At next Monday's Council petitions will be presented bearing thousands of signatures in fayor of the scheme. The inspired feeler in its favor thrown out by Lord Aberdeen at the new City Hall farewell function at the new City Hall

and of \$10,000 on such buildings as they may choose to direct, Messrs, Badgerow of Badgerow, Scott & Co., and Wilson, both Toronto vinegar makers, saw Mr. Fleming yesterday. Vinegar now made in Hamilton and Kingston will soon be all made in Toronto.

Sheppard Has a Good Case. Ald. Sheppard has made out an exceeding-y good case to present on behalf of the ity before the conference with the Fire Underwriters, which ne will call some day next week. Organistances have prevented an earlier meeting. The Macdonald charges against the Fire Brigade made it inopportune at the time, and bad weither has done so since.

After Lennox Again. The Mayor's weekly grievance against Architect Lennox consists this time in the delay of the latter in furnishing plans to the contractor for the dais and chairs for the new Council Chamber. This has helped delay other things, and His Worship has written asking why and wherefore, and re-Mayor wanted a competent architect to written asking why and wherefore, assure the people that the plans were not questing an interview to-day.
