Wednesday Morning.

This morning's session was opened at 9 o'clock by devotional service, led by Rev. J. W. Pedley, B.A., pastor of First Congregational Church Then followed the presentation of the reports of the officers and executive committee, as previously published in The Advertiser. The reports were all adopted. Mr. J. J. MacLaren, LL.D., Q.C., Toronto, who was the represen-tative on the International Executive, read the executive committee's re-

A resolution of thanks was tendered the provincial secretary, Mr. Alfred Day, on motion of Messrs. McCrae and Reddit. Arrangements have been made whereby the report of this convention

will be published about Nov. 1. At 10:30 the convention adjourned to attend special conferences in the various city churches.

SEPARATE CONFERENCES. County, city and township officers met in the First Congregational Church. Rev. Dr. Jackson, of Newmarket, was chairman, and about 40 were present. "How to Secure Financial co-operation" was the title of a paper read by Mr. A. J. Donly, Simcoe, and an interesting discussion followed. The principal thing recommended was the organization of the townships, with faithful officers at the head of each organization, and then keep them in office as long as possible. A tax of 2 cents per member on all Sabbath school organizations was also suggested. Dr. J. J. MacLaren, To-ronto, read a paper on "The Relation ough to try the defendants on only of County Presidents nd Secretaries an interesting treatise on "Township Visitation of Schools" was read by Mr. D. W. Page, of Ridgeville. THE PASTORS.

The pastors gathered at the First Methodist Church, and theirs was probably the largest attended of any of the separate conferences. The aulitorium was almost filled. Rev. W. W. Shepherd, of Muncey, was chairnan. After devotional exercises Rev. E. D. Silcox, Paris, spoke of how the scholars of our Sabbath schools might be won to a deeper interest in the public service of the sanctuary. Spiritual Results in our Sabbath Schools; the Church's Relation There- of the victims. The entire State is to" was the title of a paper given by Rev. J. F. Barker, Hamilton. Rev. John Young, M.A., Hamilton, spoke of the advantages and difficulties of the pastor's class in the Sabbath school. Mr. J. W. Fetherston presided at the organ, and rendered musical selections during the session and at the High Authority Gives Unimpeachbeginning and the close.

SUPERINTENDENTS. In the school room of the First Methodist the superintendents met, to the number of about 100. Able papers on "System Without Ruts in Sabbath Operations," and "Best Methods of Grading a Sabbath School," were read by Messrs. C. E. German, Strathroy, and Thos. Hilliard, Waterloo, respectively. The subject of "Music in the Sunday School, and How It May Be Made to Subserve the Spirit of Devotion," engaged the attention of the conference, and many good suggestions were made.

SECRETARIES AND LIBRARIANS. The secretaries and librarians met in the Adelaide Street Baptist Church.
Mr. Chas. G. Morehead presided, and the meeting was attended by meeting was attended by the meet in the Adelaide Street Baptist Church. Mr. Chas. G. Morehead presided, and the meeting was attended by about twenty of the delegates. Mrs. Lucy Smith, of Oakville, read a paper on "The secretary's relationship to the school and the field beyond," in which she emphasized the importance of the secretary's work. Orlando White followed with a paper on "The most effective and simple methods of keeping the school records, containing very many useful suggestions. There was our sunday school libranies, especially in the selection of books.

NORMAL DEPARTMENT. Normal Department work was taken up at the Memorial Church; about 30 were present. Rev. Canon Richardson conducted religious services. chairman, W. E. Tilley, Ph. D., Bowmanville, set forth the importance of the Sunday school convention work. An excellent paper was given by Rev. Joseph Philp, B.D., of Ridgetown, illustrating the best means of organizing permanent normals.

CLASSES IN CITIES, ETC. Classes in cities, towns and rural districts. Rev. G. F. Salton, Ph.B., St. Thomas, gave some ideas on the teaching of a normal class.

BIBLE CLASS TEACHERS. A very enthusiastic meeting of Bible class teachers was held in St. Andrew's Bible class room. Mr. Andrew Thompson was chairman and the room was crowded, over 100 being present. Dr. R. G. McLaughlin, Toronto, read a paper on "Conditions of membership on promotion to the Bible class." It was followed by a vigorous discussion, taken part in by Mrs. Warburton, of Knox Church, Hamilton; Mr. Moss, of Dundas: Rev. Robt. Johnston, Mr. Patterson and others. "Elements of success in Bible class teaching" were set forth by Mrs. T. T. Brown, Tilson-

Pretty Wedding at St. Peter's Cathedral This Morning.

