ASSESSMENT SYSTEM. The Canadian Order of

Chosen Friends. This progressive fraternal insurance order had a most successful year during 1900, doing better than any previous year in the matter of approved applications. The month of November gave 353, December 605 and the whole year the large number of 3227, which for a purely Canadian institution is remarkably good progress. The total membership is about 22,000. So far the large number of 2113 applications have been received during the year 1901, being 555 more than at the same date last year. This society admits ladies on the same terms as gentlemen, finding them equally good risks. This special feature has assisted in making the order very popular, as it has many ladies in its ranks.

The rates of assessment are very moderate, and the following are a few samples

The rates of assessment are very moderate, and the following are a few samples of the same:

The rates in the hazardous class are 3.00 per year greater than the above, or nother words an increase of 30c per north on each \$1000 of insurance.

The sick and funeral benefit department of the order is also very popular with oth sexes, as the ladies are also admitted of this department. The following gives a consequence of rates:

cli of Women of Canada, has been sent to Ottawa. The address is prepared very artistically. The border is a handsome scroll, showing a design of rose, thistic and shamrock, intermingled with the maple leaf, the Canadian emblem, symbolizing the union of the Mother Country with the samples of rates:

The rates for members in the hazardous class are slightly higher than those above quoted. The benefits given are very liberal and include a funeral benefit of \$50.

The Canadian Order of Chosen Friends has always confined its operations to the Dominion of Canada. It is purely Canadian and has no connection with any society of a similar name. A few more cood organizers are wanted. Liberal terms to the right men. For further information write to W. F. Campbell, Grand Organizer, or William F. Montague, Grand Recorder, Hamilton, Ont. For information is to Councils in the city of Toronto apply to Charles Laight, 330 West Richmondiareet.

BUGS IN THE PEAS.

Pest so Bad That Farmers May Have to Discontinue Growing.

The quality of the samples of grain submitted to the Grain Standard Board, at their meeting yesterday morning, was more or less disappointing, owing, it was reported, to the extremely dry weather of June, which ripened the grain before it became properly matured, and to the wet weather experienced during the time of

weather experienced during the time of harvesting.

The Standard Board, which was recently appointed by the Dominion government to fix the grain standards for the east of Manitoba, convened in Eby-Biain's warehouse, Scott-street. W. D. Matthews presided, and those present were: Chief Inspector Craig of Montreal, A. McPhee, H. D. Metcaife, C. B. Esdaile, Montreal; John O. A. Hunt, London; Mr. Brodie, Quebec; Mr. McNeil, Kingston; H. M. Baird, Thomas Flynn, John Carrick, C. B. Watts Mr. McNeil, Kingston; H. M. Baird, Thomas Flynn, John Carrick, C. B. Watts

Quality Not Up to the Average. The quality of the grain in Ontario, from varied and not equal to the average of varied and not equal to the average of last year's grain. There was some criticism over the sample of peas, which showed more bugs than usual. The opinion was freely given that it will soon become a serious question with farmers as to whether it will not be advisable to stop growing peas for a year or so until the bugs, which destroy the quality, die out, this practice having proved that it is the only geliable way to get rid of the pest.

The standards selected for the guidance of the inspectors differ very little from of the inspectors differ very little from those of last year. The deliveries of grain by farmers up to the present time are light and below the quality usually deliv-

those of last year. The deliveries of grain by farmers up to the present time are light and below the quality usually delivered at this time of the year.

DONATION TO UNIVERSITY.

Prof. and Mrs. Smith Present \$10,000 to the Library.

The University of Toronto has received a substantial addition to its endowment thru the generosity of Prof. Goldwin Smith and Mrs. Smith. The donation consists of \$10,000 to the library of the University, and its to be applied for such of the departments as the trustees may from time to time determine. In his letter accompanying the gift, Prof. Smith refers to the celebration of the millenary of King Alfred, which is now in progress in England, and to the fact that King Alfred, which is now in progress in England, and to the fact that King Alfred is the patron hero and legendary founder of his old college in Oxford. It is the wish of the donors that the gift should serve the double purpose of paying tribute to the memory of the restorer of English learning, and of the content of the restorer of English learning, and of the four the restorer of English learning, and of the four the restorer of English learning, and of the content of the restorer of English learning, and of the four the restorer of English learning, and of the four the restorer of English learning, and of the four the restorer of English learning, and of the four played appropriate already the profession of the content of the restorer of English learning, and of the four played appropriate already the profession of the content of the restorer of English learning, and of the four played appropriate already the profession of the content of the past two founds and the prince of the past two founds are professioned to the profession of the past two fo

**⊘** A STRONG **⊘ ENDOR SEMENT** FROM PARENTS Read Mr. and Mrs. Cooper's description of the manner in which 'Powley's Liquified Ozone cured their child:—

The Ozone Company,
Gentlemen: In view of the very satisfactory results obtained in our family by the use of Ozone, "The New System of Curing Disease," we take great pleasure in sending you for publication a short statement of the same.
Our little girl, now 14 years of age, has been troubled from babyhood with a peculiar throat weakness. Her throat would swell up every little while and seemed to be very distressing. Every known remedy was applied and medical skill appealed to in vain.

Each year the trouble greew worse until it became apparent that the swellings were ulcers on the inside of the throat, from which mucous matter would ooze out on the pillow through the night. Twice they broke outright and discharged a quantity of mucous, mingled with blood, and it was at this juncture, when at a loss to know how to cope with the disease, that we heard of Ozone.
Our child has used one small bottle of the remedy, and half a large one, and to ulcarous condition has quite disappeared, while she seems better and stronger in every way.