St. Peter's contained a large congregation this morning, who gathered to witness the wedding of Mr. Joseph Cook to Miss Helen Reid. Outside the cathedral was lined up about a dozen cabs and coupes, drawn by dozen cabs and coupes, drawn by white horses, and as the bride and groom emerged from the edifice, followed by the spectators, the scene was a pleasing one. The bride was dressed in a handsome traveling gown of rich, deep-green colored fabric, and carried a large bouquet of roses. The groom was supported by Mr. Philip Cook, jun., and the bride by her sister, Miss Jean Reid, who also wore a traveling dress, of the same color as that of the bride. The ceremony was performed by Rev. Father mony was performed by Rev. Father Tiernan. During the mass, "O, Salu-taris" (Rossini) was sweetly render-ed by Messrs. J. C. Lockhart, J. D. LeBel, J. T. Dalton, and P. J. Watt. After the ceremony the bridal party and congregation filed out to the strains of Mendelssohn's "Wedding March," performed by Mrs. Cruick-shank. A Colored Man and His Wife the Victims -Miscarriage of Justice.

Aiken, S. C., Oct. 28.—A party of six white men, Messrs. Akerman, Kears, Jenny, Brant, Stanley, and Hierse, took Isom Kearse, his wife Rosa, and his mother, Hanna Walker, three negroes, from their home in Colleton county, one night last December, and dragged them several miles behind a buggy to Broxton Bridge, in a lonely swamp.

It was a bitterly cold night, but the negroes were made to strip, and were then severely beaten with buggy traces for the alleged crime of steal ing a Bible from a church. Kearse and his mother were killed by the flogging and exposure, while his wife managed to drag herself home more dead than alive.

The "lynchers" were tried in Walterboro, the county seat of Colleton county, last February, for the mur-der of Hanna Walker, and to the surprise of the entire State were acquitted. Solicitor Bellinger had done best to secure a conviction mortally offended the numerous and influential friends of the defendants, who tried hard and unsuccessfully to prevent his re-election this summer. one indictment at Walterboro. Dr. Ellis' Analysis Showed Arsenic in Sternaman's Stomach.

A Woman Loses Two Husbands Under Peculiar Circumstances.

Cayuga, Ont., Oct. 28.—The adjourned inquest on the body of George H. Sternaman, who died at Rainham Center last August under suspicious circumstances, was completed yester-day. Mr. C. W. Coulter, Crown Attorney, was present in the interests of the Crown. The coroner, Dr. Thompson, read the report of Dr. Ellis on his analysis of the viscera of deceased. He found arsenic in the stomach, brain and liver. After taking further medical evidence as to the symptoms of arsenic poisoning, the case was left in the hands of the jury, who, after half an hour's deliberation, returned a verdict that deceased George H. Sternaman, came to his death on Aug. 19, 1896, by arsenical poisoning, administered by some party or parties at present unknown to the

STORY OF THE CASE.

There is a lengthy story in connec tion with this inquiry, but briefly stat ed, the facts are these: Last February George H. Sternaman, aged 24, married the widow of Ezra E. Chipman in Buffalo. On June 3 last, just after he had eaten his lunch, he became suddenly ill, vomiting violently. On June 13 the experience was repeated, and again at intervals until August, when the sick man was removed from Buffalo to the home of his mother in Rainham, his wife accompanying him. Five days later the young man died. Dr. Park, of Rainham, treated the man, and discovered symptoms of arsenical pois oning. A post-mortem examination confirmed Dr. Park's opinion, and the stomach and intestines were sent to Dr. Ellis, of Toronto, for analysis. Mrs. Sternaman's first husband, Ezra E. Chipman, originally belonged to St. Catharines, but some years ago removed to Buffalo, where he followed carpentering. About four years ago sternaman went to Buffalo and got acquainted with Chipman while working with him. Finally Chipman induced Sternaman to board with him, and after Chipman died Sternaman continued to board with the widow. At last the two were married. The voman's maiden name was Olive Adell

Sevenpiper, and her parents were Canadians from South Cayuga. Chipman died in the same way as Sternaman, and each man carried \$2,-000 life insurance. One of the insurance companies refusing to pay the policy led to the present action. MRS. STERNAMAN ARRESTED. Buffalo, N. She has been living of late with the mother of her first husband. She stoutly protests her innecence. She went to the station house and immediately notified her attorney. Chief Engineer Randolph decided some time ago to tunnel under the Santa Fe tracks in order to release the body of stagnant surface water collected above. The tunnel work will be completed this morning, and about noon the last charge of dynamite will be fired to blow up the "head" of the tunnel, allowing the water to rush through at the rate of

11,000 cubic feet a minute. The engineering feat of creating the giant waterway is rapidly nearing completion. Nearly 95 per cent of the excavation is now finished. Mr. Randolph said vesterday that as a result of a rough estimate he finds the mass of rock and other debris moved would form, if loaded into freight cars, with 40 tons to the car, and a locomotive for each 40 cars, an endless chain of trains long enough to encircle the earth at the equator and overlap a distance of 174 miles.