We cannot recommend Ozone too highly to all sufferers, as we understand upplies alike to all germ disease, and we feel very grateful to the over-ruling syldence that brought it to our notice.

Wishing you much success in London and elsewhere, we are,

Very truly yours,

(Signed) MR. and MRS. CHARLES COOPER, 74 Byron Ave., London, Ont.

Powley's Liquified Ozone is oxygen in stable liquid form. It destroys the germs of disease and their toxins, makes the system ealthy and strong. It is a preparation that cures when all other aethods and treatments fail. Your neighbor will tell you how pod fris if you ask him. You don't experiment in taking Pow-

If you desire our physicians to give you advice on your particular case, make a detailed statement of just how you feel and the way you are afflicted. They will give you advice absolutely free of charge. Address the consulting Department of the Liquified Ozone Company, 229 Kinzie Street, Chicago, Ill. 50c. and \$1.00 at all Druggists. Toronto and Chicago.

Lady Minto Will Present an Address

ENCLOSED IN CASKET OF MAPLE

Montreal, Sept. 20.-The address to be

The address is as follows:

To Her Royal Highness the Duchess of Cornwall and York:

May it please Your Royal Highness, the members of the National Council of Women of Canada venture to approach Your Royal Highness with glad and loyal greetings on this happy occasion of your visit to Canada. Our society is broadly representative of the women of this Dominion; the welcome which it extends is a message from the women of the east and of the broad prairie lands, on the coast of great seas and in populous cities; various as is the country of their birth or their adoption are the women of this Council, yet are they bound together by a common allegiance, by their featly to one sovereign, by their heritage in one great Empire, by their consecration to that idea of spiritual unity of which the British Empire is at once the realization and the pledge. And as the women of the Council strive to further the harmonious development of this complex Canadlan people, to strengthen the bonds between all who are privileged to be British subjects, and to fulfil to all men the law of service, they are upheld by those Illustrious examples of pure and lofty womanhood set forth by her late Majesty Queen Victoria, of ever blessed memmory, by Her Majesty Queen Alexandra, and by her late Royal Highness the Duke of Cornwall and York, we offer the tribute of our loyalty and devotion, our hope that your journey thru Canada may be to you as pleasant an experience as it will be to us a treasured memory, and our earnest wishes that all glory and honor may ever attend that great sovereignty

Oxford. It is the wish of the double purpose of paying tribute to the memory of the restorer of English learning, and of manifesting their interest in the University of Toronto. The gift is a timely one in view of the straitened financial circumstances of the University, and will be all the more appreciated by University on account of the distinguished source from which it comes.

FROST DID GREAT DAMAGE.

TRADES CONGRESS. Resolution Favoring Increase

Pay of Letter-Carriers Carried. Brantford, Ont., Sept. 20 .- At the Trades Congress this morning a motion was carried requesting the Postmaster-General to grant an increase of 20 per cent. to all Dominion letter carriers. A motion was introduced asking the government to make it necessary for all Que-

bec barbers to produce a certificate of bec barbers to produce a certificate of three years' apprenticeship.

Some delegates wanted all the provinces included. The matter was finally referred to the various provincial executives.

A resolution deplored the disallowance of the British Columbia Chinese Exclusion Act, and another asked for the appointment of a scaffold inspector. The sympathy of the Congress was extended to the organof the Congress was extended to the organ-ization of retail clerks in Canada.

A resolution was carried condemning a spirit of Imperialism and its teaching in

DR. J. COLLIS BROWNE'S CHLORODYNE.

Vice-Chancellor Sir W. Page Wood stated publicly in court that Pr. J. Collis Browne was undoubtedly the inventor of Chlorodyne, that the whole story of the defendant, Freeman, was deliberately untrue, and he regretted to say it had been sworn to.—Times, July 13, 1894.

PR. J. COLLIS BROWNE'S CHLORODYNE.—The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in cholera was Chlorodyne.—See Lancet, Dec. 31, 1894. that the only remedy of any service in choiera was Chlorodyne.— See Lancet, Dec. 31. 1804.

DR. J. CULLIS BROWNE'S CHLORODYNE is prescribed by scores of orthodox practitioners. Of course, it would not be thus singularly popular did it not supply a want and fill a place.— Medical Times, January 12. 1866.

DR. J. COLLIS BROWNE'S CHLORODYNE, the best and most certain remedy in coughs, colds, asthma, consumption, neuralgia, rheumatism, etc.

DR. J. COLLIS BROWNE'S CHLORODYNE is a certain cure for cholera, dysentery diarrhoea, colic, etc.

Caution: None genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle. Sole manufacturet. J. T. Davenport. 33 Great Russell-street. London. Sold in bottles at 1s. 1½d., 2s. 9d., 4s 6d.

# Wall Tapestries

Having experienced considerable difficulty in finding among the stocks in Toronto SILKS and TAPESTRIES specially designed for wall hangings, our MR. W. H. Elliott took advantage of an extended trip through Europe to purchase a collection of designs from the various centres, which should be specially suitable for this purpose.

Out stock in this new department will contain many of the finest productions of FRANCE, ITALY and England, for the draping of walls and windows, and, being bought at first hand, prices will be found extremely moderate.

There have also reached us complaints as to the manner in which ignorant workmen have hung the material. Being, first of all, decorators, we have always hung our material with a thorough knowledge of its decorative requirements and avoided the mistakes of novices in this line.