MONTREAL Montreal, Oct. 27 .- At the East End abattoir market this morning the offerings of live stock were 800 cattle, 700 sheep, 700 lambs and 60 calves. There is no important change to note in the market. The receipts continue liberal, owing to the fact that farmers are now anxious to dispose of their surplus stock before the winter sets in, and the market is glutted with common and inferior cattle, while good to choice beeves are somewhat scarce. Still, the market is depressed, and the demand on the whole of a limited character. A considerable number were left over unsold. A few small bunches of good stock were picked up for shipment at 3c per lb, but at Toronto on Friday 3 1-2c to 3 3-4c were paid for really choice export stock, and such cattle would probably fetch 4c here. In this market good to choice butchers' stock sold at 3c to 3 1-4c; common to fair at 2 1-4c to 2 3-4c, and lower grades at 11-4c to 2c per 1b, live weight. There was a better demand for good to choice sheep for shipment, and a fair number were picked up at \$2 50 to \$2 60 per 100 lbs, live weight. The supply of lambs was also larger, but demand for choice stock continues active, and prices were fully maintained, fully maintained, sales being made freely at 3 1-2c to 3 3-4c, and fair to good at 3c to 3 1-4c per 1b, live weight while common sold at \$1 50 to \$2 each There were a few extra choice large calves which sold at \$12 to \$15 each, or 3 1-2e to 4c per lb, live Other stock brought from \$2 50 to \$8 each, as to quality. At the Point St. Charles cattle mar-

ket trade in cattle, sheep and lambs was exceedingly dull, not a single transaction was reported. The receipts of hogs were 250 head, for which the demand was fair, and prices ruled about steady at 4c per lb, live weight. The shipments this week show an increase of 1,289 head of cattle, and 2,221 sheep, as compared with the previous week. The steamship Scotsman took 574 cattle at Quebec. TORONTO.

Toronto, Oct. 27 .- At the Toronto cattle market today trade was dull, although offerings were not so heavy as they have been for some time. Export cattle a little stiffer. Hogs About a dozen cars were bought for the Montreal market. Some of the drovers sent their export cattle through to the old country in first hands, dealers here not offering them high enough prices. ceipts of cattle at the Western Cattle Yards today were 69 carloads, which included 835 sheep and lambs, 1,500 hogs, 13 calves and 15 milch cows and springers.

Export Cattle-There was a fair amount of buying today, but prices were not any better than they have been for some time, nothing going to 4c per lb, except one of two head of picked from bunches of choice cattle; The run of prices was from 3 1-2c to 3 3-4c per lb; cables from Britain are steady but quiet; there were some caroads of good cattle in today, and they went for about \$3 80 per cwt; poorer cattle sold slowly; one carload, 1,200 lbs average, sold for 3c per 1b; an-

the was offered only 2 1-2c per lb, but he is holding for 2 3-4c per lb; the ruling figures were from 2c to 3c per lb, and some of the poorer cattle sold for even lower than 2c per lb; there were a lot of these cattle unsold; several drovers refused to sell their cattle at prices bid, and are holding for future markets; stockers and feeders were a little off, distillery men being about all filled up; roughish big stockers sold at 2 1-2c for byres; good fair stockers sold at 2 3-4c per lb; it is not likely the demand will last much longer. Bulls-Because there were really no good bulls for export, prices were 3c

LONDON AND LIVERPOOL.

London, Oct. 26.-There was no important change in the cattle market, prices being steady all round. Choice States sold at 11c, Canadians at 9c to 10c, and sheep at 10c. A private cable received from Liverpool noted an advance of 1-2c per lb in the price for both cattle and sheep, as compared with this day week. Choice American steers sold at 10 3-4c, choice Canadians at 9c to 10c, and sheep at

10 1-2c. A private cable from London quoted good States cattle at 11c, Canadians at 10c and sheep at 10c.

Messrs. John Olde & Son, live stock
salesmen, of London, England, write

Wm. Cunningham, live stock agent, as follows: The supplies were very short at Deptford today, only 907 States cattle being for sale, but last Monday's prices could barely be maintained, as the dead meat supplies forwarded from Liverpool during the last few days have been exceptionally heavy. States cattle realized 5 1-2c to 5 5-8c. The supplies of sheep consisted of 1,110 from South America, which had been withdrawn last Monday and for which the prices were without alteration, realizing 5d to 51-4d.
